## INTRODUCTION

### **Right to Information Act, 2005**

This handbook of **“Right to Information Act, 2005”** is prepared to facilitate the implementation of the act by giving information about the Pest Control Department A ward to the Citizens.

#### **Objective**

- The Objective of this handbook is to provide information to citizens and transparency of information.
- All Citizens shall have the right to information.
- A person who desire to obtain any information under this act, not available in this hand book shall make request in writing in English, Hindi or in Marathi, accompanying such fees as may be prescribed, to the **Public Information Officer** of this department specifying the particulars of the information sought by him or her.

All the information furnished in the manuals is subject to addition, alteration and modification as and when necessary.

## Section 4(1) (b) (I)

### The particular of function & duties of the public authority

1.	Name of the Public Information Officer	Pest Control Officer
2.	Address	Office of the Pest Control Officer, 74 Mint Road 1 <sup>st</sup> Floor MCGM Bldg Fort 400001.
3.	Head of the Office	Insecticide Officer
4.	Parent Government Department	Public Health Department
5.	Reporting to which Office	Assistant Commissioner, A Ward
6.	Jurisdiction Geographical	L T MARG NORTH, NAVY NAGAR, COLABA DANDI SOUTH. N S RD WEST, P DMELLO BPT EAST
7.	Mission / Vision	To keep vector borne disease incidence at its minimum.
8.	Objectives	To control mosquitoes, Rats, House Flies etc.,
9.	Functions	Vector control in A ward's area
10.	Details of services provided ( In brief)	Antilarval, Antiadult, Rodent Control, Antifly treatment.
11.	Physical assets (Statement of lands & Building and other Assets)	Nil
12.	Organization's structural chart	As per separate sheet attached
13.	Tel. Nos. & office timings	Telephone No.22695091 Email : pco.a@mcgm.gov.in Office Timing: 7.00am to 2.00pm and Break duty timing is 3.00pm to 5.30 pm (Monday to Saturday) 7.00am to 2.00pm on 2 <sup>nd</sup> and 4 <sup>th</sup> Saturday Visiting Hours: 3.00pm to 5.00pm (Monday to Saturday except 2 <sup>nd</sup> and 4 <sup>th</sup> Saturday)
14.	Weekly Holidays	Sunday and Public Holidays.

Section 4(1) (b) (I) Contd..

**ORGANISATION CHART OF PEST CONTROL DEPARTMENT 'A' WARD**

**Ward Level:**

Sr. No.	Particular	Schedule Staff	Existing Staff	Vacant Staff
1	Pest Control Officer	1	1	0
2	Clerk	1	1	0
3	Supervisory Junior Overseer	1	1	0
4	Junior Overseers	10	10	0
5	Fogging sub Inspector	1	1	0
6	Disinfectant Sub. Inspector	3	0	3
7	Superior field Worker / Mukadam	3	3	0
8	Labour / Field Worker	76	72	4

**Particulars of organization, functions & duties**

**BRIHANMUMBAI MAHANAGARPALIKA  
PUBLIC HEALTH DEPARTMENT  
INSECTICIDE BRANCH**

**(1) INTRODUCTION :**

The Insecticide Branch of public Health Department is a derivative of the original Malaria Department, established in the then Bombay Municipal Corporation as per recommendations of Dr. C.A Bentley, who took over the investigation in process regarding malaria by his military predecessor since Capt. F.V. Mackie, I.M.S. (1908) & Capt A.G. Mc Kendrick, IMS (1909) & Others.

As originated from the malaria problem of Mumbai and also as a present need, malaria eradication remained the soul behind the functioning of the department. At present, however, the department is functioning in a very diversified manner, but retaining its original Identity by keeping malaria as the top and constant priority.

**(2) FUNCTIONING :**

The task of malaria vector control is directly undertaken by the governments of states, whereas mosquito nuisance control is an obligatory duty of the local self government bodies. In case of Mumbai both the problems are dealt with by the Municipal Corporation of Greater Mumbai.

Priority-wise various functions of the insecticide branch are as follows:-

- (A) Malaria vector control.
- (B) Dengue hemorrhagic fever vector control.
- (C) Mosquito nuisance control (Filaria vector)
- (D) Fly control.
- (E) Rodent and flea control.
- (F) Cockroach control.

**Ward :- 'A'**

**Area :- 12.5 Sq. Km**

**Population :- 4,48,432 (2001 Census)**

**Boundary :-**

**East – P D mello Rd, BPT BALLLARD PEAR**

**West - N.S. ROAD**

**North - L.T.MARG**

**South - NAVY NAGAR, COLABA DANDI**

#### A) MALARIA VECTOR CONTROL :

Malaria is a communicable disease caused by certain parasites of the Genus – Plasmodium. It is caused by the bite of an infected female Anopheline mosquito.

The statement of Major G. Covell in his report “ Malaria in Bombay, 1928 “Is equally true even today with all the great changes in the area, population, living habits, standard of living and development with fast urbanization of the city of Mumbai.

“There is no natural malaria in Bombay. The chief reason being the absence of natural streams. Anopheles stephensi is the only species of mosquito which plays any appreciable part in the transmission of the disease in the island, and its breeding places are exclusively man made as was explained in an earlier chapter, this mosquito is the one malaria carrying anopheline in India which is able to adapt itself to life in a large city in the case of other carriers facilities for breeding suitable to their needs are not produced in urban areas. But A. stephensi is the great well and cistern breeder of India, and unless this breeding places and others of a similar nature are rendered permanently mosquito proof it will continue to flourish even in the heart of the city. “

Based on the above facts and also that A. stephensi requires fresh water, preferably constantly renewed, or water bodies which are in darkness or constantly exposed to sunlight to breed in .Mosquito vector control is sequentially designed as below :

- (1) Reduction of breeding sources
- (2) Engineering methods – Major and minor for total elimination of breeding potentialities
- (3) Biological methods – zoological & botanical
- (4) Chemical Methods
- (5) Legal methods

Community participation is an indispensable factor in any public health program. In metropolis like Mumbai no administration can depend on community participation based only on public education especially when it comes to malaria. Considering the scientific facts involved in vector mosquito biology, mandatory participation of community is achieved by adopting legislative measures the then state of Bombay was the first government to adopt and implement Legislative measures for the control of the vector mosquito.

**SECTIONWISE BOUNDARY OF P.C.O 'A' WARD**

Ward	SECTION NO.	SECTIONWISE BOUNDRIES
A	1	Best marg,Ramchandra Marg,Mery Whether Road, Henry Rd, wuldon rd, garden rd, oliver path, Auther Bunder, Stand Rd, Kargutkar Marg,Brahamkumari road. Lala nigam Rd, Jamshetji Bunder, Colaba Mrk, S.B.S Marg, Indumati Sakrika Marg,Koli lane 1 to 5 Rajewadkar street

**Section 4(1) (b) (I) Contd..**

**(A) DENGUE HAEMORRHAGIC FEVER VECTOR CONTROL :**

There are 2 species of Aedes mosquito in Mumbai which can play a role of vector in dengue (Dengue Hemorrhagic fever virus transmission from an infected person to a healthy person). Fortunately the habit and habitat of these species of mosquito are such that, mere reduction of temporary breeding places along with confined thermal fumigation even can work as a method of total relief during monsoon or focal outbreak.

**SLUM PROFILE – ‘A’ WARD**

<b>SECTION NO</b>	<b>NAME OF SLUM</b>
1	Aazad nagri, sundar nagari, darya nagar, sudam nagari and koli lane
2	Colaba dandi,
3	.No slum
4	No slum
5	No slum
6	GT hospital compound
7	No slum
8	No slum
9	Ramgad slum,
10	Shiv shakti nagar, Garib Janta Nagar, MP nagar
11	Geeta Nagar, Ganesh Murti Nagar 1 to 5, Ambedkar Nagar, dhobighat, Ambedkar Nagar Transit Camp, Amedekar Nagar Sankaran shibir, Shivsrusti Nagar, and Macchimar nagar 1 to 5

**(C) MOSQUITO NUISANCE CONTROL ( FILARIA VECTOR )**

In case of nuisance causing mosquitoes, the major role is played by Culex quinquefasciatus which is also vector species for Filaria. This species is a typical breeder of polluted water. The breeding sources are open channel drains, Nullahs, Septic tanks, low lands, grass plots, Aqua Privies, Storm water entrances etc. The selection of method for the control of this mosquito more or less remains the same as those of malaria vector but differs with the size and nature of breeding sources.

(D) FLY CONTROL:

Flies are the commonest and most familiar of all insects which in close association with man and occur throughout the year abundantly. Flies should be regarded as a sign of insanitation and their numbers as an index of that insanitation.

The fly *Musca domestica* found in Mumbai is called as housefly. Its breeding places varies from fresh horse manure, garbage to decaying foods and vegetables. They are prevalent near dwelling houses, restaurants, hospitals, cattle shades, slaughter houses, dumping grounds, markets etc. The span of metamorphosis of fly is variable as per the environmental conditions and nature of breeding grounds.

The flies transmit diseases like typhoid. Diarrhoea, Dysentery, Cholera, Gastro-enteritis, etc. The control of flies can be achieved by using various types of Insecticides in operational methods ranging from residual sprays, space sprays and dusting. However, constant control can be achieved by eliminating their breeding places and by bringing an overall improvement in the environmental sanitation.

WEEKLY ANTIFLY PROGRAMME OF PCO 'A' WARD FROM

LOCALITY ( Squad No. 1 )	DAY	LOCALITY ( Squad No. 2 )
Municipal Head office	Monday	Sahakar bhandar, wood house rod, best path, kuprej road, mk road, lalit bldg, macchimar parisar, harajimal somani marg, new excel cl;, dn road, Ent hospital
Municipal Head office	Tuesday	Best Marg, merry whether Rd, Garden rd, arthar bunder road, sabusiddhik road, Shivaji mandai, fule mandai, sitaram bldg, rangbhavan, Lt marg, .
Municipal Head office	Wednesday	Colaba mkt, azad nagari, sundar nagari, stand Cinema, Barrek road, liberty cinema, bel hevaven Income tax office nd area
Municipal Head office	Thursday	J.B. Bhosale Marg, Minister bunglows NCPA garden, fule nagar, Shivaji nagar, Mint road, apna bazar, old custom house, potdar chember , bazar gate and Bora bazar
Municipal Head office	Friday	Colaba pumping, N.M.Rd, NA Sawant road, Sasun Dock, karnak bunder, St george Hospital, kalikat street, ballard pear and P.D. mello road
Municipal Head office	Saturday	Ganesh murti nagar, Ambedkar Nagar, Dhobighat, G.D Somani Marg, Churchgate Stn, ABCD Road, Wankhede stadium,

**(E) Rodent and Flea Control:**

Rats are a part of man's environment and because of its close association, they are not only hazard to health but also cause great damage to buildings, food and other commodities. Apart from its nuisance value, rat is responsible for diseases like Plague, Rat-bite fever, Salmonellosis (Food poisoning), etc. Mumbai has remained an active port since Historical times and hence is in constant danger of Plague epidemics. During the Plague threat of 1994 in Mumbai, this branch has played a very important role in preventing the probable entry of Plague incidence in Mumbai. The invention of anti-plague vaccine was done at the Municipal Rat Destruction Unit at Haffkine Institute, Parel. Regular sampling of various Rat species for ascertaining the Index of the vector flea and dissection to assess the susceptibility to plague bacilli is carried out.

**The common species of rats in Mumbai are:-**

- 1) Rattus rattus :- Roof Rat
- 2) Rattus norvergicus:- Sewer Rat
- 3) Rattus wroughtoni :- House Rat
- 4) Bandicota bengalensis :- Field Rat
- 5) Bandicota indica & Bandicota Gegantia :- Field Rat
- 6) Mus musculus :- House Mouse
- 7) Suncus caeruleus :- Comman House shrew
- 8) Suncus murinus :- Shrew

The common methods of rat destruction are Physical and Chemical.

Additionally Night Rat Killing is an unique method of rat control used only in Mumbai.

**RAT LABOUR BOUNDARY 'A' WARD**

LABOUR 1:- MCGM HO, GT HOSP, KAMA HOSP, ENT HOSP, AAZAD MAIDAN & CROWFORD MARKET

LABOUR 2 :- BORA BAZAR, BAZAR GATE, MODI STREET, ST GEORGE HOSP, AND BALLARD PEAR

LABOUR 3 :- A WARD OFFICE, MINT, OLD CUSTOM HOUSE MUSEUM, CITY CIVIL COUT , HIGH COUT, MUMBAI UNIVERCITY

LABOUR 4: CUFF PARADE, MARINE DRIVE, VIDHAN BHAVAN, MANTRALAYA, ABCD ROAD, AND CHUCHGATE

LABOUR 5: REGAL CINEMA, TAJ MAHAL, COLABA TO NAVY NAGAR, TIFR

LABOUR 6: BADHWAR PARK

**(F) Cockroach Control:**

De-cockroaching activity is carried out only in City wards i.e. A to G ward. It includes chemical treatment of inspection chambers in selective localities. This activity also has public health significance as cockroach is mechanical carrier of infection. In A/Ward decockroachry treatment is complaint oriented

## Section 4(1) (b) (II)

### Powers and Duties of Officers and Employees

#### Delegation of power to the Pest control Officer

##### A

Sr. No.	Designation	Power – Financial	Under which legislation / rules / order / GRs.	Remarks
1.	Pest Control Officer	Power to sign payment and adjustment vouchers against the previous sanction of the competent authorities to limit of Rs. 1000/-	MMC Act 1888, u/s 253, 274(1)(1A), 375A, 381, 381A, 381B, 483, 488, 517(1)(a)

<b>Sr. No.</b>	<b>Designation</b>	<b>Duties – Financial</b>	<b>Under which legislation / rules / order / GRs.</b>	<b>Remarks</b>
1.	Pest Control Officer	Nil		
2.	Clerk	Nil		
3.	Supervisory Junior Overseer	Nil		
4.	Junior Overseer	Nil		

**B**

<b>Sr. No.</b>	<b>Designation</b>	<b>Duties – Administrative</b>	<b>Under which legislation / rules / order / GRs.</b>	<b>Remarks</b>
1.	Pest Control Officer	1. To formulate the plan of work for the control of insect pests and to organize the work in the ward.	MMC Act 1888, u/s 253, 274(1)(1A), 375A, 381, 381A, 381B, 483, 488, 517(1)(a)	
		2. To direct and guide the staff under him in day to day work.		
		3. To keep the ward area under constant surveillance to know the sites of mosquito breeding and rat infestation to enable to take control measures.		
		4. To organize and execute rat control work in the ward according to seasonal variations in the pattern of work.		
		5. To organize and supervise antily work; intensifying antily campaign during monsoon months.		
		6. To organize and supervise insecticidal fogging work on the basis of the field inspections.		
		7. Monsoon actions, inspections, service of notices, accepting advances and rendering insecticide treatments for control of mosquitoes in private/commercial premises during monsoon months/during the fair season on the basis of actual inspection.		

		8.To attend to disinfestations of premises in case of epidemic spread of diseases like plague, cholera, typhoid, polio, Diarrhea, etc.		
		9.To survey and detect malaria vector species of mosquitoes in their larval and adult stages and to take adequate measures for their control.		
		10.To organize and execute a focal indoor residual spraying in the locality as per specific orders from the Insecticide Officer.		
		11.Attending ward committee meetings, etc.		
		12.To organize and execute indoor residual spraying according to the directive of NAMP.		
		13.To participate in the filarial survey as and when required.		
		14.To procure and stock pesticides and spraying equipment and to effect control over the use of pesticides.		
		15.Field observations and supervision of ensuring effective kill of pests with optimum dosages of pesticides.		
		16.Controlling ward stores.		
		17.To attend to complaints from the public and to direct and instruct the staff for redressing their grievance through the Public redressal system at Civic Facility Centre.		
		18.To initiate statutory actions under the provision of B.M.C. Act and to do follow up work (attending courts in the contested matters).		
		19.To establish contract with the officers of other Departments and to get the required work done from them for effecting source reduction of various pests.		
		20.To maintain liaison with The Asst. Municipal Commissioner of the ward for day to day functions and performance.		
		21. To attend to routine office work and correspondence.		
		22. To check and maintain account, books treatment memo of payment treatments and other registers.		
		23. To inspect and certify the mosquito proof condition of the newly installed cisterns as per 'P-Form' requirement and maintain proper record.		

		24. To supervise the working of staff under him and to take disciplinary action in consultation with zonal A.I.O., Dy. I.O. and I.O. for effecting proper working.		
2.	Clerk	1.To maintain seniority list of Labour / Sup. Staff		
		2. Issue of office orders, pertaining to Promotion / Reversion / Appointment		
		3. Maintaining leave records of Lab. Staff where SR in in Insecticide Office		
		4. Preparing monthly pay rolls pf employee working in I.O.'s office		
		5. Submission of Scholarship record of the employees children every year.		
		6. Preparing P.F./ Pension claims of the superannuated ? Death cases of employees.		
		7. Put up the P.T. case of the Ex. Employee whose death occurred while in service.		
		8. Preparing Impress bill		
		9. Insecticide bill.		
		10. Preparing allocation and bills of the work pertain to Insecticide office.		
		11. Taking inventory of stock and maintaining stock register		
		12. Maintaining dead stock register		
		13. Maintaining Plant & Machinery register		
		14. Preparing bills for Insecticide treatment		
		15. Preparing bills market Insecticide treatment		
		16. Preparing bills BEST B.P.T. treatment		
		17. Maintaining service record of the employee working under Insecticide department		
		18. Maintaining leave/records		
		19. Certification / sanctioning leave		
		20. Preparing yearly /quarterly report of the superannuated employee of Insecticide department.		
		21. To observe the M.S.R. while grant of leave in the cases of Extra ordinary injury leave & Cancer and Infection disease.		
		22. To make entries of each & every papers received in the office		
		23. To give the number serially and handed over to concerned authority		
		24 To maintain watch case register		
		25. To maintain M.C.L. A/B/C' register		
		26. preparing the weekly abstract of the receipt & disposal of the papers		

		27. Maintaining record of S.R. including R.P. F.P. given to the parties date month & year wise.		
		28. Maintaining register of cash received under Right of Information Act 2005		
		29. To close the number and send the papers outward		
		30. To maintain postage register		
		31. To maintain RTI register.		
3.	Supervising Junior Overseer	1. <u>Muster</u> : To take the muster of entire labour staff of the ward twice a day i.e. in the morning and in the afternoon.	u/s 68, 483, 253, 274(1) (1A), 375A, 381,381A, 381B, 488	
		2. <u>Labour arrangement</u> : To arrange daily labour distribution from available staff for the day, after taking into consideration the absenteeism.		
		3. <u>Stores works</u> : a).Issue of insecticides and suitable equipments according to their daily program needs twice a day. b).To assist P.C.O. in procurement of supplies of insecticides and equipments in due time. c).To receive different items of consignment of insecticides from the transport contractors. d).To attend Sewree Oil Installation to receive Mosquito Larvicidal Oil. e).To maintain stores ledger in up-to-date manner. f).To issue spray equipment and other implements to staff and to receive it back at end of day after due checking. g).To arrange for repairs to equipments and to maintain them in good working condition. h).To maintain Dead Stock Ledger in up-to-date manner.		
		4. <u>Transport arrangement</u> : To contract with garage, to arrange substitute vehicle whenever needed, ensuring regular vehicular attendance.		
		5. <u>Office work</u> : a).To supervise and ensure up-to-date maintenance of all registers by J.O.'s. of the ward. b).To arrange attendance of Court cases of the ward.		

		<p><b>6.Reports :</b></p> <p>1).To get the daily summary reports filled in from the respective J.O. of all sections.</p> <p>2).To maintain register of malaria cases focal spraying and to prepare periodical reports under N.M.E.P. and to put them up to P.C.O.</p> <p>3).To prepare monthly performance budget reports of all activities.</p> <p>4).To gather and consolidate the information and prepare various periodical reports.</p> <p>5).To supervise the office working of J.O., D.S.I., F.S.I.</p> <p>6).To organize routine work in absence of P.C.O. of the ward.</p> <p>7).To assist P.C.O. of the ward as and when required as per his directions and</p> <p>8).To carry out any other assignments as per direction from P.C.O./A.I.O./Dy. I.O./I.O.</p>		
4.	Junior Overseer	1. The J.O. has got an area which is divided into six blocks and a block is inspected daily so that he complete his round of the whole area in one week for ground work	u/s 253, 274(1)(1A), 375A, 381, 381A, 381B, 483, 488.	
		2. The section is divided in such a way that the storage tanks on the terraces and lofts of buildings are inspected once in a six weeks. The J.O. puts chalk mark on his date of inspection on the cisterns which should tally with the dates shown in the visit book, field book and crusade book.		
		3. The J.O. treats all collections of water in such places as storm water entrances, choked gully traps, pits depressions, foreshore pools, wells and open channel drains which are likely to breed mosquitoes, once every week.		
		4.He samples all Anopheles and Aedes breeding detected and forwards the same to the Laboratory for identification along with all relevant date such as nature of breeding places, etc.		

		5. Whenever to finds a drain line choked and causing accumulation of sewage or sullage, he makes a reference to the drainage dept. Under intimation to I.O. on the usual printed Proforma.		
		6. He makes out a reference to the Water Inspector of the division concerned whenever he finds any leaking hydrants on the usual printed proforma under intimation to I.O. He also reports the cases of unauthorized water connections to the cisterns whenever detected in this inspection.		
		7. On his inspection the records his findings on (i) N.M.P. cisterns (ii) N.M.P. wells (iii) O.C. drains (iv) Construction plots and Open Masonry tanks, and launches action under section 381. He also starts action under section 274, whenever a cistern or premises is found inaccessible.		
		8. He takes instructions from P.C.O. on the technique and usage of the various formulations of insecticides, generally at an appointed time once every week and also as and when required.		
		9. Under instructions from P.C.O. he attends to complaints and sees what suitable action is always taken to redress the grievances. After having done, so he obtains a certificate signed by the complainant; to that effect in the field book.		
		10. He reports to the P.C.O., Head Office regarding compliance/non-compliance of notices. He attends court cases and prosecutions and proceed with after conviction actions whenever the requisition are not complied with during the first prosecution.		
		11. He inspects ornamental tanks, fountains and retained open wells, tries as many dips as necessary to detect breeding and stock these situations with larvivorous fishes Gambusia and Guppy whenever found necessary.		

		12. During and prior to the monsoons, he notes down all private premises where depressions, pits, queries, and odd containers are observed and starts action under Section 381. He induces the parties concerned to deposit the required amount of money for rendering insecticide treatment on payment, so as to arrests & destroy mosquito breeding. In such cases where the deposits are received in the Head Office, he renders treatment to the water collections and keeps a record in the monsoon action treatment register.		
		13. He maintains proper record of the treatment rendered amount of deposit used and puts up refund memo at the end of monsoon.		
		14. He maintains an account of quantity of insecticides used daily.		
		15. He serves notices, summonses and memos received for service from other wards, and reports compliance within a reasonable period.		
		16. He Executes warrant with the help of police.		
		17. He maintains a field book of the work done in the field.		
		18. He carries out any other work that he may be called upon to perform by his superiors in connection with his duties.		
5.	Junior Overseer (Rat)	1. To get himself apprised of rodent infestation of various localities	u/s 253, 274(1)(1A), 375A, 381, 381A, 381B, 483, 488.	
		2. To prepare program of rodent control work in accordance with the policies and guidelines set by the Asstt. Insecticide Officer.		
		3. To supervise the working of labourers, Superior Field Workers and Field Workers.		
		4. To keep record of the work done and to submit periodical reports.		
		5. To attend to complaints of rat nuisance and to take suitable action for redressing of grievances.		
		6. To maintain dead stock and rodenticide registers up-to-date.		
		7. To keep control over the consumption of rodenticide.		
		8. To maintain equipment in perfect working order.		

6.	Fogging sub-Inspectors	1. To draw advance program of fogging operations so as to cover all the wards during the month, special attention being paid to areas infested.	488	
		2. To attend to complaints asking for fogging operations as directed.		
		3. To communicate intimation of fogging, by P.C.O., program to various Councilors concerned.		
		4. To maintain accounts of Insecticides received by him and consumed in fogging operations.		
		5. To supervise the fogging operations and watch for results.		
		6. To undertake fogging inside the premises on payment of schedule fees.		
		7. Whenever any odd services are necessary, F.S.I. is required to arrange for fogging even at night time.		
		8. To prepare varied formulations for fogging.		
		9. To keep a check over his staff and report any irregularities if and when noticed to P.C.O.		
		10. To arrange to maintain the fogging equipment and see that they are kept ready in order for the operation any time.		
7.	Dis-infestation sub-inspectors	1. To keep the record of potential fly breeding places such as dustbins, refuse dumps, municipal/private markets slums, and to arrange anti fly spraying according to program and instructions received from the Pest Control Officer.	488	
		2. To keep daily record of the Insecticide consumed.		
		3. To arrange disinfection of premises from where cases of fly borne diseases are reported.		
		4. To attend to complaints of insect nuisance received from citizens in his best.		
		5. To render Pest Control treatment to private premises under Pest Control Officer's instructions and to prepare and forward bills for signature to Insecticide Officer.		
		6. To render Insecticide treatments to places in respect of which deposits have been received and to keep proper record of such treatments.		
		7. To carry out decockroaching work by opening inspection chambers and manholes of sewer systems.		

8.	Superior Field Worker	1. To supervise the removal of aquatic vegetable from water ponds, low-lying lands, etc.	488	
		2. To supervise channelization of Nallahs & water courses to avoid breeding of mosquitoes.		
		3. To supervise treatment of mosquito-genic places.		
		4. To participate in Filaria Blood Survey as and when arranged (Applicable to Superior Field Workers only).		
		5. To keep records of the insecticide consumed, work done, etc.		
		6. To attend to any other work connected with mosquito/Filaria control program.		
9.	Superior Field Worker (Antifly)	1. To supervise treatment of fly infested sites such as Markets, Dumping grounds, Dustbins, Refuse vehicles, Refuse wages, Motor loading spots, etc.	488	
		2. To maintain records of work done and insecticide consumed.		
		3. To attend to any other work connected with anti-fly measures.		
10.	Superior Field Worker (Rodent Control)	1. To supervise & setting of 30 nos. of Rat traps /Labour.	488	
		2. To supervise checking of 'set rat traps'		
		3. To supervise collection of Rats from set rat traps and their disposal.		
		4. To supervise poison baiting according to direction given by the supervisors.		
		5. To maintain records of equipments, pesticides, rodenticides and field operations.		
		6. To attend to any other work connection with the Rodent Control Program.		
11.	Rat Labourers	1. Setting of 30 number of Rat traps daily.	488	
		2. To guide the aggrieved citizens about domestic setting of rat traps.		
		3. Checking of set Rat Traps.		
		4. Collection of Rats from set Rat Traps.		
		5. Poison baiting of 200 rat burrows, according to direction given by superiors.		
		6. Any other work connected with the rodent control program.		

		7. To carry out mass trapping and complaint trapping as per need of situation.		
		8. To collect trapped live rats and kill those by immersing in water at ward store.		
		9. To carry dead/live rats at Haffkine Institute at M.R.D.E. Parel.		
12.	Night Rat Killers (NRK)	1. Clubbing and killing of rats during night hours with the help of club and torch by moving in areas of high outdoor rat infestation.	488	
		2. Club and kill 30 numbers of specified outdoor species of rodents daily.		
		3.To produce 30 number of freshly clubbed and killed rats at the mustering chowky of Pest Control Officer in the appointed ward.		
		4.To compensate the shortfall if any within 3 working days.		
		5.To carryout night rat killing operation as per the operations of Superiors in the appointed area.		
		6.To demonstrate night rat killing methods to new recruits or trainees as required and Press Media if official permission is obtained.		
13.	Malaria Labourers	1. To assist the senior officers J.O.'s, DSI's etc. for detection of mosquito larvae from suspected breeding places such as water collection in ditches, cisterns, ponds, wells, fountains etc., and do the work as per there order from time to time.	488	
		2. As per senior officers J.O.'s or DSI's instructions to make the arrangement of separate ladder (which is kept some where there) where permanent iron ladder is not available for the inspection of cisterns, cesspool manhole etc.		
		3. To carry the bucket & the kit bag containing pump, essential materials & Insecticide solutions all the time while accompanying the senior officers, J.O.'s or DSI's.		
		4. To properly spray the Insecticide solutions on permanent or suspected mosquito & fly breeding places as instructed by the superiors.		
		5.To apply necessary Insecticide treatment (if required) by opening the lids of manhole, cesspool or septic tank for the detection of the breeding places of mosquitoes and flies and there prevention.		

		6. Keeping clean the drains & nearby areas by uprooting the bushes in the vicinity because these drains and nearby dirty areas may be the suspected breeding places for mosquitoes, flies etc.		
		7. To render Insecticide treatment in drains with the help of material available for destroying the breeding places of mosquitoes etc. and stopping the recurrence of the same. To fill-up the ditches in the drains with earth to avoid the clogging of water and to maintain continuous flow of the drainage water. Canalizations / creation of Nallas wherever required.		
		8. To render effective Insecticide spraying treatment using stirrup pump, power sprayer, knapsack sprayer and syringes at the existing or suspected breeding places of mosquitoes & flies. This can be done either alone or someone's assistance if possible.		
		9. To spray the MLO on the stagnant water surfaces, if required, with the help of the bucket, mop, cotton ball etc.		
		10. To prepare any Insecticide solution in the office or in the section & to bring the water for the preparation of the same & to do the insecticide spraying as per the orders of the superiors.		
		11. To load & unload materials & other things required in the day to day work provided from one ward to other ward and vice versa as per the orders.		
		12. To carry out any preventive measure or work assigned in the MCGM limits for the destruction or control of mosquitoes or other insects.

**NOT APPLICABLE**

## Section 4(1) (b) (xiii)

### PARTICULARS OF RECIPIENTS OF CONCESSIONS, PERMITS OR AUTHORIZATION GRANTED BY IT.

#### Technical Norms of granting permission of different water bodies Notice and requisitions

BRIHANMUMBAI MAHANAGARPALIKA  
PUBLIC HEALTH DEPARTMENT  
INSECTICIDE BRANCH

#### CONDITIONS /SPECIFICATIONS GOVERNING PERMISSION TO WATER STORAGE TANKS (CISTERNS)

REFERENCE :- SECTIONS 274, 274(A) &381(A) OF THE M.M.C.ACT.

##### The body of the tank :

- 1.The cisterns should be made of wrought iron, mild steel, R.C.C. or any other material sufficiently thick and strong to withstand the Wight of an average and when he stands the top of the tank.
- 2.The side sheet, the bottom sheet and the top sheet should be properly bolted or welded to leave no gaps or crevices at any point.
- 3.The top sheet of the tank should be propped by the permanent fixtures from the inside to prevent sagging. There should be no depression on the top sheet which is likely to hold or retain water.
4. The cylindrical tank should not be more than 2.25 mm in height including the height of the foundation on which it may be rest.
5. The cylindrical tank more than height should be installed horizontally or proper foundation.

##### The Manhole and the cover assembly.

The manhole cover should be fitted on the masonry elevation at least 12cm above the level of the top slab with it's collar rim grouted in the elevation with vertical bolts.

- 6.There should be a circular manholes on the top sheet and cast iron rim with collar should be firmly fixed on it.
- 7.The rim with collar should be cast in one place.
- 8.There should be no gap between the top sheet and collar. if gaps exist they should be caulked with lead wool or molten lead or any material approved by the certifying authority.
9. The manhole should have a properly fitting cap cover of the cast iron cast in one place.

Section 4(1) (b) (XIII) Contd..

10. The vertical edge of the cap cover should rest on the collar around the manhole with the rim of the latter toughing the inside of the cap cover to afford a double resting arrangement.

11. In case of masonry cisterns, the manhole collar ring should be visibly above the top level of the cisterns.

12. The cross bar of the cap cover should be short so that the hinge and the hasp is as close to the lid as possible to ensure proper closing of the lid.

13. The lid of the cisterns should always be reverted.

14. If the cistern is more than 3m long an additional manhole cover should be provided to facilitate sampling at all corners with a sampling device of 1.5 m length.

15. The feeding, overflow (warning) and take pipes should be provided with check nuts from inside and outside to prevent formation of gaps and to avoid leakage.

16. The overflow pipe should be protected at its free end by a perforated copper or brass plate, and the perforated plate should be within the hand reach to facilitate inspection.

#### The access.

17. All cisterns with height more than 1.2 m should be provided with a fixed sturdy iron ladder.

18. The upper end of the ladder should be firmly fixed to the top sheet. They should be provided with side supports.

19. The iron ladder exceeding 2.5m in height should be provided with side supports.

20. The ladder exceeding 8m in height should be provided with hand rails on both sides.

21. If access to the terrace is by means of a wooden staircase, it should not remain open and exposed to the sun and rain.

22. If the cistern is under some cover or shelter, there should be sufficient space between the cistern and the roof to enable easy inspection and sampling.

23. In the case of overhead water storage tank, sturdy and safe iron or R.C.C. platforms should be provided at suitable intervals, instead of straight ladder from bottom to the top.

#### The Suction Tank :

24. The top of the tank should be raised above the surrounding ground level by a minimum of 45 cm. If the depth of the suction tank is more than 8 feet then there should be provision of safe, easy and permanent means of access (without obstructing the proper closure of the lid cover) from top slab of the tank to the bottom of the tank

25. The pump room should invariably be connected to the house drains by means of a gully trap. The pump foundation hollows should be filled in to the top circumference.

#### SPECIAL REQUIREMENT:-

26. Horizontally installed cylindrical tanks should have a rectangular platform serving as Section 4(1) (b) (XIII) Contd..

the resting surface for cover assembly. The platform should be spacious to accommodate fixing of a ladder.

27. Vertically installed cylindrical tanks with convex top should have an appropriate railing along

the top of circumstance.

28. The manhole size and the cover assembly components should be of standard dimensions and easily available in the local market.

29. H.D.P.E. tanks should be so fabricated as to avoid any degree of sagging of the top after fixing of a cover assembly or on climbing over it during the inspection

30. The distance between the adjacent manhole cover and between any manhole cover and the side wall of the suction tank should not exceed 5 feet.

### Tanks

Sub: Issue and Renewal of 'NOC'/Approval for \_\_\_\_\_

A) Brand and model of water storage tanks already approved by the H.E. (as far as material and design is concerned); with respect to mosquito proofing and mean of access for inspection \_\_\_\_\_

Capacity upto \_\_\_\_\_ & Height up to \_\_\_\_\_

B) Lid covers with respect to design and material from mosquito proofing point of view.

Dy. H.E. (Maint.)

M/s. \_\_\_\_\_ have applied for 'NOC/Approval Renewal of 'NOC/Approval for their \_\_\_\_\_ brand water storage tanks and submitted necessary undertaking on Rs. 100/- stamp paper vide letter dated \_\_\_\_\_.

As far as this department is concerned, Renewal of 'NOC'/Approval is hereby given for the period of \_\_\_\_\_ Months from the date of expiry i.e. upto \_\_\_\_\_ for \_\_\_\_\_ brand water storage tanks, subject to fulfillment of following conditions of this department by the party.

- 1) No. \_\_\_\_\_ brand water storage tank will be sold or installed in the Greater Mumbai limits without complying each of the conditions specified in the 'Condition Memo' i.e. Item No. 1 to 29 of Insecticide Branch of Municipal Corporation of Greater Mumbai (Copy of Condition/specification memo attached herewith).
- 2) The capacity of the tank will not exceed \_\_\_\_\_ Ltrs.
- 3) The height of the tank will not exceed \_\_\_\_\_ as shown in the brochure/drawings (submitted by the party vide letter dt. \_\_\_\_\_).
- 4) No. \_\_\_\_\_ brand water storage tanks of capacity more than \_\_\_\_\_ Ltrs. and height more than \_\_\_\_\_ will be marketed or installed in the limits of M.C.G.M. without prior approval of Insecticide Officer and Dy. H.E. (Maint.) of M.C.G.M.

Section 4(1) (b) (XIII) Contd..

- 5) As required by M.C.G.M., the manhole cover will be of cast Iron circular with double resting and locking arrangement as per the memo of conditions. The cross bar shall be fitted to the cap cover with study nuts and bolts and not by screws. The ring shall be fitted on the top of the tank with heavy duty nuts and bolts will be of the standard pattern approved by the collar ring,

the lid cover and the cross bar fitted to the lid hinges of one end and the purpose of lock of the another and without leave any which is man these so as to render the entire arrangement perfectly mosquito proof.

- 6) As required by M.C.G.M., we manufacturer will provided a sturdy, safe from ladder with the tank with holder grips to the top ends. The top ends of the ladder will be firmly fixed by means of nuts and bolts and the bottom end will be fixed on the cement block.
- 7) All dealers/distributors and sub agents will also comply with the conditions as mentioned above at the time of every sale and installation being made by them in the limits of M.C.G.M.
- 8) Before marketing of tanks NOC/Permission from the hydraulic Engineer of MCGM in connection with the above tank shall be obtained.
- 9) No change in the tank in connection with the manhole cover assembly, ladder arrangement, upper surface of the tank, height etc. shall be made without prior permission of the Insecticide Officer and Dy. Hydraulic Engineer (Maint.) of M.C.G.M.
- 10) Where the height of the tank is more than 246 cms (in case of higher capacity tanks approved by I.O.), a protective railing should be provided around the top of the tank for easy access and safety inspection.
- 11) Any other condition that may be communicated by the Insecticide Officer will be complied with as and when required.
- 12) On expiry of the NOC/Approval, the same will be got renewed from the Insecticide Officer within the period of 1 month from the date of expiry.
- 13) If any of the above conditions and condition No.1 to 29 of condition/specification memo of Insecticide Branch is found to be flouted, the NOC/Approval or renewal of NOC/Approval shall be summarily revoked by Insecticide Officer.

Yours faithfully,

Insecticide Officer

**MEMO OF CONDITIONS FOR RAIN WATER HARVESTING SYSTEM**

To,  
The Insecticide Officer,  
Municipal Corporation of Greater Mumbai,

I agree to abide by the condition mentioned herein below:-

1. The rain water harvesting tank shall have top slab cover of RCC without any chinks or crevices between the top slab and the side walls, leaving circular manhole opening, not less than 45 cms radius and raised by 15mm, above the surface level of the top slab.
2. The shortest liner distance between the centres of such manhole openings should not exceed 250 cms from each other and from any corner or surface of the side walls from inside.
3. Every such manhole should be provided with a new properly fitting mosquito proof, hinged cast iron or polymer cover approved by the BMC.
4. The top slab should have proper centrifugal slope round the manholes towards the edges of the slab so as to prevent water accumulation thereon.
5. The well should be provided with water sealed rain water entrance, so as to isolate the inner surface of the water from the atmosphere. In case of water entrance through pipe; every such entrance should have water seal arrangement as mentioned hereinabove.
6. The existing open well, if used for the rain water harvesting system, it shall be covered with RCC slab and will be provided with standard pattern cast iron or polymer, mosquito-proof cover to render the well mosquito proof and will continue to maintain it in mosquito proof condition at all times.
7. The height of the parapet wall/side wall of the well/tank should be at least 45 cms above the surrounding ground level.
8. The mouth of the tube/ring well will be kept and maintained in mosquito proof condition at all times.
9. The notice board will be displayed and affixed in conspicuous point indicating that "WATER FROM THIS SYSTEM NOT FOR DRINKING PURPOSE".
10. The independent pipe line will be laid down painted in a conspicuous colour (RED) to the visible pipe fittings of the entire rain water harvesting system.
11. The water of the rain water harvesting system will not be used for the purpose other than permitted.

12. Adequate arrangements will be taken to dispose of waste water and spillage by connecting it to municipal sewer and will not be allowed the water to accumulate at/around the rain water harvesting system.

Section 4(1) (b) (XIII) Contd..

13. The municipal water supply and the water of rain water harvesting system will not be intermixed at any point and will be provided with a separate standard pattern mosquito proof tank TOTALLY ISOLATED FROM EACH OTHER, for storing water and also provided with safe, easy and permanent access.

14. The water pumped out or drawn from the system should not be tapped or used for any other purpose other than feeding a standard pattern mosquito-proof tank meant for non-potable purpose.

15. The tube/ring well will be closed sunk into ground until final fitting are provided with property fitting plug during the period when boring/construction operations are not actually going on.

16. All the pits, dug will be filled-in, in this connection with good earth after the entire rain water harvesting system is complete.

17. The water of the rain water harvesting system will be used only at the site and will not be transported outside the premises.

18. The responsibility of Maintenance of the rain water harvesting system should also be transferred to new owner society with the intimation to this office in case of transfer of the property.

19. The BMC, their officers and servants will be held harmless and indemnified from and against all losses, suits, damages, costs, charges, claims and demands whatsoever including claim under the Workmen's Compensation Act 1923, which the BMC, their officers and servants sustain or incur or become liable to pay be reason or in consequence of any injury to any person or to a third whether resulting directly or indirectly from existence and /or use of the said well water and well or occasioned through any accident or adverse effect.

20. A deposit of Rs. 1,000/- (Rs. One thousand only) shall be paid in the office of the Insecticide Officer, towards charges for treatments of the stagnation of sub-soil water during the construction of the rain water harvesting system.

21. The permission to use water of the rain water harvesting system shall be revoked at any time on infringement of any of the conditions mentioned hereinabove, thereby giving three days notice.

The above items will be binding on me/us, our administrators and assignees. I/We also comply with any other conditions of the other departments of Municipal Corporation of Greater Mumbai.

Yours faithfully,

MUNICIPAL CORPORATION OF GREATER MUMBAI

**Public Health Department**  
**Insecticide Branch**

**Permission to allow to retain Masonary tank for Industrial purpose**

1. The Masonary tank shall be provided with an outlet flushed with the bottom and capable of emptying the tank thoroughly and the same shall be connected to the municipal drain.
2. The tank shall be emptied and scrubbed thoroughly once a week positively on every block day and thereafter kept empty four twenty four consecutive hours.
3. The water in the tank shall not be allowed to stagnate so as to breed mosquitoes.
4. The staff of this department shall be allowed full facilities for inspecting the tank periodically and taking suitable steps to stop mosquito breeding.
5. The permission shall be summarily withdrawn for breach of any of the above mentioned conditions or for any other reason considering sufficient by the municipal commissioner or by any other officer empowered by him in this behalf.
6. Such measures as may be communicated to you from time to time by this office to prevent mosquito breeding in the tank shall be carried out.

Insecticide officer

**MUNICIPAL CORPORATION OF GREATER MUMBAI  
PUBLIC HEALTH DEPARTMENT  
Insecticide Branch**

**CONDITIONS GOVERNING PERMISSION TO COOLING TOWER**

1. The cooling tower when installed or constructed with its bottom at a height more than 1.2 meters, it should be Provided with a permanently fixed iron ladder ( the lower ends of which are embedded in a cement block and the upper ends curved and fixed to serve as hand grips) to facilitate sampling and inspection.
2. The bottom of the trough should be emptied and scrubbed thoroughly once a week.
3. The bottom trough should be provided with sufficient number of spouts or sprinklers to agitate the entire surface of water, from a minimum height of 2 meters.

Note:- Failure to observe any of the aforesaid conditions will result in revoking the permission and initiation of legal action.

**APPLICATION FORM FOR ISSUANCE RENEWAL OF PERMISSION FOR EXISTING / PERMITTED / NEW WATER FOUNTAINS / CASCADES ETC.**

**(I) EFFECT :**

The Policy in respect of issuance / renewal of permission for existing permitted / new water fountain / cascades etc. will come in to effect from \_\_\_\_\_

**(II) NEED FOR REGULATION :**

For Last many years fountains have been one of the main breeding spot for Anopheles mosquito, a vector for malaria in Mumbai. However since fountain / cascades etc. form an integral part of clean Mumbai & beautiful Mumbai, a need to re-consider the policy for granting permission to fountains etc. by implementing strict rules & regulation came forward. Municipal Corporation of Greater Mumbai therefore sincerely appeal to the applicants to follow the rules and regulations in this regard and co-operate the administration.

**(III) GENERAL NORMS :**

The permission for fountains / cascades U/s.381A(1) of M.M.C. Act. will be issued from the office of the Insecticide Officer, Chatrapati Shivaji Market Bldg., 4<sup>th</sup> Floor, Mata Ramabai Ambedkar Road, Mumbai-400 001.

**(IV) PROCEDURE FOR ISSUE OF PERMISSION TO NEW / EXISTING PERMITTED WATER FOUNTAINS**

**(a) Application**

An application form will only be issued to the Owner on payment of Rs.50/- in cash at Pest Control Officer's Office - (Appendix 'A')

**(b) Scrutiny Charges**

Scrutiny charges of Rs.200/- be paid along with the documents.

**(C) Document to be enclosed**

- 1) (i) Ownership document in the form of certified / attested copy of latest assessment tax bill & receipt / P.R. Card / copy of Index-II or any other authentic proof of ownership.

Section 4(1) (b) (XIII) Contd..

- (ii) Certified true copy of the set of blue prints of the plan approved by D.P.
- (iii) Sketch prepared by licensed Architect / Surveyor Showing
  - a. Vertical Section
  - b. Horizontal Section
  - c. Front elevation
  - d. Dimension & Capacity  
In liters of the sump.
  - e. Size & Position of the Manhole / Manholes of the balancing tank
  - f. Point of inflow to the sump should be through water seal, preferably one or more nahn traps.
  - g. Point of outlet to the drainage connection / soakpit.

(V) **PROCEDURE FOR PERMISSION**

- a) Initially provisional permission shall be granted to construct the fountain etc. on verification of the documents.
- b) Draft conditions are incorporated as appendix 'C' in this booklet and on physical compliance of the conditions mentioned in the memo, final permission will be issued on remittance and submission of the following.

**APPENDIX – C**

**Undertaking-cum-Bond of conditions governing Fountain Permission**  
**(To be submitted on Rs.100/- Stamp Paper)**

Draft conditions (framed under Section 479 (1) of the M.M.C. Act) governing the permission to be granted under Section 381 A (1) of the M.M.C. Act for Ornamental Tanks, Water Fountains, Rock Garden Fountains, Artificial Water Falls etc.

1. I/We am/are aware that the Construction or installation of any structure such as Ornamental tanks, fountains, ponds, garden tank, trough, channel, etc., where water is played or held shall not be permitted or allowed to be put up or constructed on upper floors, or on the terrace indoors.
2. I/We shall see to it that the bottom of such Ornamental tanks, fountains, ponds shall be above the ground level and sloping towards the outlet flush with the bottom to facilitate complete draining upto the last drop. The outlet shall be reconnected to the Municipal Drain.
3. I/We shall see to it that where the water is circulated and made to fall from a height over the troughs, cups or ledges, they shall be provided with adequate slopes to disallow any collection of water when the fountain stops playing.
4. I/We shall see to it that all the vertical and horizontal surfaces over which the water runs or falls shall be perfectly even and smooth to disallow formation of pockets likely to hold or trap water or in any way be a hindrance at the time of emptying.
5. I/We shall see to it that there shall be built in automatic arrangement to drain out entire quantity of water into a mosquito proof sump on every occasion the fountain stops playing for the day. The mosquito proof sump shall be provided with standard pattern Municipal approved cast iron cover of round shape and the sump should not have gap opening or crevice exceeding 1.5 mm.

OR

The entire quantity of water shall be drained out directly into the Municipal Drain, the moment the fountain stops playing in a manner stated under condition No. 2.

7. I/We shall see to it that the entire surface of water shall remain sprinkled or agitated when the fountain is being played.

Section 4(1) (b) (XIII) Contd..

8. I/We shall see to it that the whole system shall be kept dry once in a week on the day of inspection as would be communicated.
9. I/We shall see to it that no aquatic plants should be introduced or grown which may prevent observance of weekly dry day.
10. I/We am/are aware that only the person having legal possession of the premises is eligible for such permission and applications made by other persons such as Builders, Developers, Architects, Contractors, etc. will not be considered. Applications must accompany with proper drawings, plans of the intended structures showing in take and drainage arrangement for water, otherwise same will not be considered.
11. I/We am/are aware that the permission holder shall pay the prescribed fees for the issue of permission and renewal of the same for all subsequent financial years as will be chargeable in accordance with the schedule fixed by the Corporation and in force on the day of issue or renewal of the permission. Fees paid may be liable to be revised even after the issue or renewal of permission and in case if the same are revised by the Corporation, the permission holder shall then be liable to make good the difference of fee in accordance with an intimation in that respect which will be communicated to him, failing-which the permission will be treated as cancelled.
12. I/We am/are aware that the permission is valid from the date of issue till the end of March of the same year and it shall be renewable for every subsequent financial year.
13. I/We am/are aware that the permission, when its fees are received by an instrument will be valid only on realization of the instrument, till then, or, if the instrument is dishonoured on any account, the party concerned will be deemed to be without permission and will be dealt with as such.
14. I/We am/are aware that the permission fee is non-refundable.
15. I/We am/are aware that the permission holder shall get his permission renewed in the month of March every year for all subsequent financial years, on payment of prescribed fees. No notice will be given to him for renewal of permission. If he

Section 4(1) (b) (XIII) Contd..

fails to pay such fees within the stipulated time, he can still get his permission renewed if so allowed by the Competent Authority of the Corporation, by paying compensation charges as may be fixed by the Corporation in addition to the usual permission fees. In the absence of such payment the permission stands automatically cancelled and he will be liable for prosecution and his claim for renewal of permission shall not be considered.

16. I/We am/are aware that this permission does not absolve the permission holder from the obligations arising out of any other provisions of the Mumbai Municipal Corporation Act or other legislation in vogue and the permission is liable for suspension, revocation or cancellation, if so required in that connection.
17. I/We am/are aware that the permission holder shall not exceed or violate or in any way infringe the conditions of this permission. In such cases, the permission holder will be liable for prosecution and/or revocation of permission.
18. I/We am/are aware that the permission holder shall produce the permission for inspection purpose whenever demanded by duly authorised officer or offices of the Corporation.
19. I/We am/are aware that the permission holder shall inform the Insecticide officer in writing about any intended change in the permission at least one month in advance from the date of such intended change or from the date of expiry of permission whichever is earlier.
20. I/We am/are aware that the permitted premises shall be made available for inspection by the permission holder or his agent at any time to any duly authorized officer of the Corporation immediately whenever required.
21. I/We am/are aware that the permission holder is liable for prosecution and/or the permission will be liable for suspension or revocation if the permitted activity / activities is/are so carried on as to be or likely to be, in the opinion of the Municipal Commissioner or any duly authorized officer of the Corporation, a source of nuisance or danger to life, health or property.
22. I/We am/are aware that the suspension or revocation of this permission for any reason shall not prejudice or effect any claim or demand whatsoever of the Municipal Commissioner or any other Competent Authority of the Corporation, nor shall the permission holder be entitled in the event of the suspension or revocation of this permission to claim any refund of any payment whatsoever made by him hereunder, or to claim any damages against the Municipal Corporation of Greater Mumbai towards construction cost.
23. I/We am/are aware that the permission holder shall pay security deposit as may be prescribed from time to time (by the Corporation) for faithful observance of the conditions of permission and the same will be forfeited to the Municipal Treasury
24. Section 4(1) (b) (XIII) Contd..

at the discretion of the Municipal Commissioner or any other competent authority of the

Corporation in case of any of the conditions of this permission is infringed any time by the permission holder, or his agent or servant. The permission shall be treated as suspended till fresh security deposit is paid to Municipal Corporation. The permission holder shall also be liable for prosecution and/or the permission will be liable for suspension or revocation for such infringement of condition of permission.

24. I/We am/are aware that on expiry of permission or in case of its revocation the permission holder shall remove the structure within 15 days thereof, failing which the Municipal Corporation of Greater Mumbai, or officers empowered will be entitled to take necessary action to demolish and remove the same without any notice and to recover the demolition charges from permission holder.
25. I/We am/are aware that the permission is not transferable either as regards the persons to whom or the premises for which it is granted, without the written permission of the Competent Officer of the Corporation.
26. I/We am/are aware that if the permission holder decides to discontinue the activities for which the permission is granted, he shall forthwith inform the Insecticide Officer that he is about to do so or has done so.
27. I/We am/are aware that the Municipal Corporation of Greater Mumbai is entitled to add, alter or amend the conditions at any time at the discretion of the Municipal Commissioner or any other competent authority of the Municipal Corporation of Greater Mumbai. In such event the permission holder shall abide the modified and/or additional conditions.

The above conditions will be binding on me / us, Our administrators and assignees. I/We also comply with any other conditions of the other departments of Municipal Corporation of Greater Mumbai if any.

**SIGNATURE AND SEAL**

**OF THE APPLICANT /OWNER**

**MUNICIPAL CORPORATION OF GREATER MUMBAI**

Sub:- **Proposal for ascertaining procedures for permission to water fountains cascades / ornamental tanks / water falls etc**

Ref:- 1) Standing committee resolution no 396 Dt-31/8/05  
2) Municipal corporation resolution no 827 Dt-13/10/05

On 31<sup>st</sup> August 2005, SCR was passed for permitting water fountains / cascades, etc. against certain condition. There shall be three types of cases coming forward while implementing policy to permit fountains etc.

**Type – I** The fountains which were permitted prior to 1996 and their permission is not revoked.

**Type – II** The fountains which come into existence after 1996, but were not permitted and undergoing legal action

**Type – III** Proposed fountains yet to be constructed but shown in the building plans approved by DP.

**The procedures for permission is hereby proposed;**

- 1) Format of application with all the necessary information is designed and enclosed herewith on page No. C\_\_\_\_\_
- 2) The application form as a booklet will be available in the I.O office at the cost of Rs.50/- (Rs. Fifty) to be paid in cash
- 3) There will be scrutiny charges of Rs.200/ to be paid in cash at I.O office with the application format completely filled on along with the documents as prescribed below;
  - (i) Attested copy of the latest bill and receipt of the assessment tax paid at the office of A & C of the respective wards or extract of the proper registration card or extract of Index –II issued by the revenue department of GOM or any other authentic proof of ownership.
  - (ii) Certified true copies of the set of blue prints of the plan approved by D. P.
  - (iii) Sketch prepared by license architect / surveyor showing;
    - (a) Vertical Section
    - (b) Horizontal section
    - (c) Front elevation
    - (d) Dimension and capacity in Ltrs. of the sump
    - (e) Size and position of manhole / manholes.

- (f) Point of inflow to the sump through water seal.
  - (g) Point of outlet to the drainage connection/soak pit
  - (iv) Authority from the owner to Architect / L.P.
  - (v) Certificate from the architect in format enclosed as \_\_\_\_\_ in the booklet.
  - (vi) Certificate from the L.P. in the format enclosed as \_\_\_\_\_ in the booklet.
- 4) The Proposal will be scrutinized by the concerned A.I.O. and will be submitted to Dy.I.O. for orders to accept the deposit of Rs.10,000/-(Rupees ten thousand Only ) as per SCR. Following which AIO of the zone will sent intimation for payment of deposit to the applicant.
- 5) Provisional permission shall be then issued to the applicant and a demand of revenue shall be created at I.O. office in respective register.
- 6) The memo of condition [Page No. -----] shall be incorporated with the format booklet of application. The applicant has to submit on Rs.100/- stamp paper & comply with the conditions duly signed and with the stamp and round seal (in case of commercial establishment).
- 7) On receipt of the undertaking from the applicant the papers will be passed on to ward P.C.O. for further observation and process. The provisional permission shall be valid for 90 days within which the applicant has to comply with the conditions of the undertaking and intimate the same to the I.O. office. If the final permission is not obtained with this period the security deposit will be fortified and if there is any excavation or suspended masonry or fabricated work at the site, the applicant shall be liable for action u/s 381 or 381-A or both together as the case may be.
- 8) The PCO shall ensure that work of construction/ fabrication of the fountain is completed within 60 days and submit the report accordingly to A.I.O concern. Dy. I.O. / A.I.O. will visit the site and after confirming that the conditions incorporated in the undertaking are totally complied, I.O. will issue orders to accept the permission fees of Rs.3,000/- (Rs. Three Thousand Only).
- 9) On receipt of the above fees I.O. will issue final permission to the applicant.
- Section 4(1) (b) (XIII) Contd..
- 10) The Permission will be issued for one year only.

- 11) The permission will be renewed one month before the expiry and the renewal fees shall be Rs.3,000/- ( Rupees Three Thousand Only ) as per the SCR No.396 dt.31/08/05.
- 12) The penalty for delay in renewal is illustrated as per following chart.

Sr. No.	Period of delay	Percentage of Penalty	Penalty charges ( Rs.)
1.	First Quarter	25%	750/-
2.	Second Quarter	50%	1500/-
3.	Third Quarter	75%	2,250/-
4.	Fourth Quarter	100%	3,000/-

While obtaining the approval to procedure of permitting fountain, etc. It is pertinent to consider one very important issue that whether any fountain etc. having its status of being un authorized due to any reason, if remains in existence and causing severe damage to community health by repeated vector breeding and consequent transmission of a disease in a community; Then such fountain will certainly deserve immediate demolition by following due process of law. This has to be part and parcel of the permitting procedure and therefore will have to be included in the format of permission as a part of policy.

Sanction of A.M. C. e/s is therefore requested for;

- (A) To follow the procedure proposed hereinabove
- (B) To accept the charges for application form of Rs.50/- ( Rupees Fifty Only )
- ( C ) To accept the charges of Rs.200/- ( Rupees Two Hundred Only ) towards scrutiny charges of the application.

Administrative approval of AMC (e/s) is also requested for the following :

- (1) Form of application incorporated as a booklet submitted vide C\_\_\_\_\_ to C\_\_\_\_\_
- (2) To publish notification in the newspaper informing revised policy for the foundation.

Submitted Please,

Insecticide other (s/c)

Subject : Periodical inspection of the cisterns Nos. ....  
..... at .....

Sir,

Pest Control Officer, \_\_\_\_\_ Ward, reports that at his last attempt to inspect the water cisterns the terrace / traps door leading to them was found closed. No inspection was therefore possible.

This department has to inspect every week a collections of and receptacles for water such as wells, tanks, cisterns, etc., to ascertain if they are breeding mosquitoes and to take measures to destroy and prevent the same. Your cisterns must accordingly be inspected once a week.

I have, therefore, to request you to make arrangements to keep the said terrace / trap door open on every ..... between ..... to keep the key with some responsible person on the spot to enable the staff of the department to make the necessary inspection.

Yours faithfully,

Insecticide Officer
