The Municipal Corporation of Greater Mumbai
The Mumbai Metropolis has a historic tradition of strong civic activism dedicated to the cause of a better life for all its citizens. And it's the Municipal Corporation of Greater Mumbai (MCGM), the primary agency responsible for urban governance in Greater Mumbai.
From the time of its establishment in 1882 as India's first municipal corporation, numerous non-political groups, NGO's and organizations of citizens have worked closely with the civic body in the fields of education, public health, creation of urban amenities, art and culture, heritage conservation, etc.
MCGM is one of the largest local governments in the Asian continent.
