SECTION-1
E-TENDER NOTICE

BRIHANMUMBAI MUNICIPAL CORPORATION

Hydraulic Engineer's Department

E-TENDER NOTICE

Subject: Replacement of 7.5 MVA damaged Transformer by 10 MVA Transformer with Allied Electrical work at Pise Substation.

THE BRIHANMUMBAI MUNICIPAL CORPORATION (BMC) invites e-tender on "Item rate" basis in Packet 'A', 'B' and 'C' system for the aforementioned work from the tenderers of reputed, multidisciplinary engineering organizations i.e. eminent firm, Proprietary / Partnership Firms / Private Limited Companies / Public Limited Companies / Companies who are vendors registered with the Brihanmumbai Municipal Corporation (BMC) in **Class 'A' as per new registration in Either Mechanical or Electrical category** and from the contractors / firms equivalent and superior classes registered in Central or State Government / Semi Govt. Organization / Central or State Public Sector Undertakings will be allowed subject to condition that, the contractors who are not registered with BMC will have to apply for registering their firm within three month time period from the award of contract, otherwise their Bid Security i.e. E.M.D. (Earnest Money Deposit) will be forfeited / recovered and an amount equal to Registration Fee of respective class will be recovered as penalty.

Bidding Process will comprise of THREE stages.

The application form can be downloaded from e-procurement system of Government of Maharashtra (Mahatenders) <https://mahatenders.gov.in>. The applicants not registered with BMC are mandated to get registered (Vendor Registration) with BMC for e-tendering process & also with Mahatenders & obtain login credentials to participate in online bidding process. will have to download Tender form, from the website mentioned above. The bidder has to fill in online format and upload information regarding Tender Online. Also, he has to download the Tender application form website, fill it and upload the scanned copy of duly filled form, along with required documents.

For purchasing the Tender documents, the bidders will have to get registered with e-tender portal (<https://mahatenders.gov.in>) for the e-tendering process and obtain login credentials to participate in the online Tender process. (The application form for BMC vendor registration can be downloaded from BMC's portal (<http://portal.mcgm.gov.in>) on payment of **Rs.1000+ 18% GST**.)

- i) To download the application form, for those applicants not having vendor registration, need to apply first for vendor registration at the office of CA(WSSD), Byculla,

Mumbai. (Note- Online vendor registration is available on BMC's portal <http://portal.mcgm.gov.in>)

- ii) Followed by Mahatenders login ID and password to be obtained from Mahatender portal <https://mahatenders.gov.in>
- iii) For e-tendering registration, enrollment for digital signature certificates and user manual, please refer to respective links provided in "Tenders" tab. Vendors can get digital signature from any of the Certifying Authorities (CA;s) licensed by controller of certifying authorities namely, Safes crypt, IDRBT, National informatics center, TCS, CUSTOMS, MTNL, GNFC and e-Mudra CA.

Name & Location of Work	Contract period
Replacement of 7.5 MVA damaged Transformer by 10 MVA Transformer with Allied Electrical work at Pise Substation. Tender No.2024_MCGM_1033672_1	6 Months

While submitting duly filled tender document on mahatender, bidder needs to pay total EMD amounting to Rs 7,39,000/- online through <https://mahatenders.gov.in> EMD is refundable in accordance to the relevant clause of bid document, exceptin thecaseof theselected Bidder whose Bid Security/EMD shall be retained. The Bidders will have to provide Earnest Money Deposit through the payment gateways while submitting the bids. The Bid shall be summarily rejected if it is not accompanied by the Earnest Money Deposit as mentioned above. The tender is available on e-tendering website <https://mahatenders.gov.in>. as mentioned in the Header Data of the tender.

TheApplicant has to prepare & submit Tender Documents Online on or before last date of submission as mentioned in tender notice.

- a) The Applicant should upload the documents in readable form, He should take trial of uploads by taking printout. The unreadable documents shall be treated as null & void. The remaining documents shall be evaluated. The decision of opening Authority regarding this will be binding to all applicants.
- b) The Municipal Commissioner reserves the right to reject all or any of the e- tender(s) without

assigning any reasons at any stage.

c) This Tender document is not transferable.

Packet A, B & C shall be opened on dates as mentioned in header data. All the responsive and eligible bidders if they so wish can be present at the time of opening of bids, in the office of Executive Engineer (M&E)Pise. The Packet C shall be opened if bids submission in Packet A & B satisfies/includes all the requirements and same are found acceptable to the Authority.

The Municipal Commissioner reserves the right to reject all or any of the e-tender(s) without assigning any reasons at any stage.

The dates and time for submission and opening the bids are as shown in the Header Data. If there are any changes in the dates the same will be displayed on e-procurement system of Government of Maharashtra (Mahatenders) [https:// mahatenders.gov.in](https://mahatenders.gov.in)

The Applicants interested for above referred works may contact the Executive Engineer (M & E) Pise at the following address on any working day during office hours.

OFFICE OF: Executive Engineer
(Mech. & Elect.) Pise
At Pise, Post Amne
Tal. Bhiwandi
Dist. Thane 421 302
Email: eemnepipcc.he@mcgm.gov.in
eemnemcgmipse@gmail.com

The applicants may wish to visit the site under reference located at **Pise, Post: Amne, Taluka: Bhiwandi, District: Thane. PIN -421302** and can collect the information of the present status from the department who has invited the bids.

BMC reserves the rights to accept any of the application or reject any or all the application received for above works, without assigning any reasons thereof. The information regarding above subject matter is available on e-procurement system of Government of Maharashtra (Mahatenders) Tendering website <https://mahatenders.gov.in>.

Tenderers are requested to submit and upload the tenders in time on or before the stipulated day so as to avoid rush at the closing hours. BMC will not be responsible for poor

connectivity of network / internet services / connectivity of servers / snag in system / breakdown of network / or any other interruptions. If any online information uploaded but not received by Bid creator (BMC) within stipulated time limit, BMC will not be held responsible at any cost and such bids can not be validated. Any online intimation / information asked to be submitted by Bidders/Contractors or sent to bidders/ Contractors, if not receiving or bounced back at the receiving end due to any problem in the server or connectivity, BMC will not be held responsible.

SECTION-2
ELIGIBILITY CRITERIA

ELIGIBILITY CRITERIA

1) Technical:

1. Tenderer shall be manufacturer of Power Transformer or their Authorized Representative having Electrical Contractors License issued by Govt. of Maharashtra and having experience of carrying work in 100 kV or above switchyard.
2. Tenderer shall submit documentary evidence for above along with tender.
3. The tenderer(s) in their own name should have satisfactorily executed the work of similar nature in BMC /Semi Govt. /Govt. & Public Sector Organizations during last seven years ending last day of month previous to the one in which bids are invited as a prime Contractor (or as a nominated sub-Contractor, where the subcontract had involved similar nature of work as described in the scope of works in this bid document, provided further that all other qualification criteria are satisfied)

a) Three similar completed works each of value not less than the Rs.2.22 Crore

Or

b) Two similar completed works each of value not less than the Rs.2.59 Crore

Or

c) One similar completed work of value equal and or not less than Rs.3.70 Crore

Similar work means the work of “SITC of H.T Equipments at 100 kV or above capacity Substation.”

The value of executed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10 % per annum; calculated from the date of completion to last date of receipt of applications for tenders.

Financial:

Achieved an average annual financial turnover as certified by ‘Chartered Accountant’ equal to Rs.2.22 Crore in last three (3) financial years immediately preceding the Financial Year in which bids are invited.

The value of financial turnover shall be brought to current costing level by enhancing the actual value of financial turnover at compound rate of 10% per annum; calculated from the date of completion to last date of receipt of applications for tenders.

C) Bid Capacity: (Not Applicable for this tender)

~~The bid capacity of the prospective bidders will be calculated as under: Assessed Available Bid Capacity = (A * N * 2 - B)~~

~~Where,~~

~~A = Maximum value of Civil Engineering works executed in any one year (year means Financial year) during the last five years (updated to the price level of the Financial year in which bids are received at a rate of 10% per year) taking into account the completed as well as works in progress.~~

~~N = Number of years prescribed for completion of the Project/Works, excluding monsoon period, for which these bids are being invited. (E.g. 7 months = 7/12 year) For every intervening monsoon 0.33 shall be added to N.~~

~~B = Value of existing commitments (only allotted works) on the last date of submission of bids as per bidding document and on going works to be completed during the period of completion of the Project/Works for which these bids are being invited.~~

~~Note: The statement showing the value of existing commitments and on going works as well as the stipulated period of completion remaining for each of the works listed should be attached along with certificates duly signed by the Engineer in Charge, not below the rank of an Executive Engineer or equivalent.~~

~~Even though the bidders meet the above qualifying criteria, they are subject to be disqualified if they have:~~

~~—made misleading or false representation in the forms, statements and attachments submitted in proof of the qualification requirements; and/or~~

~~—Record for poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, litigation history, or financial failures etc~~

SECTION-3
DISCLAIMER

DISCLAIMER

The information contained in this e-tender document or provided to Applicant(s), whether verbally or in documentary or any other form, by or on behalf of the Brihanmumbai Municipal Corporation (BMC), hereafter also referred as “The Authority “, or any of its employees or advisors, is provided to Applicant(s) on the terms and conditions set out in this e-tender and such other terms and conditions subject to which such information is provided.

This e-tender includes statements, which reflect various assumptions and assessments arrived at by the Brihanmumbai Municipal Corporation(BMC) in relation to the Project. Such assumptions, assessments and statements do not purport to contain all the information that each Applicant may require. This e-tender may not be appropriate for all persons, and it is not possible for the Brihanmumbai Municipal Corporation(BMC), its employees or advisors to consider the investment objectives, financial situation and particular needs of each party who reads or uses this e-tender. The assumptions, assessments, statements and information contained in this e-tender may not be complete, accurate, adequate or correct. Each Applicant should therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments, statements and information contained in this e-tender and obtain independent advice from appropriate sources.

Information provided in this e-tender to the Applicant(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Brihanmumbai Municipal Corporation (BMC) accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed here.

The Brihanmumbai Municipal Corporation (BMC), its employees and advisors make no representation or warranty and shall have no liability to any person, including any Applicant or Bidder, under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this e-tender or otherwise, including the accuracy, adequacy, correctness, completeness or reliability of the e-tender and any assessment, assumption, statement or information contained therein or deemed to form part of this e-tender or arising in any way with pre-qualification of Applicants for participation in the Bidding Process. The Brihanmumbai Municipal Corporation (BMC) also accepts no liability of any nature whether resulting from negligence or otherwise howsoever caused arising from reliance of any Applicant upon the statements contained in this e-tender.

The Brihanmumbai Municipal Corporation (BMC) may, in its absolute discretion but without being under any obligation to do so, update, amend or supplement the information, assessment or assumptions contained in this e-tender.

The issue of this e-tender does not imply that the Brihanmumbai Municipal Corporation (BMC) is bound to select and short-list pre-qualified Applications for Bid Stage or to appoint the selected Bidder or Concessionaire, as the case may be, for the Project and the Brihanmumbai

Municipal Corporation (BMC) reserves the right to reject all or any of the Applications or Bids without assigning any reasons whatsoever.

The Applicant shall bear all its costs associated with or relating to the preparation and submission of its Application including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by The Brihanmumbai Municipal Corporation (BMC) or any other costs incurred in connection with or relating to its Application. All such costs and expenses will remain with the Applicant and the Brihanmumbai Municipal Corporation (BMC) shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by an Applicant in preparation or submission of the Application, regardless of the conduct or outcome of the Bidding Process.

SECTION-4
INTRODUCTION

INTRODUCTION

1. Background:

The Brihanmumbai Municipal Corporation (BMC) covers an area of 437.71sq.kms.with a population of **1.24 Crores as per census of 2011**. The metropolis accounts major portion of India's international trade and government's revenue, from being one of the foremost centers of education, science and technological research and advancement.

The Mumbai Metropolis has historic tradition of strong civic activism dedicated to the cause of a better life for all its citizens. And it's the Brihanmumbai Municipal Corporation (BMC), hereafter called the "corporation", the primary agency responsible for urban governance in Brihanmumbai.

BMC (The Authority) is one of the largest local self-governments in the Asian Continent. In observance of historic traditions of strong civic activism, with the change in time and living conditions to match with the urbanization, BMC has mainly focused in providing almost all kinds of engineering services viz, Hydraulics, storm water drain, sewerage, water supply projects, roads, bridges, solid waste management, and environmental services. Beside this, the BMC is also providing dedicated services in various segments such as Health, Primary Education as well as the construction and maintenance of Public Markets and Slaughter Houses.

BMC is an organization having different departments, right from engineering depts. to health depts. Moreover we have other dept. like education, market, fire brigade dept., Octroi and other such departments where quite a good number of staff members are working.

Preamble:

Pise Pumping Station is supplying about 2000 MLD water to Brihanmumbai. Raw water is pumped to Panjrapur from Pise through four stages i.e. Stage-I, II, III and Stage-IIIA Pumping Station. To run the Pumping Station at Pise electric supply is fed from 3 Nos. of 7.5 MVA and 1 No. of 10MVA 100 KV/3.6 KV transformers. 100 KV supply is received from MSETCL Padgha Receiving Station as well as from 100 KV old Panjrapur Sub Station in the form of ring main system.

SECTION-5
E-TENDRING ONLINE SUBMISSION PROCESS

E-TENDERING ONLINE SUBMISSION PROCESS

1. The e-tendering process of BMC is enabled through NIC's Mahatender Portal <https://mahatender.gov.in/nicgep/app>
2. All the tender notices including e-Tender notices will be published on NIC's Mahatender Portal <https://mahatender.gov.in/nicgep/app>
3. All the information documents are published under the NIC's Maha tender Portal.
4. All interested vendors are required to be registered with NIC's Mahatender Portal for e-Tendering process. Vendors not registered with NIS's Mahatender Portal can apply online by clicking the online registration section of NIC's Mahatender Portal. <https://mahatenders.gov.in/nicgep/app?component=%24WebHomeBorder.%24WebRightMenu.%24DirectLink&page=Home&service=direct&session=T>
5. Manual offers sent by post/Fax or in person will not be accepted against e-Tenders even if these are submitted on the Firm's letter head and received in time. All such manual offers shall be considered as invalid offers and shall be rejected summarily without any consideration.
6. Please read the tender document carefully "Instructions and Articles of Agreement" for supply of general items. All documents that are required to be submitted as part of eligible & technical bid, need to be uploaded in the Packets provided for this purpose and commercial bid need to be filled online.
7. This document (Instructions to vendors) and the 'Articles of Agreement' document which are available in the tender document make part of all tender documents unless stated otherwise in the tender document.
8. Affixing of digital signature for the bid document while submitting the bid, shall be deemed to mean acceptance of the terms and conditions contained in the tender document as well as confirmation of the bid/bids offered by the vendor which shall include acceptance of special Directions/ terms and conditions if any, incorporated.
9. All the documents and data submitted by vendors online shall be digitally signed. The system will prompt for digital signature certificate. It is mandatory for the vendors willing to participate in tender process to procure digital signature certificate of class-2/ class-3 and Company Type.
10. Certifying authorities (CA) in India. However, for the convenience of the vendors, a team from one of the certifying authorities is made available to help them for obtaining digital Signature certificates. Interested vendors may approach help desk for details.
11. The browser settings required for digitally signing the uploaded documents are listed in the Link "Site Compatibility" available on Mahatender Portal.

12. In order to participate in the tender process, the registered vendors need to follow the steps given in the section “Guidelines for hassle free Bid submission” and “BiddersManual Kit-Open Source Software Link” available on Mahatender portal.
- a. Open the e-Tendering application by clicking the link available on <https://www.mahatenders.gov.in>
 - b. Make the Browser Settings as per the guidance available in “Site Compatibility” section. Carry out the necessary settings and root certificates installation as mentioned in the document. Vendors to note that the computer user should have administrative rights to the computer to be able to work with e-Tendering application.
 - c. Login to the application with your credentials and follow the instructions given in the document “User Manual for Vendors- Bidding Process” which is available in the “For Partners” section of Mahatender Portal.
 - d. As per Circular no. CA/FRG/10 Dated 19.10.2023, all the tenderers shall have to pay the scrutiny fee with GST. It is to be paid at CFC center by obtaining challan from respective section before opening of packet C.
 - e. Pay EMD and other charges, where applicable, as per the instructions given in the Tender Notice and/or Tender Document.
 - f. Upload the administrative & technical bid documents. System will prompt for digital signature certificate while uploading the document.
 - g. Ensure that documents are uploaded properly by downloading them after uploading.
 - h. Submitting the commercial bid by filling in the values on the screen. All the inputs given on this screen need to be digitally signed.
 - i. The administrative, technical and commercial bids can be submitted only online on or before the due date and due time mentioned for submission of bids.
 - j. The bids can be modified till the end date and time for bid submission. However, if a new version of a document is to be uploaded, please ensure to delete the old version.
 - k. Ensure that bid is submitted by ensuring that the “status” of the bid in the initial bids listing screen is “Bid submitted.”
13. Vendors should ensure to submit their bids well in advance before the due date and due time. Vendors trying to submit the bid at last moment just before due date and due time and failing to do so due to system problems at their end, internet problems, User Id locking problems

etc. shall note that no complaints in this regard will be entertained.

14. It is the responsibility of the vendors to maintain their computers, which are used for submitting their bids, free of viruses, all types of malware etc. by installing appropriate anti-virus software and regularly updating the same with virus freesignatures etc. Vendors should scan all the documents before uploading the same.
15. The administrative, technical and commercial evaluation documents will be available for all the participating vendors after completion of the evaluation.
16. Additional information can be availed by referring to FAQs in the e-Procurement section of Mahatender portal.
17. For any help, in the e-Tendering process, can be availed by dialing help-desk number 022-24811275/76 (BMC IT Cell) from 10.30AM to 6.00PM on all working days of BMC.
18. Email / Tele Support - Working hours 10.00 AM to 6.00 PM (Monday to Friday)
NOTE- Support will not be available on Public Holiday & Saturday-Sunday

SPECIAL NOTE:

In order to participate in the tender process, the registered vendors need to follow the steps given in the section “Guidelines for hassle free Bid submission” and “Bidders Manual Kit -Open Source Software Link” available on Mahatender portal

For registration, enrolment for digital signature certificate & user manual, please refer to respective links provided in e-tendering tab. The vendors can get digital signature from anyone of the Certifying Authorities (CA"s) licensed by the Controller of Certifying Authorities namely Safes crypt, IDRBT, National Informatics Centre, TCS, Customs, MTNL, GNFC and e-Mudhra.

SECTION-6
INSTRUCTIONS TO APPLICANTS

INSTRUCTIONS TO APPLICANTS

Scope of Application

The Authority wishes to receive Applications for Qualification in order to SELECT experienced and capable Applicants for the Bid Stage.

Eligibility of Applicants

The Brihanmumbai Municipal Corporation (BMC) invites e-tender to appoint Contractor for the aforementioned work from contractors of repute, multidisciplinary engineering organizations i.e. eminent firm, Proprietary/Partnership Firms/ Private Limited Companies/ Public Limited Companies/Companies registered under the Indian companies' act 2013, the contractors registered with the Brihanmumbai Municipal Corporation (BMC) in **Class 'A' as per new registration** and from the contractors/firms equivalent and superior classes registered in Central or State Government/Semi Govt. Organization/Central or State Public Sector Undertakings, will be allowed subject to condition that, the contractors who are not registered with BMC will have to apply for registering their firm within three months' time period from the award of contract, otherwise their Bid Security i.e. E.M.D (Earnest Money Deposit) will be forfeited/recovered and an amount equal to Registration Fee of respective class will be recovered as penalty To be eligible for pre-qualification and short-listing, an Applicant shall fulfill the following conditions of eligibility:

ELIGIBILITY CRITERIA

1) Technical:

4. Tenderer shall be manufacturer of Power Transformer or their Authorized Representative having Electrical Contractors License issued by Govt. of Maharashtra and having experience of carrying work in 100 kV or above switchyard.
5. Tenderer shall submit documentary evidence for above along with tender.
6. The tenderer(s) in their own name should have satisfactorily executed the work of similar nature in BMC /Semi Govt. /Govt. & Public Sector Organizations during last seven years ending last day of month previous to the one in which bids are invited as a prime Contractor (or as a nominated sub-Contractor, where the subcontract had involved similar nature of work as described in the scope of works in this bid document, provided further that all other qualification criteria are satisfied)
 - d) Three similar completed works each of value not less than the Rs.2.22 CroreOr
 - e) Two similar completed works each of value not less than the Rs.2.59 CroreOr
 - f) One similar completed work of value equal and or not less than Rs.3.70 Crore

Similar work means the work of “SITC of H.T Equipments at 100 kV or above capacity Substation.”

The value of executed works shall be brought to current costing level by enhancing the actual value of work at compound rate of 10 % per annum; calculated from the date of completion to last date of receipt of applications for tenders.

Financial:

Achieved an average annual financial turnover as certified by ‘Chartered Accountant’ equal to Rs.2.22 Crore in last three (3) financial years immediately preceding the Financial Year in which bids are invited.

The value of financial turnover shall be brought to current costing level by enhancing the actual value of financial turnover at compound rate of 10% per annum; calculated from the date of completion to last date of receipt of applications for tenders.

C) Bid Capacity: (Not Applicable for this tender)

The bid capacity of the prospective bidders will be calculated as under:

~~Assessed Available Bid Capacity = (A * N * 2 – B)~~

Where,

A = Maximum value of Civil Engineering works executed in any one year (year means Financial year) during **the last five years** (updated to the price level of the Financial year in which bids are received at a rate of 10% per year) taking into account the completed as well as works in progress.

N = Number of years prescribed for completion of the Project/Works, **excluding monsoon period**, for which these bids are being invited. (E.g. 7 months = 7/12 year) For every intervening monsoon 0.33 shall be added to N.

B = Value of existing commitments (only allotted works) on the last date of submission of bids as per bidding document and on-going works to be completed during the period of completion of the Project/Works for which these bids are being invited.

Note: The statement showing the value of existing commitments and on-going works as well as the stipulated period of completion remaining for each of the works listed should be attached along with certificates duly signed by the Engineer in Charge, not below the rank of an Executive Engineer or equivalent.

Even though the bidders meet the above qualifying criteria, they are subject to be disqualified if they have:

~~– made misleading or false representation in the forms, statements and attachments submitted in proof of the qualification requirements; and/or Record for poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, litigation history, or financial failures etc~~

D. Equipment Capabilities as required for this work:

1)Regular and Routine works:

The successful bidder will make the arrangements of the required equipment on the day of commencement or with respect to the progress of the work in phases, as per the instructions of site in charge. The successful bidder and, to that effect he will ensure commitment on an undertaking on Rs.500 stamp paper to be submitted along with the Bid in Packet B. However, this condition in no way shall dilute the respective condition in Registration Rules of BMC.

2)New and Original Works: (NOT APPLICABLE)

~~The bidder should, undertake their own studies and furnish with their bid, a detailed construction planning and methodology supported with assessment study of requirements of equipment/plants & machineries to allow the employer to review their proposal. The bidder will ensure his commitment to make the arrangements of the required equipment on the day of commencement or with respect to the progress of the work in phases, as per the instructions of site in charge on an undertaking on~~

Rs.500 stamp paper to be submitted along with the Bid in Packet B. However, this condition in no way shall dilute the respective condition in Registration Rules of BMC.

Note:

Bidders shall submit the undertaking for equipment capability and other undertakings as such on a single Rs.500/- stamp paper.

E. Technical Staff as required for this work:

The contractor and/or its managerial staff should have qualification/experience appropriate to the function they fulfill. The minimum standard shall be increased by asking that at least one number or more of the contractor or its managerial staff have acquired qualifications or work experience to the needs of the contract. The minimum standard may also state that the person or persons responsible for managing the works must have a minimum of no's of years' experience of working on similar nature of projects.

For fixing requirement of Technical Staff as required for this work.

General Guidelines for Fixing Requirement of Technical Staff

Cost of work (Rs. In Crores)	Requirement of Technical Staff		Minimum Experience (year)	Designation
	Qualification	Number		
5 to 10	i) Graduate Engineer	1	5	Principal Technical Representative Project/Site Engineer Engineer
	ii) Graduate Engineer	2	2	
	or Diploma Engineer	2	5	
Up to 1.5	1. Graduate Engineer	1	2	Principal Technical Representative \ Project / Site Engineer / Billing Engineer
	or 2. Diploma Engineer	1	5	

Note:- 1. 'Cost of work' in table above shall mean the agreement amount of the work.

2. Rate of recovery in case of non-compliance of the clause be stipulated at following rate

Sr.NO.	Qualification	Experience	Rate of recovery
1	Project Manager with degree	10	Rs.30,000/- p.m.

2	Graduate Engineer	5	Rs.25,000/- p.m.
3	Graduate Engineer	2	Rs.15,000/- p.m.
4	Project / Site Engineer / Billing Engineer	5	Rs.15,000/- p.m.

F. TIME PERIOD OF THE PROJECT:

Entire project should be completed and delivered within **Six months from date of award of contract.**

The time allowed for carrying out the work as entered in the Tender shall be strictly observed by the Contractor and shall be reckoned from the date on which the Letter of Acceptance is given to the Contractor. The work shall throughout the stipulated period of the Contract be proceeded with all due diligence as time being deemed to be the essence of the contract on the part of the Contractor. On failing to do so, the Contractor shall pay as compensation an amount which shall be governed as per Clause - 84 of Standard General Conditions of Contract.

The Contractor should complete the work as per phase given below:

~~¼ of the work in ¼ of the time~~

~~½ of the work in ½ of the time~~

~~¾ of the work in ¾ of the time~~

Full of the work in Full of the time

Full work will be completed in **Six Months from date of award of contract.**

The programme for completion of work shall be a part of the Contract Document in the form of Bar Chart / GANTT Chart. The Contractor is supposed to carry out the work and keep the progress as per Bar Chart/GANTT Chart. The Contractor shall complete the work as per the Schedule given in the Contract and the programme submitted by the Contractor.

G. Contract Execution

All required documents for execution of the contract shall be submitted **within 30 days** from the date of issue of letter of acceptance. If the documents are not submitted within the stipulated time a **penalty of Rs 5000/- per day** will be applicable to the contractor. All contract documents need to be duly affixed with stamp duty properly signed along with evidence/proof of payment of security/contract deposit/ within 30 days from the date of letter of acceptance received by him.

H. If the amount of the Contract Deposit to be paid above is not paid within 30 days from the date of issue of Letter of Acceptance, the Tender / Contractor already accepted shall be considered as cancelled and legal steps be taken against the contractor for recovery of the amounts.

I. The amount of Security Deposit retained by the BMC shall be released after expiry of period up to which the contractor has agreed to maintain the work in good order is over.

In the event of the contractor failing or neglecting to complete the rectification work within the period up to which the contractor has agreed to maintain the work in good order, the amount of security deposit retained by BMC shall be adjusted towards the excess cost incurred by the Department on rectification work.

J. Action when whole of security deposit is forfeited: In any case in which under any Clause of this contract, the contractor shall have rendered himself liable to pay compensation amounting to the whole of this security deposit whether paid in one sum or deducted by instalments or in the case of abandonment of the work owing to serious illness or death of the contractor or any other cause, the Engineer on behalf of the Municipal Commissioner shall have power to adopt any of the following process, as he may deem best suited to the interest of BMC–

(a) To rescind the contract (for which recession notice in writing to the contractor under the head of Executive Engineer shall be conclusive evidence) and in that case, the security deposit of the contract shall stand forfeited and be absolutely at the disposal of BMC.

(b) To carry out the work or any part of the work departmentally debiting the contractor with the cost of the work, expenditure incurred on tools and plant, and charges on additional supervisory staff including the cost of work-charged establishment employed for getting the un-executed part of the work completed and crediting him with the value of the work done departmentally in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to the costs and other allied expenses so incurred and as to the value of the work so done departmentally shall be final and conclusive against the contractor.

(c) To order that the work of the contractor be measured up and to take such part thereof as shall be un-executed out of his hands, and to give it to another contractor to complete, in which case all expenses incurred on advertisement for fixing a new contracting agency, additional supervisory staff including the cost of work charged establishment and the cost of the work executed by the new contract agency will be debited to the contractor and the value of the work done or executed through the new contractor shall be credited to the contractor in all respects and in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Executive Engineer as to all the cost of the work and other expenses incurred as aforesaid for or in getting the un-executed work done by the new contractor and as to the value of the work so done shall be final and conclusive against the contractor.

In case the contract shall be rescinded under Clause (a) above, the contractor shall not be entitled to recover or be paid any sum for any work therefore actually performed by him under this contract unless and until the Executive Engineer shall have certified in writing the performance of such work and the amount payable to him in respect thereof and he shall only be entitled to be paid the amount so certified. In the event of either of the courses referred to in Clause (b) or (c) being adopted and the cost of the work executed departmentally or through a new contractor and other allied expenses exceeding the value of such work credited to the contractors amount of excess shall be deducted from any money due to the contractor, by BMC under the contract or otherwise, howsoever, or from his security deposit or the sale proceeds thereof provided, however, the

contractor shall have no claim against BMC even if the certified value of the work done departmentally or through a new contractor exceeds the certified cost of such work and allied expenses, provided always that whichever of the three courses mentioned in clauses (a), (b) or (c) is adopted by the Executive Engineer, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagements or made any advance on account of or with a view to the execution of the work or the performance of the contract.

K. Contract may be rescinded and security deposit forfeited for bribing a public officer or if contractor becomes insolvent

If the contractor assigns or sublets his contracts or attempts so to do, or becomes insolvent or commences any proceeding to get himself adjudicated and insolvent or makes any composition

with his creditors, or attempts so to do or if bribe, gratuity, gift, loan, perquisite, reward or advantage, pecuniary or otherwise, shall either directly or indirectly be given, promised or offered by the contractor or any of his servants or agents through any public officer, or person in the employ of BMC/Govt. in any way relating to his office or employment, or if any such officer or person shall become in any way directly or indirectly interested in the contract the Engineer In-charge may thereupon, by notice in writing rescind the contract and the Security Deposit of the Contractor shall thereupon stand forfeited and be absolutely at the disposal of BMC and the same consequences shall ensue as if the contract had been rescinded under above clause J hereof; and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

□ Submission of Tenders

PACKET – A

The Packet 'A' shall contain scanned certified copies of the following documents

Scrutiny of this packet will be done strictly with reference to only the scanned copies of Documents uploaded online in packet 'A'

□ In exceptional circumstances, prior to expiry of the original time limit, the Employer may request that the bidders may extend the period of validity for a specified additional period. The request and the bidders' responses shall be made in writing or by cable. A bidder may refuse the request without forfeiting his Bid Security. A bidder agreeing to the re-quest will not be required or permitted to modify his bid, but will be required to extend the validity of his bid security for a period of the extension.

DEFECT LIABILITY PERIOD

□ The Contractor is expected to carry out the construction work in Workmen like manner so as to meet the requirement and specification for the project. It is expected that the Workmanship and materials will be reasonably fit for the purpose for which they are required.

□ Defects or defective work is where standard and quality of workmanship and materials as specified in the contract is deficient. Defect is defined as a failure of the completed project to satisfy the express or implied quality or quantity obligations of the construction contract. Defective construction works are as the works which fail short of complying with the express descriptions or requirements of the contract, especially any drawings or specifications with any implied terms and conditions as to its quality, workmanship, durability, aesthetic, performance or design. Defects in construction projects are attributable to various reasons.

~~□ Some of the defects are structural defects results in cracks or collapse of faulty defective plumbing, inadequate or faulty drainage system, inadequate or faulty ventilation, cooling or heating systems, inadequate fire systems etc. The defects could be various on accounts of different reasons for variety of the projects.~~

□ The Engineering In charge/Project Officer shall issue the practical completion certificate for the project. During the Defect Liability Period which commences on completion of the work, the Engineering In charge shall inform or the contractor is expected to be informed of any defective works by the Employer's representative of the defects and make good at contractor's cost with an intention of giving opportunity to the contractor of making good the defects appeared during that period. It is the contractor's obligation under the contract to rectify the defects that appear during Defect Liability Period and the contractor shall within a reasonable time after receipt of such instructions comply with the same at his own cost. The Engineering In charge/Project Officer shall issue a certificate to that effect and completion of making good defects shall be deemed for all the purpose of this contract to have taken place on the day named in such defect liability certificate.

□ If defective work or workmanship or design have been knowingly covered-up or concealed so as to constitute fraud, commencement of the Defect Liability Period may be delayed. The decided

period may be delayed until discover actually occurs on at least the defect could have been discovered with reasonable diligence, whichever is earlier.

□ **The DLP shall be 3 years.**

□ Also, in case of defect, the Engineer shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at. The Defects Liability Period shall be extended for as long as Defects remain to be corrected. Every time notice of Defect/Defects is given, the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice. The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.

□ It is the Completion Stage when the contractor has completed all of the works and fixed all of the defects that were on the list of issue by Engineer-in-charge. When this happens, the engineer must issue a 'Certificate of Completion.' On the issue of 'Certificate of Completion', the 'Defect Liability Period' starts. The contractor also must issue a 'Certificate statement' as an acknowledgment to the engineer not later than 14 days after the 'Certificate of Completion' has been issued. During the 'Defect Liability Period', the contractor has to obey all written instructions from the engineer to carryout repairs and fix any defects which appear in the Permanent Works. If the contractor does not, due to his own faults finish the repair works or fix the defects by the end of 'Defect Liability Period', the 'Defect Liability Period' will continue until all works instructed by engineer is done.

“Replacement of 7.5 MVA damaged Transformer by 10 MVA Transformer with Allied Electrical work at Pise Substation.”

Any changes in mail ID will be intimated on the portal.

3. ~~In case of Equal Percentage of lowest bidders (L1), the allotment of work shall be done by giving 48 hrs (2 working days) from the day of opening of packet C on same BID Document number for re-quoting and such development needs to done by IT department in BMC’s SRM system. Till such development is made; ‘Sealed Bids’ shall be called from the bidders quoting the same rates i.e. L1.~~

~~In case of equal percentage of lowest bidders is obtained even after re-quoting, then the successful bidder will be decided by lottery system by concerned Ch.Eng.~~

~~The bidder shall need to submit the additional ASD if applicable within 7 days after receipt of notification issued by concerned Chief Engineer.~~

~~Also, the Performance Guarantee shall be paid in 15 days after receipt of Letter of Acceptance.~~

Note: As per Circular no. CA/FRG/10 dtd. 19.10.2023, all the tenderers shall have to pay the scrutiny fee with GST. It is to be paid at CFC center by obtaining challan from respective section before opening of packet C

SECTION 7
SCOPE OF WORK

Detail Scope of work is mentioned inSection – 10 Specifications

SECTION 8
BILL OF QUANTITIES

PACKET “C”

Subject: Replacement of 7.5 MVA Damaged Transformer by New 10 MVA Transformer with Allied Electrical work at 100 KV Substation, Pise.

SCHEDULE OF QUANTITIES

Sr. No.	Abbreviated Description	Item Description	Qty. Unit
1.	SITC of 10 MVA Transformer	Supply, Installation, Testing & Commissioning of 10 MVA 100/3.6 kV Transformer, OLTC with 21 Taps Ranging from +10% to -15% and other accessories i.e. NGR, RTCC etc. (Including Transportation Charges)	01No.
2.	400 Sq mm 3 core Aluminium armoured cable for 3.3 kV (Fresh Stock)	Supply, laying & termination of cable at both ends i.e. Transformer Secondary box and 3.3 kV breaker. (Six terminations at Transformer secondary & six at 3.3 kV breaker plus one termination for Transformer neutral and one connecting to NGR) Including Transportation.	1400 Mtr
3.	SITC of Current Transformer	Supply of 04 Nos. of 145 kV Current Transformer with suitable clamps & Installation, Testing & Commissioning of 03 Nos. of Current Transformers. (Including Transportation)	04 Nos.
4.	Lightning Arrestors	Supply of 04 Nos, Installation, Testing & Commissioning of 03 Nos. Lightning Arrestors with suitable clamps. (Including Transportation)	04 Nos.
5.	SITC of Latest Fire Protection system	Supply, Installation, Testing & Commissioning of Latest Fire Protection System. (Including Transportation)	01 No.
6.	2.5 Sq mm copper armour control cables	Supply, Laying & Connection of control cables for Transformer, CT, Circuit Breaker, Control & Relay Panel at Substation & Pumping Station. 5 Core 1200 Mtr, 10 Core 250 Mtr & 14 Core 400Mtr. (Approx.) Including Transportation.	1850Mtr.
7.	Aluminium Tubular Busbar	Supply & Installation of 2.5 Inch IPS Aluminium Tubular Busbar. (Including Bending, Al. Welding & Transportation)	100 Mtr.
8.	Supply of Transformer Oil	Supply of Transformer oil as per IS 335 latest. Qty 10 drums (each drum containing 209 ltr) Including Transportation.	2090 Ltr.
9.	Testing of Existing Circuit Breaker	Complete testing of existing 145 kV SF6 circuit breaker & Replacement of both side breaker clamps.	01 No.
10.	Supply of Busbar clamps	Busbar clamps for SF6 CB (2.5 IPS Tubular Busbar Horizontal & breaker pad Horizontal, connected with copper strips jumper)	06 Nos.

Note:i) This page does not need any uploading. The values are to be filled in online in Packet C. Due to character limitations in packet C full description of job cannot be incorporated. The full description can be referred to this page. Tenderer shall submit the price bid by filling the values on screen. All rates quoted shall be inclusive all taxes and duties

Buy back

Sr. No	Description of material	Qty	Amount in INR
1.	Buy –back of old 7.5 MVA Transformer with aluminium cable	1 LS	Rs.47,26,500.00

Note:

- 1. Buy back value of 7.5 MVA Transformer is worked by BMC. The tenderer shall not quote their buy back value below buy back value of BMC while submitting bid online. Tenderer can quote higher value for buy back than BMC value. If tenderer quotes rate below buy back value of BMC, buy back value will be taken at par with BMC buy back value. The tenderer shall quote buy back value excluding GST while submitting bid.**
- 2. Buy back cost will be deducted from total cost (Sr.No. 1 to 10) of work to determine lowest bidder. (refer Schedule of Quantity Page No. 45)**
- 3. The buyback cost (Excluding GST) shall be paid by successful contractor before final bill to CFC center, Payment of GST on buy back cost to Govt. shall be the responsibility of the contractor. 1% TCS will be applicable at the time of buyback**

SECTION 9
GENERAL CONDITIONS OF CONTRACT

General Conditions of Contract

A. General

1. Definitions

1.1 Terms which are defined in the Contract Data are not also defined in the Conditions of Contract but keep their defined meanings. Capital initials are used to identify defined terms.

The “Contract” shall mean the tender and acceptance thereof and the formal agreement if any, executed between the Contractor, Commissioner and the Corporation together with the documents referred to therein including these conditions and appendices and any special conditions, the specifications, designs, drawings, price schedules, bills of quantities and schedule of rates. All these documents taken together shall be deemed to form one Contract and shall be complementary to one another.

The Contract Data defines the documents and other information which comprise the Contract.

The “Contractor” shall mean the individual or firm or company whether incorporated or not, whose tender has been accepted by the employer and the legal successor of the individual or firm or company, but not (except with the consent of the Employer) any assignee of such person.

The Bidder is a person or corporate body who has desired to submit Bid to carry out the Works, including routine maintenance till the tender process is concluded.

The Contractor's Bid is the completed bidding document submitted by the Contractor to the Employer.

The “Contract Sum” means the sum named in the letter of acceptance including Physical contingencies subject to such addition thereto or deduction there-from as may be made under the provisions hereinafter contained.

Note: The contract sum shall include the following –

- In the case of percentage rate contracts the estimated value of works as mentioned in the tender adjusted by the Contractor’s percentage.
- In the case of item rate contracts, the cost of the work arrived at after finalization of the quantities shown in schedule of items / quantities by the item rates quoted by the tenderers for various items and summation of the extended cost of each item.
- In case of lumpsum contract, the sum for which tender is accepted.
- Special discount / rebate / trade discount offered by the tenderer if any and accepted by the Corporation.
- Additions or deletions that are accepted after opening of the tenders.

The “Contract Cost” means the Contract Sum plus Price Variation. This cost shall be included in the letter of acceptance.

A Defect is any part of the Works not completed in accordance with the Contract.

The Defects Liability Certificate is the certificate issued by the Engineer, after the Defect Liability Period has ended and upon correction of Defects by the Contractor.

Drawings means all the drawings, calculations and technical information of a like nature provided by the Engineer to the Contractor under the Contract and all drawings, calculations, samples, patterns, models, operation & maintenance manual and other technical information of like nature submitted by the Contractor and approved by the Engineer.

The Authority shall mean Brihanmumbai Municipal Corporation (BMC)

The “Employer” shall mean the Brihanmumbai Municipal Corporation / Municipal Commissioner for Brihanmumbai, for the time being holding the said office and also his successors and shall also include all “Additional Municipal Commissioners, Director (Engineering Services & Projects)” and the Deputy Municipal Commissioner, to whom the powers of Municipal Commissioner, have been deputed under Section 56 and 56B of the Brihanmumbai Municipal Corporation Act.

The Engineer in-charge shall mean the Executive Engineer in executive charge of the works and shall include the superior officers of the Engineering department i.e. Dy.Ch.Eng / Ch.Eng. and shall mean and include all the successors in BMC

The Engineer's Representative shall mean the Assistant Engineer, Sub. Engineer/Jr. Engineer in direct charge of the works and shall include Sub Eng./ Jr. Eng of Civil section/ Mechanical section/ Electrical section appointed by BMC.

The “Engineer” shall mean the City Engineer / the Hydraulic Engineer / the Chief Engineer / the Special Engineer, appointed for the time being or any other officer or officers of the Municipal Corporation who may be authorized by the commissioner to carry out the functions of the City Engineer / the Hydraulic Engineer / the Chief Engineer / the Special Engineer or any other competent person appointed by the employer and notified in writing to the Contractor to act in replacement of the Engineer from time to time.

Contractor’s Equipment means all appliances and things of whatsoever nature required for the execution and completions of the Works and the remedying of any defects therein, but does not include plant material or other things intended to form or forming part of the Permanent Works.

The Initial Contract Price is the Contract Price listed in the Employer's Letter of Acceptance.

The Intended Completion Date is the date on which it is intended that the Contractor shall complete the construction works. The Intended Completion Date is specified in the Contract Data. The Intended Completion Date may be revised only by the Engineer by issuing an extension of time.

Materials are all supplies, including consumables, used by the Contractor for incorporation in the Works and works of routine maintenance.

Plant is any integral part of the Works that shall have a mechanical, electrical, electronic, chemical, or biological function.

Routine Maintenance is the maintenance of activities of the completed structure for five years as specified in the Contract Data.

The “Site” shall mean the land and other places including water bodies more specifically mentioned in the special conditions of the tender, on, under in or through which the permanent works or temporary works are to be executed and any other lands and places provided by the Municipal Corporation for working space or any other purpose as may be specifically designated in the contract as forming part of the site.

Site Investigation Reports are those that were included in the bidding documents and are reports about the surface and subsurface conditions at the Site.

“Specification” shall mean the specification referred to in the tender and any modification thereof or addition or deduction thereto as may from time to time be furnished or approved in writing by the Engineer.

The Start Date/Commencement Date is given in the Contract Data. It is the date when the Contractor shall commence execution of the Works. It does not necessarily coincide with any of the Site Possession Dates.

A Nominated Sub-Contractor is a person or corporate body who has a Contract with the Contractor to carry out a part of the construction work and/or routine maintenance in the Contract, which includes work on the Site.

Temporary Works are works designed, constructed, installed, and removed by the Contractor that are needed for construction or installation of the Works.

Variation means a change to the:-

- i) Specification and /or Drawings (if any) which is instructed by the Employer.
- ii) Scope in the Contract which is instructed by the Employer.
- iii) Price in the Contract which is instructed by the Employer.

The Works, as defined in the Contract Data, are what the Contract requires the Contractor to construct, install, maintain, and turn over to the Employer. Routine maintenance is defined separately.

Jurisdiction: In case of any claim, dispute or difference arising in respect of a contract, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceedings in respect of any claim, dispute or difference shall be instituted in a competent court in the City of Mumbai only.

2. Interpretation

2.1 In interpreting these Conditions of Contract, singular also means plural, male also means female or neuter, and the other way around. Headings have no significance. Words have their normal meaning under the language of the Contract unless specifically defined. The Engineer will provide instructions clarifying queries about these Conditions of Contract.

2.2 If sectional completion is specified in the Contract Data, references in the Conditions of Contract to the Works, the Completion Date, and the Intended Completion Date apply to any Section of the Works (other than references to the Completion Date and Intended Completion Date for the whole of the Works).

2.3 The documents forming the Contract shall be interpreted in the following documents: (1) Agreement, (2) Letter of Acceptance, (3) Notice to Proceed with the Work, (4) Contractor's Bid, (5) Contract Data, (6) Special Conditions of Contract Part (7) General Conditions of Contract Part I, (8) Specifications, (9) Drawings, (10) Bill of Quantities, and (11) Any other document listed in the Contract Data.

3. Engineer's Decisions

3.1 Except where otherwise specifically stated, the Engineer will decide contractual matters between the Employer and the Contractor in the role representing the Employer. However, if the Engineer is required under the rules and regulations and orders of the Employer to obtain prior approval of some other authorities for specific actions, he will so obtain the approval, before communicating his decision to the Contractor.

3.2 Except as expressly stated in the Contract, the Engineer shall not have any authority to relieve the Contractor of any of his obligations under the contract.

4. Delegation

4.1 The Engineer, with the approval of the Employer, may delegate any of his duties and responsibilities to other person(s), except to the Adjudicator, after notifying the Contractor, and may cancel any delegation after notifying the Contractor.

5. Communications

All certificates, notices or instructions to be given to the Contractor by Employer/ Engineer shall be sent on the address or contact details given by the Contractor of Bid. The address and contact details for communication with the Employer/ Engineer shall be as per the details given in Contract Data. Communications between parties that are referred to in the conditions shall be in writing. The Notice sent by facsimile (fax) or other electronic means shall be effective on confirmation of the transmission. The Notice sent by Registered post or Speed post shall be effective on delivery or at the expiry of the normal delivery period as undertaken by the postal service.

6. Subcontracting

6.1 Unless specifically mentioned in the contract subletting will not be allowed. Subletting, where otherwise provided by the contract shall not be more than 25% of the contract price.

6.2 The Contractor shall not be required to obtain any consent from the Employer for:

- a. the sub-contracting of any part of the Works for which the Subcontractor is named in the Contract;
- b. the provision for labour, or labour component.
- c. the purchase of Materials which are in accordance with the standards specified in the Contract.

6.3 Beyond what has been stated in clauses 6.1 and 6.2, if the Contractor proposes sub contracting any part of the work during execution of the Works, because of some unforeseen circumstances to enable him to complete the Works as per terms of the Contract, the Employer will consider the following before according approval:

- a. The Contractor shall not sub-contract the whole of the Works.
- b. The permitted subletting of work by the Contractor shall not establish any contractual relationship between the sub-contractor and the BMC and shall not relieve the Contractor of any responsibility under the Contract.

6.4 The Engineer should satisfy himself before recommending to the Employer whether

- a. the circumstances warrant such sub-contracting; and
- b. the sub-Contractor so proposed for the Work possesses the experience, qualifications and equipment necessary for the job proposed to be entrusted to him.

7. Other Contractors

7.1 The Contractor shall cooperate and share the Site with other Contractors, public authorities, utilities, and the Employer between the dates given in the Schedule of Other Contractors, as referred to in the Contract Data. The Contractor shall also provide facilities and services for them as described in the Schedule. The Employer may modify the Schedule of Other Contractors, and shall notify the Contractor of any such modification.

7.2 The Contractor should take up the works in convenient reaches as decided by the Engineer to ensure there is least hindrance to the smooth flow and safety of traffic including movement of vehicles and equipment of other Contractors till the completion of the Works.

8. Personnel

8.1 The Contractor shall employ for the construction work and routine maintenance the key personnel including technical personnel named in the Contract Data or other personnel approved by the Engineer. The Engineer will approve any proposed replacement of technical personnel only if their relevant qualifications and abilities are substantially equal to those of the personnel stated in the Contract Data.

8.2 The Contractor's personnel shall appropriately be qualified, skilled and experienced in their respective trades or occupations. The Engineer shall have authority to remove, or cause to be removed, any person employed on the site or works, who carries out duties incompetently or

negligently and persists in any conduct which is prejudicial to safety, health or the protection of the environment.

8.3 If the Engineer asks the Contractor to remove a person who is a member of the Contractor's staff or work force, stating the reasons, the Contractor shall ensure that the person leaves the Site within seven days and has no further connection with the Works in the Contract.

8.4 The Contractor shall not employ any retired Gazetted officer who has worked in the Engineering Department of the BMC /State Government and has either not completed two years after the date of retirement or has not obtained BMC/State Government's permission to employment with the Contractor.

9. Employer's and Contractor's Risks

9.1 The Employer carries the risks which this Contract states are Employer's risks, and the Contractor carries the risks which this Contract states are Contractor's risks.

10. Employer's Risks

10.1 The Employer is responsible for the excepted risks which are (a) in so far as they directly affect the execution of the Works in the Employer's country, the risks of war, invasion, act of foreign enemies, rebellion, revolution, insurrection or military or usurped power, civil war, riot, commotion or disorder (unless restricted to the Contractor's employees) and contamination from any nuclear fuel or nuclear waste or radioactive toxic explosive, or (b) a cause due solely to the design of the Works, other than the Contractor's design.

11. Contractor's Risks

11.1 All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks, referred to in clause 11.1, are the responsibility of the Contractor.

12. Insurance

12.1 The Contractor at his cost shall provide, in the joint names of the Employer and the Contractor, insurance cover from the Start Date to the end of Defects Liability Period, in the amounts and deductibles stated in the Contract Data for the following events which are due to the Contractor's risks:

- a) Loss of or damage to the Works, Plant and Materials;
- b) Loss of or damage to Equipment;
- c) Loss of or damage to property (other than the Works, Plant, Materials, and Equipment) in connection with the Contract; and

d) Personal injury or death.

12.2 Insurance policies and certificates for insurance shall be delivered by the Contractor to the Engineer for the Engineer's approval before the Start Date. All such insurance shall provide for compensation to be payable in the types and proportions of currencies required to rectify the loss or damage incurred.

12.3 Alterations to the terms of insurance shall not be made without the approval of the Engineer.

12.4 Both parties shall comply with any conditions of the insurance policies.

12.5 If the Contractor does not provide any of the policies and certificates required, the Employer may affect the insurance which the Contractor should have provided and recover the premiums the Employer has paid, from payments otherwise due to the Contractor or if no payment is due, the payment of premiums shall be debt due.

13. Site Investigation Reports

13.1 The Contractor, in preparing the Bid, may rely, at his own risk, on any Site Investigation Reports referred to in the Contract Data, supplemented by any other information available to him, before submitting the bid.

14. Queries about the Contract Data

14.1 The Engineer will clarify queries on the Contract Data.

15. Contractor to Construct the Works and Undertake Maintenance (if specified in the tender)

15.1 The Contractor shall construct, and install and maintain the Works in accordance with the Specifications and Drawings and as per instructions of the Engineer.

15.2 The Contractor shall construct the works with intermediate technology, i.e., by manual means with medium input of machinery required to ensure the quality of works as per specifications. The Contractor shall deploy the equipment and machinery as required in the contract.

15.3 The Contractor shall take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation. During continuance of the contract, the Contractor and his sub-contractors shall abide at all times by all existing enactments on environmental protection and rules made there under, regulations, notifications and byelaws of the State or Central Government, or local authorities and any other law, bye-law, regulations that may be passed or notification that may be issued in future by the State or Central Government or the local authority. Salient features of some of the major laws that are applicable are given below:

The Water (Prevention and Control of Pollution) Act, 1974, this provides for the prevention and control of water pollution and the maintaining and restoring of wholesomeness of water. 'Pollution'

means such contamination of water or such alteration of the physical, chemical or biological properties of water or such discharge of any sewage or trade effluent or of any other liquid, gaseous or solid substance into water (whether directly or indirectly) as may, or is likely to, create a nuisance or render such water harmful or injurious to public health or safety, or to domestic, commercial, industrial, agricultural or other legitimate uses, or to the life and health of animals or plants or of aquatic organisms.

□ The Air (Prevention and Control of Pollution) Act, 1981, this provides for prevention, control and abatement of air pollution. ‘Air Pollution’ means the presence in the atmosphere of any ‘air pollutant’, which means any solid, liquid or gaseous substance (including noise) present in the atmosphere in such concentration as may be or tend to be injurious to human beings or other living creatures or plants or property or environment.

□ The Environment (Protection) Act, 1986, this provides for the protection and improvement of environment and for matters connected therewith, and the prevention of hazards to human beings, other living creatures, plants and property. ‘Environment’ includes water, air and land and the inter-relationship which exists among and between water, air and land, and human beings, other living creatures, plants, micro-organism and property.

□ The Public Liability Insurance Act, 1991, This provides for public liability insurance for the purpose of providing immediate relief to the persons affected by accident occurring while handling hazardous substances and for matters connected herewith or incidental thereto. Hazardous substance means any substance or preparation which is defined as hazardous substance under the Environment (Protection) Act 1986, and exceeding such quantity as may be specified by notification by the Central Government.

16. The Works and Routine Maintenance to be completed by the Intended Completion Date

16.1 The Contractor may commence execution of the Works on the Start Date and shall carry out the Works and Routine Maintenance, if specified in the tender, in accordance with the Programme submitted by the Contractor, as updated with the approval of the Engineer, and complete them by the Intended Completion Date.

17. Approval by the Engineer

17.1 The Contractor shall submit Specifications and Drawings showing the proposed Temporary Works to the Engineer, who is to approve them if they comply with the Specifications and Drawings.

17.2 The Contractor shall be responsible for design and safety of Temporary Works.

17.3 The Engineer's approval shall not alter the Contractor's responsibility for design and safety of the Temporary Works.

17.4 The Contractor shall obtain approval of third parties to the design of the Temporary Works, where required.

17.5 All Drawings prepared by the Contractor for the execution of the temporary or permanent Works, are subject to prior approval by the Engineer before their use.

18. Safety

18.1 The Contractor shall be responsible for the safety of all activities on the Site. He shall comply with all applicable safety requirements and take care of safety of all persons entitled to be on the site and the works. He shall use reasonable efforts to keep the site and the works, both during construction and maintenance, clear of unnecessary obstruction so as to avoid danger to the persons and the users.

Workers employed on mixing asphaltic materials, cement and lime mortars shall be provided with protective footwear and protective goggles.

Stone breaker shall be provided with protective goggles and protective clothing and seated at sufficiently safe intervals.

The area should be barricaded or cordoned off by suitable means to avoid mishaps of any kind. Power warning signs should be displayed for the safety of the public whenever cleaning works are undertaken during night or day.

The workers engaged for cleaning the manholes/sewers should be properly trained before allowing working in the manhole.

18.2 Safety Programs:-

I. Have adequate safety supervision in place to ensure that safety programs set up by the firms/agencies are in compliance with prevalent laws and regulations.

II. Review safety programs developed by each of the trade firms, prepare and submit a comprehensive safety program.

III. Monitor day to day implementation of safety procedures.

18.3 First Aid Facilities: -

- i. At every work place there shall be provided and maintained, so as to be easily accessible during working hours, first-aid boxes at the rate of not less than one box for 150 contract labour or part thereof ordinarily employed.
- ii. The first-aid box shall be distinctly marked with a red cross on white back ground.
- iii. Adequate arrangements shall be made for immediate recoupment of the equipment when necessary.
- iv. Nothing except the prescribed contents shall be kept in the First-aid box.
- v. The first-aid box shall be kept in charge of a responsible person who shall always be readily available during the working hours of the work place.
- vi. A person in charge of the First-aid box shall be a person trained in First-aid treatment, in the work places where the number of contract labour employed is 150 or more.

19. Discoveries

19.1 Anything of historical or other interest or of significant value unexpectedly discovered on the Site shall be the property of the Employer. The Contractor shall notify the Engineer of such discoveries and carry out the Engineer's instructions for dealing with them.

20. Possession of the Site

20.1 The Employer shall handover complete or part possession of the site to the Contractor 7 days in advance of construction programme. At the start of the work, the Employer shall handover the possession of at-least 75% of the site free of all encumbrances, the remaining 25 % of the possession as per contractor's construction programme.

21. Access to the Site

21.1 The Contractor shall allow access to the Site and to any place where work in connection with the Contract is being carried out, or is intended to be carried out to the Engineer and any person/persons/agency authorized by: a. The Engineer b. The Employer or authorized by the Employer.

22. Instructions

22.1 The Contractor shall carry out all instructions of the Engineer, which comply with the applicable laws where the Site is located.

22.2 The Contractor shall permit the appointed and/or authorized persons to inspect the Site and/or accounts and records of the Contractor and its subcontractors relating to the performance of the Contract, and to have such accounts and records audited by auditors appointed, if so required. The Contractor's attention is invited to Clause of 'Fraud and Corruption', which provides, inter alia, that acts intended to materially impede the exercise of the inspection and audit rights provided for under the Clause & constitute a obstructive practice subject to contract termination.

22.3 Engineer to have power to issue further drawings or instructions:

The Engineer shall have the power and authority from time to time and at all times to make and issue such further drawings and to give such further instructions and directions as may appear to him necessary or proper for the guidance of the contractor and the good and sufficient execution of the works according to terms of the specifications and Contractor shall receive, execute, obey and be bound by the same, according to the true intent and meaning thereof, as fully and effectually as though the same had accompanied or had been mentioned or referred to in the specification, and the Engineer may also alter or vary the levels or position of nature of works contemplated by the specifications, or may order any of the works contemplated thereby to be omitted, with or without the substitution of any other works in lieu thereof, or may order any work or any portion of work executed or partially executed, to be removed, changed or altered, added if needful, may order that other works shall be substituted instead thereof and difference of expense occasioned by any such diminution or alteration so ordered and directed shall be added to or deducted from the amount of this Contract, as provided under condition no.10(a) hereinafter.

No work which radically changes the original nature of the Contract shall be ordered by the Engineer and in the event of any deviation being ordered which in the opinion of the Contractor changes the original nature of Contract he shall nevertheless carry it out and disagreement as to the nature of the work and the rate to be paid therefore shall be resolved in accordance with condition no.13d.

The time for completion of the Works, shall be in even of any deviations resulting in additional cost over the contract price being ordered, be extended or reduced reasonably by the Engineer. The Engineer's decision in this case shall be final.

B. Time Control

23. Programme

23.1 Within the time stated in the Contract Data, the Contractor shall submit to the Engineer for approval a Programme, including Environment Management Plan showing the general methods, arrangements, order, and timing for all the activities in the Works, along with monthly cash flow forecasts for the construction of works.

After the completion of the construction works, the programme for the Routine Maintenance Work, showing the general methods, arrangements, order and timing for all the activities involved in the Routine Maintenance will also be submitted by the Contractor to the Engineer for approval if specified in the tender. The programme for Routine Maintenance will be submitted in each year for the period of Maintenance.

23.2 The Contractor shall submit the list of equipment and machinery being brought to site, the list of key personnel being deployed, the list of machinery/ equipments being placed in field laboratory and the location of field laboratory along with the Programme. The Engineer shall cause these details to be verified at each appropriate stage of the programme.

23.3 An update of the Programme shall be a programme showing the actual progress achieved on each activity and the effect of the progress achieved on the timing of the remaining Works, including any changes to the sequence of the activities.

23.4 The Contractor shall submit to the Engineer for approval an updated Programme at intervals no longer than the period stated in the Contract Data. If the Contractor does not submit an updated Programme within this period, the Engineer may withhold the amount stated in the Contract Data from the next payment certificate and continue to withhold this amount until the next payment after the date on which the overdue Programme has been submitted.

23.5 The Engineer's approval of the Programme shall not alter the Contractor's obligations. The Contractor may revise the Programme and submit it to the Engineer again at any time. A revised Programme shall show the effect of Variations and Compensation Events.

24. Extension of Time In Contracts:

Subject to any requirement in the contract as to completion of any portions or portions of the works before completion of the whole, the contractor shall fully and finally complete the whole of the works comprised in the contract (with such modifications as may be directed under conditions of this contract) by the date entered in the contract or extended date in terms of the following clauses:

a) Extension attributable to BMC

(i) Extension Due To Modification: If any modifications have been ordered which in the opinion of the Engineer have materially increased the magnitude of the work, then such extension of the contracted date of completion may be granted as shall appear to the Engineer to be reasonable in the circumstances, provided moreover that the Contractor shall be responsible for requesting such extension of the date as may be considered necessary as soon as the cause thereof shall arise and in any case **should not be less than 30 days before the expiry of the date fixed for completion of the works.**

(ii) Extension For Delay Due To BMC: In the event of any failure or delay by the BMC to hand over the Contractor possession of the lands necessary for the execution of the works or to give the necessary notice to commence the works or to provide the necessary drawings or instructions or any other delay caused by the BMC due to any other cause whatsoever, then such failure or delay shall in no way affect or vitiate the contract or alter the character thereof or entitle the contractor to damages or compensation therefore, but in any such case, the BMC may grant such extension(s) of the completion date as may be considered reasonable.

Note: For extension of time period as governed in (i) and (ii) above, any modifications in design/drawings, specifications, quantities shall be needed to be justified with recorded reasons with approval of Ch.Eng. for not anticipating the same while preparing estimates and draft tender.

(b) Extension Of Time For Delay Due To Contractor: The time for the execution of the work or part of the works specified in the contract documents shall be deemed to be the essence of the contract and the works must be completed no later than the date(s) / the programme for completion of work as specified in the contract. If the contractor fails to complete the works within the time as specified in the contract for the reasons other than the reasons specified in above as (a.i) and (a.ii), the BMC may, if satisfied that the works can be completed by the contractor within reasonable short time thereafter, allow the contractor for further extension of time as the Engineer may decide. On such extension the BMC will be entitled without prejudice to any other right and remedy available on that behalf, to recover the compensation as governed by Clause 8(e) of GCC.

For the purpose of this Clause, the contract value of the works shall be taken as value of work as per contract agreement including any supplementary work order/contract agreement issued.

Further, competent authority while granting extension to the currency of contract under Clause (b) of as above may also consider levy of penalty, as deemed fit based on the merit of the case. Also, the reasons for granting extension shall be properly documented.

25. Delays Ordered by the Engineer

25.1 The Engineer may instruct the Contractor to delay the start or progress of any activity within the Works. Delay/delays totaling more than 30 days will require prior written approval of the DMC/AMC.

26. Management Meetings

26.1 The Engineer may require the Contractor to attend a management meeting. The business of a management meeting shall be to review the plans for progress of the Works.

26.2 The Engineer shall record the business of management meetings and provide copies of the record to those attending the meeting. The responsibility of the parties for actions to be taken shall be decided by the Engineer either at the management meeting or after the management meeting and stated in writing to all those who attended the meeting.

C. Quality Control

27.1. Work to be open to Inspection and Contractor or Responsible agent to be present

All works under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Eng-in-charge and his subordinates and the contractor shall at all times during the usual working hours, at all other times, during the usual working hours and at all other times at which reasonable notice of the intention of the Eng-in-charge and his subordinates to visit the works shall have been given to the contractor, either himself be present to receive orders and instruction or have responsible agent duly accredited in writing present for that purpose. Order given to the contractors' duly authorized agent shall be considered to have the same force and effect as if they had been given to the contractor himself.

27.2. Notice To Be Given Before Work Is Covered Up The contractor shall give not less than ten days' notice in writing to the Eng-In-Charge or his subordinate in charge of the work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimension thereof taken before the same is so covered up or placed beyond the reach of measurements and shall not cover up or place beyond the reach of measurement any work without the consent in writing of the Eng-In-Charge or his subordinate in charge of the work, and if any work shall be covered up or placed beyond the reach of measurement, without such notice having been given or consent obtained the same shall be uncovered at the contractors expenses, and in default thereof no payment or allowance shall be made for such work or for the materials with which the same was executed

27.3 Works to be executed in accordance with specifications / drawings / orders etc. :

The contractor shall execute the whole and every part of the work the most substantial and workman like manner and both has regards material and every other respect in strict accordance with specifications. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Engineer In-charge and lodged in his office and to which the contractor shall be entitled to have access for the purpose of inspection at such office, or on the site or work during office hours. The contractor shall be entitled to receive three sets of contract drawings and working drawings as well as one certified copy of the accepted tender along with the work order free of cost.

27.4 Ready Mix Concrete/ Asphalt Mix (Not applicable)

~~i) The contractor shall have to arrange Ready Mix concrete (RMC)/Asphalt from RMC/ASPHALT producing plants registered with BMC~~

~~ii) The contractor shall, within a 7 days of award of the work, submit a list of at least three RMC/Asphalt producers with details of such plants including details and number of transit, mixers & pumps etc. to be deployed indicating name of owner/company, its location, capacity, technical establishment.~~

~~The Engineer in charge will reserve right to inspect at any stage and reject the concrete if he is not satisfied about quality of product at the user's end.~~

~~iii) The Engineer in charge reserves the right to exercise control over the:-~~

~~a) Calibration check of the RMC/Asphalt plant.~~

~~b) Weight and quantity check on the ingredients, water and admixtures added for batch mixing for RMC plants~~

~~c) Time of mixing of concrete/grade of asphalt.~~

~~d) Testing of fresh concrete/asphalt mix, recording of results and declaring the mix fit or unfit for use. This will include continuous control on the work ability during production and taking corrective action, if required.~~

~~e) For exercising such control, the Engineer in charge shall periodically depute his authorized representative at the RMC/Asphalt plant. It shall be responsibility of the contractor to ensure that all necessary equipment, manpower & facilities are made available to Engineer in charge and or his authorized representative at RMC/Asphalt plant.~~

~~f) All required relevant records of RMC/Asphalt mix shall be made available to the Engineer in charge or his authorized representative. Engineer in charge shall, as required, specify guidelines & additional procedures for quality control & other parameters in respect of material production & transportation of concrete mix which shall be binding on the contractor & the RMC/Asphalt plant. Only concrete as approved in design mix by Engineer in charge shall be produced in RMC plant and transported to the site.~~

~~g) The contractor shall have to produce a copy of chalan receipts/SCADA reports/VTS reports as issued by the RMC/Asphalt plant as a documentary proof in lieu of supply of RMC/Asphalt mix before releasing payment.~~

28. Identifying Defects

28.1 The Engineer shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Engineer may instruct the Contractor to search for a Defect and to uncover and test any work that the Engineer considers may have a Defect.

28.2 The Contractor shall permit the Employer's technical person(s) to check the Contractor's work and notify the Engineer and Contractor if any defects that are found.

29. Tests

29.1 For carrying out mandatory tests as prescribed in the specifications, the Contractor shall establish field laboratory at the location decided by Engineer. The field laboratory will have minimum of equipments as specified in the Contract Data. The contractor shall be solely responsible for:

a. Carrying out the mandatory tests prescribed in the Specifications, and

b. For the correctness of the test results, whether performed in his laboratory or elsewhere.

29.2 If the Engineer instructs the Contractor to carry out a test not specified in the Specification/ Quality Assurance Handbook to check whether any work has a Defect and the test shows that it does, the Contractor shall pay for the test and any samples. If there is no defect, the test shall be a compensation event.

When required by the Engineer-in-charge the contractor(s) shall supply for the purpose of testing samples of all materials proposed to be used in the works. Samples submitted either to govern bulk supplies or required for testing before use shall be in suitable packages to contain them and shall be provided free of charge by the contractor. The cost of testing shall be borne by the contractor even if the result of the sample confirm or do not confirm to the relevant BIS code specifications.

i. All expenditure required to be incurred for taking the samples conveyance, packing shall be borne by the contractor himself.

ii. The failed material shall be removed from the site by the contractor at his own cost within a week time of written order of the Engineer-in-charge.

29.3 Setting of Site Laboratories: (Not Applicable)

~~Contractors shall set up a laboratory at site before commencement of work at their cost for performing various tests and at least the following machines and equipments shall be provided therein—~~

~~1. Set of Sieves as per I.R.C. /I.S.~~

~~2. Compressive Testing Machine(For new works)~~

~~3. Oven, Electrically Operated~~

~~4. Weighing Balance (20 kg capacity)~~

~~5. 3 m straight edge~~

~~6. Sieve shaker~~

~~7. First Aid Box~~

~~8. Measuring Jar (for silt content)~~

~~9. Other Machines/apparatus as may be directed by the Engineer~~

~~10. Vernier Caliber~~

~~11. Level / Theodolite~~

~~All the test records shall be maintained in the site office and made available as and when required. The laboratory must be established within 15 days from the date of receipt of the orders from Engineer In charge. On failure to do so, a penalty of Rs 1000/- per day shall be imposed.~~

~~The contractor shall install testing equipment at site. The contractor shall ensure and certify the calibration of the equipment so installed and shall maintain the same in working order throughout the period of construction. The contractor shall also provide necessary technically qualified experienced trained staff for carrying out such tests for using such equipment. The tests shall be carried out under the supervision of the Engineer in charge. The calibration shall be checked every twelve months as directed by Engineer in charge.~~

30. Correction of Defects noticed during the Defects Liability Period.

30.1 (a) The Engineer shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at Completion and ends after five years. The Defects Liability Period shall be extended for as long as Defects remain to be corrected.

(b) Every time notice of Defect/Defects is given, the Contractor shall correct the notified Defect/Defects within the duration of time specified by the Engineer's notice.

(c) The Engineer may issue notice to the Contractor to carry out removal of defects or deficiencies, if any, noticed in his inspection, or brought to his notice. The Contractor shall remove the defects and deficiencies within the period specified in the notice and submit to the Engineer a compliance report.

31. Uncorrected Defects and Deficiencies

31.1 If the Contractor has not corrected a Defect pertaining to the Defect Liability Period under clause and deficiencies in maintenance, to the satisfaction of the Engineer, within the time specified in the Engineer's notice, the Engineer will assess the cost of having the Defect or deficiency corrected, and the Contractor shall pay this amount, on correction of the Defect or deficiency by another agency.

D. Cost Control

32. Variations (Not Applicable)

~~The Engineer shall, having regard to the scope of the Works and the sanctioned estimated cost, have power to order, in writing, Variations within the scope of the Works he considers necessary or advisable during the progress of the Works. Such Variations shall form part of the Contract and the Contractor shall carry them out and include them in updated Programmes produced by the Contractor. Oral orders of the Engineer for Variations, unless followed by written confirmation, shall not be taken into account.~~

33. Payments for Variations (Not Applicable)

~~33.1 If rates for Variation items are specified in the Bill of Quantities, the Contractor shall carry out such work at the same rate.~~

~~33.2 The rate for Extra/Excess shall be governed by clause 10.A of Standard General Condition of Contract~~

34. Cash Flow Forecasts

~~When the Programme is updated, the Contractor shall provide the Engineer with an updated cash flow forecast.~~

35. Payment Certificates

The payment to the Contractor will be as follows for construction work:

(a) A bill shall be submitted by the Contractor monthly or before the date fixed by the Engineer In-charge for all works executed in the previous month, and the Engineer In-charge shall take or cause to be taken requisite measurement for the purpose of having the same verified and the claim, so far as it is admissible, shall be adjusted, if possible, within 10 days from the presentation of the bill. If the contractor does not submit the bill within the time fixed as aforesaid, the Engineer In-charge may depute a subordinate to measure up the said work in the presence of the contractor or his duly authorized agent whose counter signature to the measurement list shall be sufficient warrant, and Engineer In-Charge may prepare a bill from such list which shall be binding on the contractor in all respects.

(b) The Engineer shall check the Contractor's fortnightly/monthly statement within 14 days and certify the amount to be paid to the Contractor.

(c) The value of work executed shall be determined, based on measurements by the Engineer.

(d) The value of work executed shall comprise the value of the quantities of the items in the Bill of Quantities completed.

(e) The value of work executed shall also include the valuation of Variations and Compensation Events.

(f) The Engineer may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information. (g) The contractor shall submit all bills on the printed forms at the office of Engineer In-charge. The charges to be made in the bills shall always be entered at the rates specified in tender.

36. Payments

36.1 Payments shall be adjusted for deductions for advance payments, retention, security deposit, other recoveries in terms of the Contract and taxes at source, as applicable under the law. The Employer shall pay the Contractor the amounts certified by the Engineer within 15 days of the date of each certificate.

36.2 All sums payable by a contractor by way of compensation under any of these conditions, shall be considered as a reasonable compensation to be applied to the use of BMC without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

~~36.3 No payment shall be made for any work estimated to cost less than Rupees One Thousand till after the whole of work shall have been completed and the certificate of completion given. But in the case of works estimated to cost more than Rs. One Thousand, the contractor shall on submitting a monthly bill therefore be entitled to receive payment proportionate to the part of the work than approved and passed by the Engineer In charge, whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. All such intermediate payments shall be regarded as payments by way of advance against the final payments only and not as payments for work actual done and completed and shall not preclude the Engineer In charge from requiring any bad, unsound, imperfect or unskillful work to be removed or taken away and reconstructed or re-erected nor shall any such payment be considered as an admission of the due performance of the contract or any part thereof in any respect or the offering of any claim not shall it conclude, determine or effect in any other way, the powers of the Engineer In charge as to the final settlement and adjustment of the accounts or otherwise, or in any other way vary or effect the contract. The final bill shall be submitted by the Contractor within one month of the date fixed for the completion of the work otherwise the Engineer In-charge's certificate of the measurements and of the total amount payable for the work shall be final and binding on all parties.~~

37. The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor for not having given early warning or not having cooperated with the Engineer.

38. Tax

GST and other state levies/ cess which are not subsumed under GST will be applicable. The tenderer shall quote inclusive of all taxes applicable at the time of bid submission. It is clearly understood that BMC will not bear any additional liability towards payment of any Taxes & Duties.

Wherever the services to be provided by the Tenderers, falls under Reverse Charge Mechanism, the Price quoted shall be exclusive of GST, but inclusive of Taxes/ Duties/ Cess other than GST, if any.

Rates accepted by BMC shall hold good till completion of work and no additional individual claim shall be admissible on account of fluctuations in market rates; increase in taxes/ any other levies / tolls etc. except that payment/ recovery for overall market situation shall be made as per Price variation **and if there is any subsequent change (after submission of bid) in rate of GST applicable on the work/ services to be executed as per tender, i.e. any increase will be reimbursed by BMC whereas any reduction in the rate of GST shall be passed on to BMC as per the provisions of the GST Act.**

“Chapter XXI- Miscellaneous, section 171(1) of GST Act, 2017 governs the ‘Anti Profiteering Measures’ (APM) As per the provision of this section, ‘Any reduction in rate of tax on any supply of goods or services or the benefit of input tax credit shall be passed on

to the recipient by way of commensurate reduction in prices. Accordingly, the contractor should pass on the complete benefit accruing to him on account of reduced tax rate or additional input tax credit to BMC. Further, all the provisions of GST Act will be applicable to the quotationer.

If the contract value for goods and services is more than Rs.250000/-(excluding GST),the 2%GST-TDS (1%CGST+1%SGST or 2%IGST) will be deducted from contract bill.

The GST-TDS is not applicable to the goods and services which are

i)GST exempted.

ii)RCM services provided by BMC and liability BMC to pay GST.

iii)Goods and Services provided by unregistered contractors and there is no any liability of BMC to pay GST, the GST-TDS will not be deducted from bill.

39. Currencies

All payments will be made in Indian Rupees.

40. Liquidated Damages

Both, the Contractor and the Employer have agreed that it is not feasible to precisely estimate the amount of losses due to delay in completion of works and the losses to the public and the economy, therefore, both the parties have agreed that the Contractor shall pay liquidated damages to the Employer and not by way of penalty, at the rate per week or part thereof stated in the Contract Data for the period that the Completion Date is later than the Intended Completion Date. Liquidated damages at the same rates shall be withheld if the Contractor fails to achieve the milestones prescribed in the Contract Data. However, in case the Contractor achieves the next milestone, the amount of the liquidated damages already withheld shall be restored to the Contractor by adjustment in the next payment certificate. The Employer and the contractor have agreed that this is a reasonable agreed amount of liquidated damage. The Employer may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's other liabilities.

41. Cost of Repairs

Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Correction periods shall be remedied by the Contractor at his cost if the loss or damage arises from the Contractor's acts or omissions.

E. Finishing the Contract

42. Completion of Construction and Maintenance

42.1 The Contractor shall request the Engineer to issue a certificate of completion of the construction of the works, and the Engineer will do so upon deciding that the works is completed. This shall be governed as per clause no.8(g) of Standard General Conditions of Contract.

43. Taking Over

43.1 The Employer shall take over the works within seven days of the Engineer issuing a certificate of completion of works. The Contractor shall continue to remain responsible for its routine maintenance during the maintenance period if specified in the contract.

44. Final Account

Final joint measurement alongwith the representatives of the contractor should be taken recorded and signed by the Contractors. Contractors should submit the final bill within 1 month of physical completion of the work.

If the contractor fails to submit the final bill within 1 month, the BMC staff will prepare the final bill based on the joint measurement within next 3 months.

Engineer's decision shall be final in respect of claims for defect and pending claims against contractors.

No further claims should be made by the Contractor after submission of the final bill and these shall be deemed to have been waived and extinguished. Payment of those items of the bills in respect of which there is no dispute and of items in dispute, for quantities and rates as approved by the Commissioner shall be made within a reasonable period as may be necessary for the purpose of verification etc.

After payment of the final bill as aforesaid has been made, the contractor may, if he so desires, reconsider his position in respect of a disputed portion of the final bills and if he fails to do so within 84 days, his disputed claim shall be dealt with as provided in the contract. A percentage of the retention money, over and above the actual retention money as indicated below shall be held back from payments till the finalization of final bill to be submitted as per above and will be paid within 30 days of acceptance of the final bill.

Sr.no.	Amount of Contract Cost	Minimum Payable Amount in final bill
1	Upto Rs.5 Cr.	Rs.10 Lacs or final bill whichever is more
2	Upto Rs.25 Cr.	Rs.1 Crore or final bill amount whichever is more
3	Upto Rs. 50 Cr.	Rs.2 Crores or final bill amount whichever is more
4	Upto Rs.100 Cr.	Rs.4 Crore or final bill amount whichever is more
5	More than Rs.100 Cr.	Rs.7 Crore or final bill amount whichever is more

The contractor have to submit the bill for the work carried out within 15 days from the date of completion of the work to the respective executing department. If the contractor fails to submit their bills to concerned executing department, penalty or action as shown below will be taken for each delayed bill:-

After 15 days from the date of completion/running bill upto certain date, upto next 15 days i.e. upto 30 days	Equal to 5% of bill amount
Next 15 days upto 45 days from the date of completion/running bill upto specified date	Equal to 10% of bill amount
If not submitted within 45 days from the date of completion/ R.A. bill	Bill will not be admitted for payment.

45. Operating and Maintenance Manuals

45.1 If "as built" Drawings and/or operating and maintenance manuals are required, the Contractor shall supply them by the dates stated in the Contract Data.

45.2 If the Contractor does not supply the Drawings and/or manuals by the dates stated in the Contract Data, or they do not receive the Engineer's approval, the Engineer shall withhold the amount stated in the Contract Data from payments due to the Contractor.

46. Termination

46.1 The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.

46.2 Fundamental breaches of Contract shall include, but shall not be limited to, the following:

- a) the Contractor stops work for 30 days when no stoppage of work is shown on the current Programme and the stoppage has not been authorized by the Engineer;
- b) the Contractor is declared as bankrupt or goes into liquidation other than for approved reconstruction or amalgamation;
- c) the Engineer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Engineer;
- d) the Contractor does not maintain a Security, which is required; e) the Contractor has delayed the completion of the Works by the number of days for which the maximum amount of liquidated damages can be paid, as defined in relevant clause.
- f) the Contractor fails to provide insurance cover as required under relevant clause .

g) if the Contractor, in the judgment of the Employer, has engaged in the corrupt or fraudulent practices as defined in GCC in competing for or in executing the Contract.

h) if the Contractor fails to set up a field laboratory with the prescribed equipment, within the period specified in the Contract Data; and

i) any other fundamental breaches as specified in the Contract Data.

j) if the Contractor fails to deploy machinery and equipment or personnel as specified in the Contract Data at the appropriate time.

46.3 When either party to the contract gives notice of a breach of contract to the Engineer for a cause other than those listed above, the Engineer shall decide whether the breach is fundamental or not.

46.4 Notwithstanding the above, the Employer may terminate the Contract for convenience.

46.5 If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure, and leave the Site as soon as reasonably possible.

47. Payment upon Termination

47.1 If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Engineer shall issue a certificate for value of the work done and materials ordered less liquidated damages, if any, less advance payments received up to the date of the issue of the certificate and less the percentage to apply to the value of the work not completed, as indicated in the Contract Data. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be recovered from the security deposit, and performance security. If any amount is still left un-recovered it will be a debt due from the Contractor to the Employer

47.2 If the Contract is terminated at the Employer's convenience, the Engineer shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works and less advance payments received up to the date of the certificate, less other recoveries due in terms of the Contract, and less taxes due to be deducted at source as per applicable law.

48. Property

All Materials on the Site, Plant, Equipment, Temporary Works, and Works shall be deemed to be the property of the Employer for use for completing balance construction work if the Contract is terminated because of the Contractor's default, till the Works is completed after which it will be transferred to the Contractor and credit, if any, given for its use.

49. Release from Performance

If the Contract is frustrated by the outbreak of war or by any other event entirely outside the control of the Employer or the Contractor, the Engineer shall certify that the Contract has been frustrated. The Contractor shall make the Site safe and stop work as quickly as possible after receiving this certificate and shall be paid for all work carried out before receiving it and for any work carried out afterwards to which a commitment was made.

A) Other Conditions of Contract

50. Labour

50.1 The Contractor shall, unless otherwise provided in the Contract, make his own arrangements for the engagement of all staff and labour, local or other, and for their payment, housing, feeding and transport.

50.2 The Contractor shall, if required by the Engineer, deliver to the Engineer a return in detail, in such form and at such intervals as the Engineer may prescribe, showing the staff and the number of the several classes of labour from time to time employed by the Contractor on the Site and such other information as the Engineer may require.

51. Compliance with Labour Regulations

(a) During continuance of the Contract, the Contractor and his sub-Contractors shall abide at all times by all existing labour enactments and rules made there under, regulations, notifications and bye laws of the State or Central Government or local authority and any other labour law (including rules), regulations, bye laws that may be passed or notification that may be issued under any labour law in future either by the State or the Central Government or the local authority.

(b) Furthermore, the Contractor shall keep the Employer indemnified in case any action is taken against the Employer by the competent authority on account of contravention of any of the provisions of any Act or rules made there under, regulations or notifications including amendments. If the Employer is caused to pay or reimburse, such amounts as may be necessary to cause or observe, or for non-observance of the provisions stipulated in the notifications/bye laws/Acts/Rules/regulations including amendments, if any, on the part of the Contractor, the Engineer/Employer shall have the right to deduct any money due to the Contractor including his amount of performance guarantee. The Employer/Engineer shall also have right to recover from the Contractor any sum required or estimated to be required for making good the loss or damage suffered by the Employer.

(c) The Contractor shall require his employees to obey all applicable laws, including those concerning safety at work.

(d) The employees of the Contractor and the Sub-Contractor in no case shall be treated as the employees of the Employer at any point of time.

52. Drawings and Photographs of the Works

52.1 The Contractor shall do photography/video photography of the site firstly before the start of the work, secondly mid-way in the execution of different stages of work as required by Engineer In-charge and lastly after the completion of the work. No separate payment will be made to the Contractor for this.

52.2 The Contractor shall not disclose details of Drawings furnished to him and works on which he is engaged without the prior approval of the Engineer in writing. No photograph of the works or any part thereof or plant employed thereon, except those permitted under above clause, shall be taken or permitted by the Contractor to be taken by any of his employees or any employees of his sub-Contractors without the prior approval of the Engineer in writing. No photographs/ Video photography shall be published or otherwise circulated without the approval of the Engineer in writing.

53. The Apprentices Act, 1961

The Contractor shall duly comply with the provisions of the Apprentices Act 1961 (III of 1961), the rules made there under and the orders that may be issued from time to time under the said Act and the said Rules and on his failure or neglect to do so, he shall be subject to all liabilities and penalties provided by the said Act and said Rules.

54 Contract Document

The documents forming the contract are to be taken as mutually explanatory of one another. Unless otherwise provided in the contract, the priority of the documents forming the contract shall be, as follows:

- 1) Contract Agreement (if completed)
- 2) The letter of Acceptance
- 3) The Bid:
- 4) Addendum to Bid; if any
- 5) Tender Document
- 6) The Bill of Quantities:
- 7) The Specification:
- 8) Detailed Engineering Drawings
- 9) Standard General Conditions of Contracts (GCC)
- 10) All correspondence documents between bidder/contractor and BMC.

55 Conflict of Interest

The Applicant shall not have a conflict of interest (the “Conflict of Interest”) that affects the Bidding Process. Any Applicant found to have a Conflict of Interest shall be disqualified. An Applicant shall be deemed to have a Conflict of Interest affecting the Bidding Process, if

1. A constituent of such Applicant is also a constituent of another Applicant; or
2. Such Applicant has the same legal representative for purposes of this Application as any other Applicant; or
3. Such Applicant, or any Associate thereof has a relationship with another Applicant, or any Associate thereof, directly or through common third party/ parties, that puts either or both of them in a position to have access to each other’s information about, or to influence the Application of either or each other; or
4. The Applicant shall be liable for disqualification if any legal, financial or technical adviser of the Authority in relation to the Project is engaged by the Applicant, its Member or any Associate thereof, as the case may be, in any manner for matters related to or incidental to the Project. For the avoidance of doubt, this disqualification shall not apply where such adviser was engaged by the Applicant, its Member or Associate in the past but its assignment expired or was terminated 6 (six) months prior to the date of issue of this TENDER. Nor will this disqualification apply where such adviser is engaged after a period of 3(three) years from the date of commercial operation of the Project.

56. Applications and costs thereof

No Applicant shall submit more than one Application for the Project. An applicant applying individually shall not be entitled to submit another application either individually. The Applicant shall be responsible for all of the costs associated with the preparation of their Applications and their participation in the Bid Process. The Authority will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the Bidding Process.

57. Acknowledgment by Applicant

It shall be deemed that by submitting the Application, the Applicant has:

- a. made a complete and careful examination of the tender;
- b. received all relevant information requested from the Authority;
- c. accepted the risk of inadequacy, error or mistake in the information provided in the tender or furnished by or on behalf of the Authority relating to any of the matters referred; and

d. Agreed to be bound by the undertakings provided by it under and in terms hereof.

“The Authority” shall not be liable for any omission, mistake or error in respect of any of the above or on account of any matter or thing arising out of or concerning or relating to the TENDER or the Bidding Process, including any error or mistake therein or in any information or data given by the Authority.

58. Right to accept or reject any or all Applications/ Bids

Notwithstanding anything contained in this TENDER, “The Authority” reserves the right to accept or reject any Application and to annul the Bidding Process and reject all Applications/ Bids, at any time without any liability or any obligation for such acceptance, rejection or annulment, and without assigning any reasons therefore. In the event that the Authority rejects or annuls all the Bids, it may, in its discretion, invite all eligible Bidders to submit fresh Bids hereunder.

“The Authority” reserves the right to reject any Application and/ or Bid if:

(a) at any time, a material misrepresentation is made or uncovered, or

(b) the Applicant does not provide, within the time specified by the Authority, the supplemental information sought by the Authority for evaluation of the Application. In case it is found during the evaluation or at any time before signing of the Agreement or after its execution and during the period of subsistence thereof including the concession thereby granted by “The Authority”, that one or more of the pre-qualification conditions have not been met by the Applicant, or the Applicant has made material misrepresentation or has given any materially incorrect or false information, the Applicant shall be disqualified forthwith if not yet appointed as the Successful Bidder either by issue of the LOA (Letter of Approval) or entering into of the Agreement, and if the Applicant has already been issued the LOA or has entered into the Concession Agreement, as the case may be, the same shall, notwithstanding anything to the contrary contained therein or in this TENDER, be liable to be terminated, by a communication in writing by “The Authority” to the Applicant, without the Authority being liable in any manner whatsoever to the Applicant and without prejudice to any other right or remedy which the Authority may have under this TENDER, the Bidding Documents, the Concession Agreement or under applicable law.

“The Authority” reserves the right to verify all statements, information and documents submitted by the Applicant in response to the TENDER. Any such verification or lack of such verification by the Authority shall not relieve the Applicant of its obligations or liabilities hereunder nor will it affect any rights of the Authority there under.

59 The bid shall be rejected if the bidder-

a. Stipulates the validity period less than 180 days.

b. Stipulates own condition/conditions.

c. Does not fill and (digital) sign undertaking forms, which are incorporated, in the document.

60 Clarifications

Applicants requiring any clarification on the tender may notify “the Authority” in writing or by fax or e-mail. They should send in their queries before the date specified in the header data. “The Authority” shall Endeavor to respond to the queries within the period specified therein. The responses will be sent by fax and/or e-mail. The Authority will forward all the queries and its responses thereto, to all purchasers of the TENDER without identifying the source of queries.

“The Authority” shall Endeavor to respond to the questions raised or clarifications sought by the Applicants. However, the Authority reserves the right not to respond to any question or provide any clarification, in its sole discretion, and nothing in this Clause shall be taken or read as compelling or requiring the Authority to respond to any question or to provide any clarification, but not later than the date provided in header data.

“The Authority” may also on its own motion, if deemed necessary, issue interpretations and clarifications to all Applicants. All clarifications and interpretations issued by the Authority shall be deemed to be part of the tender. Verbal clarifications and information given by Authority or its employees or representatives shall not in any way or manner be binding on the Authority.

61 Amendment of tender

At any time prior to the deadline for submission of Application, the Authority may, for any reason, whether at its own initiative or in response to clarifications requested by an Applicant, modify the tender by the issuance of Addendum.

Any Addendum thus issued will be sent in writing/ Fax/ Email to all those who have purchased the tender.

In order to afford the Applicants a reasonable time for taking an Addendum into account, or for any other reason, the Authority may, in its sole discretion, extend the Application Due Date.

Preparation and Submission of Application

62 Language

The Application and all related correspondence and documents in relation to the Bidding Process shall be in English language. Supporting documents and printed literature furnished by the Applicant with the Application may be in any other language provided that they are accompanied by translations of all the pertinent passages in the English language, duly authenticated and certified by the Applicant. Supporting materials, which are not translated into English, may not be considered.

For the purpose of interpretation and evaluation of the Application, the English language translation shall prevail.

63 Format and signing of Application

The Applicant shall provide all the information sought under this TENDER. The Authority will evaluate only those Applications that are received in the required formats and complete in all respects. Incomplete and /or conditional Applications shall be liable to rejection.

The Applicant will upload bid in One Folder in electronic form which shall contain the scanned certified copies of the documents given below and the documents uploaded has to be digitally signed by the bidder. These copies shall be certified by Practicing Notary approved by the Govt. of Maharashtra or Govt. of India with his stamp, clearly stating his name & registration number, except where original documents are demanded

64 Marking of Applications

The Applicant shall submit the Application in the format specified at Appendix-I, together with the documents, upload in folder as “VENDOR” together with their respective enclosures

Applications submitted by fax, telex, telegram shall not be entertained and shall be rejected outright.

65 Late Applications

Applications received by the Authority after the specified time on the Application Due Date shall not be eligible for consideration and shall be summarily rejected.

66 Confidentiality

Information relating to the examination, clarification, evaluation, and recommendation for the short-listed qualified Applicants shall not be disclosed to any person who is not officially concerned with the process or is not a retained professional advisor advising the Authority in relation to or matters arising out of, or concerning the Bidding Process. The Authority will treat all information, submitted as part of Application, in confidence and will require all those who have access to such material to treat the same in confidence. The Authority may not divulge any such information unless it is directed to do so by any statutory entity that has the power under law to require its disclosure or is to enforce or assert any right or privilege of the statutory entity and/ or the Authority or as may be required by law or in connection with any legal process.

67 Clarification of Financial Bids

To assist in the examination, evaluation and comparison of Bids, the Engineer may, at his discretion, ask any bidder for clarification of his Bid, including breakdown of unit rates. The request for clarification and the response shall be in writing or by post/facsimile/e-mail. No Bidder shall contact the Engineer on any matter relating to his bid from the time of the bid opening to the time the contract is awarded. Any effort by the Bidder to influence the Engineer in the Engineer's bid evaluation, bid comparison or contract award decisions may result in the rejection of the Bidder's bid.

68 Inspection of site and sufficiency of tender:

1. The Contractor shall inspect and examine the site and its surrounding and shall satisfy himself before submitting his tender as to the nature of the ground and subsoil (so far as is practicable), the form and nature of the site, the quantities and nature of the work and materials necessary for the completion of the works and means of access to the site, the accommodation he may require and in general shall himself obtain all necessary information as to risk, contingencies and other circumstances which may influence or affect his tender. He shall also take into consideration the hydrological and climatic conditions.

2. The Employer may make available to the Contractor data on hydrological and sub-surface conditions as obtained by or on his behalf from investigations relevant to the works but the Contractor shall be responsible for his own interpretation thereof. The contractor shall engage his investigating agency with prior approval of the Engineer from the approved list of such agencies by BMC or Govt at his cost initially before commencing actual work and which shall be reimbursed immediately subject to satisfaction of the Engineer for faithful compliance and submission of required data regarding such investigation within specified time.

3. The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the rates and prices quoted in the schedule of works / items / quantities, or in Bill of Quantities, which rates and prices shall, except as otherwise provided cover all his obligations under the Contract and all matters and things necessary for proper completion and maintenance of the works. No extra charges consequent on any misunderstanding.

4. Not Foreseeable Physical Obstructions or Conditions: If, however, during the execution of the Works the Contractor encounters physical obstructions or physical conditions, other than climatic conditions on the Site, which obstructions or conditions were, in his opinion, not foreseeable by an experienced contractor, the Contractor shall forthwith give notice thereof to the Engineer. On receipt of such notice, the Engineer shall, if in his opinion such obstructions or conditions could not have been reasonably foreseen by an experienced contractor, after due consultation with the Contractor, determine:

- any extension of time to which the Contractor is entitled and
- The amount of any costs which may have been incurred by the Contractor by reason of such obstructions or conditions having been encountered, which shall be added to the Contract Price.
- and shall notify the Contractor accordingly. Such determination shall take account of any instruction which the Engineer may issue to the Contractor in connection therewith, and any proper and reasonable measures acceptable to the Engineer which the Contractor may take in the absence of specific instructions from the Engineer. However such costings shall be got approved by the competent authority as governed vide rules prevailing with authority.

5. Office for the Engineer (Works costing upto Rs.50 Lakhs) (Not Applicable)

~~The Contractor shall at his own cost and to satisfaction of the Engineer provide a small temporary office, at the work site which will include tables, chairs and lockers for keeping the records. He shall also make necessary arrangements for drinking water, telephone with a pre requisite of e-governance and electronic communication. These offices are not to be allowed on public roads without the written instruction of the Engineer. These offices should be preferably located within 50 to 500 m of the worksite. In case the office is more than 500m away from the worksite, the contractor is to provide conveyance for Municipal Staff.~~

6. Office for the Engineer (Works costing above Rs.50 lakhs) (Not Applicable)

~~The Contractor shall at his own cost and to satisfaction of the Engineer provide a temporary office at the work site which will include tables, chairs and lockers for keeping the records. He shall also make necessary arrangements for drinking water, latrines, with doors, windows, locks, bolts and fastenings sufficient for security for the Engineer, and his subordinates, as close to the works from time to time in progress as can be conveniently arranged, and shall at his own cost furnish the office with such chairs, tables, lockers, locks and fastenings as may be required by the Engineer, and no expense of any kind in connection with the erection or upkeep of the offices or fittings shall be borne by the Corporation, but all such work shall be carried out by the Contractor and the expenses thereof defrayed by him. The Contractor shall also make water connections and fit up stand pipe with a bib tap at each office. The latrines and the water connections shall be subject to all the conditions herein elsewhere laid down for temporary water connection and latrines generally with all requisite equipments for e-governance and electronic and digital communication. These offices are not to be allowed on public roads without the written instruction of the Engineer. These offices should be preferably located within 50 to 500 m of the worksite. In case the office is more than 500m away from the worksite, the contractor is to provide conveyance. Also, for staff working beyond working hours the contractor has to provide conveyance.~~

7. Permission for provision and removal of office on completion of work: (Not Applicable) ~~The tenderer shall obtain permission for provision of site office, cement go down, store, etc. on payment of necessary cost implication. The cement go down, Watchman cabins, etc. shall be provided as directed and shall be removed by the Tenderers on completion of the work at their cost. It is binding on the Tenderer to fulfill requirements of Environmental Authorities. The location of such office shall be finalized and got approved from the Engineer before erection/commencement work.~~

8. Contractor's office near works (Not Applicable): ~~The Contractor shall have an office near the works at which notice from the Commissioner or the Engineer may be served and shall, between the hours of sunrise and sunset on all working days, have a clerk or some other authorized person always present at such office upon whom such notices may be served and service of any notices left with such clerk or other authorized person or at such office shall be deemed good service upon the Contractor and such offices shall have pre-requisite facilities for e-governance.~~

69 Official Secrecy:

The Contractor shall of all the persons employed in any works in connection with the contract that the India Official Secrets Act 1923 (XIX of 1923) applies to them and will continue to apply even after execution of the said works and they will not disclose any information regarding this contract to any third party. The contractor shall also bring into notice that, any information found to be leaked out or disclosed the concern person as well as the Contractor will be liable for penal action; further the Corporation will be at liberty to terminate the contract without notice.

70 Subsequent Legislation:

If on the day of submission of bids for the contract, there occur changes to any National or State statute, Ordinance, decree or other law or any regulation or By-laws or any local or other duly constituted authority or the introduction of any such National or State Statute, Ordinance, decree or by which causes additional or reduced cost to the Contractor, such additional or reduced cost shall, after due consultation with the Contractor, be determined by the concerned Engineering Department of BMC and shall be added to or deducted from the Contract Price with prior approval of competent authority and the concerned Engineering Department shall notify the Contractor accordingly with a copy to the Employer. BMC reserve the right to take decision in respect of addition/reduction of cost in contract.

71 Patent, Right and Royalties:

The contractor shall save harmless and indemnify the Corporation from and against all claims and proceedings for or on account of infringement of any Patent rights, design trademark or name of other protected rights in respect of any constructional plant, machine work, or material used for or in connection with the Works or any of them and from and against all claims, proceedings, damages, costs, charges and expenses whatsoever in respect thereof or in relation thereto. Except where otherwise specified, the contractor shall pay all tonnage and other royalties, rent and other payments or compensation, if any, for getting stone, sand, gravel, clay or other materials required for the works or any of them.

72 Payments, Tax and Claims:

The limit for unforeseen claims

Under no circumstances whatever the contractor shall be entitled to any compensation from BMC on any account unless the contractor shall have submitted a claim in writing to the Eng-in-change within 1 month of the case of such claim occurring.

No interest for delayed payments due to disputes, etc:

It is agreed that the Brihanmumbai Municipal Corporation or its Engineer or Officer shall not be liable to pay any interest or damage with respect of any moneys or balance which may be in its or its Engineer's or officer's hands owing to any dispute or difference or claim or misunderstanding between the Brihanmumbai Municipal Corporation or its Engineer or Officer on the one hand and the contractor on the other, or with respect to any delay on the part of the Brihanmumbai Municipal Corporation or its Engineer or Officers in making periodical or final payments or in any other respect whatever.

73 Settlement of Disputes:

Termination of contract for death

If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies and if the Contractor is a partnership concern and one of the legal representative of the individual Contractor or the proprietor of the proprietary concern and in case of partnership, the surviving partners, are capable of carrying out and completing the contract, the Commissioner shall be entitled to cancel the contract as to its uncompleted part without the Corporation being in any way liable to payment of any compensation to the estate of the deceased Contractor and or to the surviving partners of the Contractor's firm on account of the cancellation of the contract. The decision of the Commissioner that the legal representative of the deceased Contractor or surviving partners of the Contractor's firm cannot carry out and complete the contract shall be final and binding on the parties. In the event of such cancellation the Commissioner shall not hold estate of the deceased Contractor and or surviving partners of the Contractor's firm liable in damages for not completing the contract.

Settlement of Disputes:

If any dispute or differences of any kind whatsoever other than those in respect of which, the decision of any person is, by the Contract, expressed to be final and binding) shall arise between the Employer and the Contractor or the Engineer and the Contractor in connection with or arising out of the Contract or carrying out of the Works (Whether during the progress of the Works or after their completion and whether before or after the termination, abandonment or breach of the Contract) it, the aggrieved party may refer such dispute within a period of 7 days to the concerned Addl. Municipal Commissioner who shall constitute a committee comprising of three officers i.e. concerned Deputy Municipal Commissioner or Director (ES&P), Chief Engineer other than the Engineer of the Contract and concerned Chief Accountant. The Committee shall give decision in writing within 60 days. Appeal on the Order of the Committee may be referred to the Municipal Commissioner within 7 days. Thereafter the Municipal Commissioner shall constitute a Committee comprising of three Addl. Municipal Commissioners including Addl. Municipal Commissioner in charge of Finance Department. The Municipal Commissioner within a period of 90 days after being requested to do so shall give written notice of committee's decision to the Contractor. Save as herein provided such decision in respect of every matter so referred shall be final and binding upon both parties until the completion of the works, and shall forthwith be given effect to by the Contractor who shall proceed with the works with due diligence, whether he requires arbitration as hereinafter provided or not. If the Commissioner has given written notice of the decision to the Contractor and

no Claim to arbitration has been communicated within a period of 90 days from receipt of such notice the said decision shall remain final and binding upon the Contractor.

74 Arbitration and Jurisdiction:

If the Commissioner shall fail to give notice of the decision as aforesaid within a period of 90 days after being requested as aforesaid, or if the Contractor be dissatisfied with any such decision, then and in any such case the Contractor may within 90 days after receiving notice of such decision or within 90 days after the expirations of the first named period of 90 days (as the case may be) require that the matter or matters in dispute be referred to arbitration as hereinafter provided. All disputes or differences in respect of which the decision (if any) of the Commissioner has not become final and binding as aforesaid shall be finally settled by

Arbitration as follows:

Arbitration shall be effected by a single arbitrator agreed upon the parties. The arbitration shall be conducted in accordance with the provisions of the Arbitration Act, 1996 or any statutory modifications thereof, and shall be held at such place and time within the limits of Brihan Mumbai as the arbitrator may determine. The decision of the arbitrator shall be final and binding upon the parties hereto and the expense of the arbitration shall be paid as may be determined by the arbitrator. Performance under the Contract shall, if reasonably be possible, continued during the arbitration proceedings and payment due to the Contractor by the Employer shall not be withheld unless they are the subject matter of arbitration proceedings. The said arbitrator shall have full power to open up, review and revise any decision, opinion, direction, certification or valuation of the Commissioner and neither party shall be limited in the proceedings before such arbitrator to the evidence or arguments put before the Commissioner for the purpose of obtaining his said decision. No decision given by the Commissioner in accordance with the foregoing provisions shall disqualify him from being called as a witness and giving evidence before the arbitrator on any matters whatsoever relevant to the disputes or difference referred to the arbitrator as aforesaid. All awards shall be in writing and for claims equivalent to 5,00,000 or more such awards shall state reasons for amounts awarded. The expenditure of arbitration shall be paid as may be determined by arbitrator.

In case of any claim, dispute or difference arising in respect of a contract, the cause of action thereof shall be deemed to have arisen in Mumbai and all legal proceedings in respect of any claim, dispute or difference shall be instituted in a competent court in the City of Mumbai only.

75 Copyright:

The copyright of all drawings and other documents provided by the Contractor under the contract shall remain vested in the Contractor or his sub-contractors as the case may be the employer shall have a license to use such drawings and other documents in connection with the design, construction, operation, maintenance of the works. At any time the Employer shall have further license without additional payment to the Contractor to use any such drawings or documents for the purpose of making any improvement of the works or enlargement or duplication of any part thereof, provided that such improvement, enlargement, or duplication by itself or in conjunction with any

other improvements, enlargements or duplications already made in accordance with the further license does not result in the duplication of the whole works.

76. Receipts to be signed in firm's name by any one of the partners:

Every receipt for money which may become payable or for any security which may become transferable to the Contractor under these present shall, if signed in the partnership name by any one of the partners, be a good and sufficient discharge to the Commissioner and Municipal Corporation in respect of the money or security purporting to be acknowledged thereby, and in the event of death of any of the partners during the pendency of this contract, it is hereby expressly agreed that every receipt by any one of the surviving partners shall, if so signed as aforesaid, be good and sufficient discharge as aforesaid provided that nothing in this clause contained shall be deemed to prejudice or effect any claim which the Commissioner or the Corporation may hereafter have against the legal representatives of any partners so dying or in respect of any breach of any of the conditions thereof, provided also that nothing in this clause contained shall be deemed prejudicial or affect the respective rights or obligations of the Contractors and of the legal representatives of any deceased Contractors interest.

77 Proprietary data

All documents and other information supplied by the Authority or submitted by an Applicant to the Authority shall remain or become the property of the Authority. Applicants are to treat all information as strictly confidential and shall not use it for any purpose other than for preparation and submission of their Application. The Authority will not return any Application or any information provided along therewith.

78 Correspondence with the Applicant

Save and except as provided in this TENDER, the Authority shall not entertain any correspondence with any Applicant in relation to the acceptance or rejection of any Application.

79 Price Variation Clause (Not Applicable)

~~The Contractor shall be reimbursed or shall refund to the Corporation as the case may be the variation in the value of the work carried out from time to time, depending on whether the prices of material and labour as a whole rise or fall, and the method adopted for such computations shall be as given below, it being clearly understood that the contractor shall have no claim for being reimbursed on the ground that the price of a particular material or group of materials have risen beyond the~~

limits of the presumptions made in the following paras, however, no price variations shall be made applicable for contracts upto 12 months:

A) ~~Controlled materials: Price variations shall be permitted in respect of these materials the price level of which is controlled by the Government or its agency. The rate ruling on the date of submission of the tender shall be considered as the basic price of such material for adjustment. Any variation in this rate shall be considered for reimbursement to the contractor or refund to be claimed from the contractor as the case may be. The contractor shall, for the purpose of adjustment submit in original the relevant documents from the suppliers.~~

B) ~~Labour and other materials: For the purpose of this contract and for allowing reimbursement of refund on account of variation of prices of (i) labour, and (ii) materials other than materials mentioned in A above, computation will be based on the formula enunciated below which is based on the presumptions that :~~

i) ~~The general price level of labour, rises or falls in proportion to the rise or fall of consumer price index number 9 (general) for working class in Mumbai.~~

ii) ~~The general price level of materials rises or falls in proportion to rise or fall of whole sale price index as published by 'Economic Adviser to Govt. of India'.~~

iii) ~~And that the component of labour is to the extent of 30 percent of 88 percent and the component of materials is to the extent of 70 percent of 88 percent of the value of the work carried out. The remaining 12 percent being the presumptive profit of the contractor. a) Formula for Labour component:~~

$$VL = (0.88 R) \times 30 \times (I - IO)$$

$$100 - IO$$

b) ~~Formula for Material component :~~

$$VM = (0.88 R \times 70 - C) \times (W - WO)$$

$$100 - WO$$

~~Where—~~

~~VL = Amount of price variation to be reimbursed or claimed as refund on account of general rise or fall of index referred to above.~~

~~I = Consumer Price Index number of working class for Mumbai (declared by the Commissioner of Labour and Director of Employment, Mumbai) applicable to the period under reference (base year ending 2004-05 as 100 i.e. new series of indices)~~

~~IO = Consumer price index number for working class for Mumbai (declared by the Commissioner of labour and Director of Employment, Mumbai) prevailing, on the day of 28 days prior to the date of submission of the tender.~~

~~VM = The amount of price variation to be reimbursed or claimed as refund on account of general rise or fall of wholesale price index for period under reference.~~

~~W = Average wholesale price index as published by Economic Adviser to Govt. of India applicable to the period under reference.~~

~~WO = Wholesale price index as stated above prevailing on the day of 28 days prior to the date of submission of the tender.~~

~~R = Total value of the work done during the period under reference as recorded in the Measurement Book excluding water charges and sewerage charges but including cost of excess in respect of item upto 50 percent~~

~~C = Total value of Controlled materials used for the works as recorded in Measurement Book and paid for at original basic rate plus the value of materials used.~~

~~i) The quantity of the Controlled material adopted in working out the value of 'C' shall be inclusive of permitted wastages as / if mentioned in specifications.~~

~~ii) The basic rate for the supply of controlled material shall be inclusive of all the components of cost of materials excluding transport charges incurred for bringing the material from place of delivery to the site.~~

~~Computations based on the above formula will be made for the period of each bill separately and reimbursement will be made to (when the result is plus) and refund will claimed from (when the result is minus) the contractor's next bill. The above formulae will be replaced by the formulae in Annexure I as and when mentioned in special conditions of contract~~

~~The operative period of the contract for application of price variation shall mean the period commencing from the date of commencement of work mentioned in the work order and ending on the date when time allowed for the work order and ending on the date when time allowed for the work specified in the contract for work expires, taking into consideration, the extension of time, if any, for completion of the work granted by Engineer under the relevant clause of the conditions of contract in cases other than those where such extension is necessitated on account of default of the contractor.~~

~~The decision of the Engineer as regards the operative period of the contract shall be final and binding on the contractors.~~

~~iii) Where there is no supply of controlled items to contractor the component 'C' shall be taken as zero.~~

~~C) Adjustment after completion: If the Contractor fails to complete the works within the time for completion adjustment of prices thereafter until the date of completion of the works shall be made using either the indices or prices relating to the prescribed time for completion, or the current indices or prices whichever is more favorable to the employer, provided that if an extension of time is granted, the above provision shall apply only to adjustments made after the expiry of such extension of time.~~

~~D) Price variation will be calculated similarly and separately for extra items and / or excess quantities and provisional sums calculated under Sub Clause 10 (b)A (i)&(ii) and Sub Clause 10 (b) B(ii) based on the above formula/formulae in Annexure I as and when mentioned in Special conditions of contract; IO and WO being the indices applicable to the date on which the rates under Sub Clause 10 (a)A (i)&(ii) and Sub Clause 10 (a) B(iii) are fixed. No price variation shall be admissible for FAIR items created during execution.~~

80. Maximum Price Variation shall be as follows: (Not Applicable)

Time Period of Project	Maximum limit of Price Variation
Up to 12 months	No variation allowed
Above 12 months to 24 months	5%
Above 24 months	10%

~~*Approval of AMC/MC shall be obtained before invitation of tender in case of any changes in above.~~

~~Note: 1) The extension in time period for the projects originally estimated including monsoon results in change of price variation slabs as mentioned above i.e. from first slab to second slab or from second slab to third slab, then the maximum limit of original slab will prevail.~~

~~2) Operative period shall mean original or extended time period of contract.~~

For example:

Extension of Time period	Maximum Price Variation
If original period of 11 months including monsoon extends to 16. The operative period will be 11+5 months.	No variation allowed

~~Price Variation during Extended Period of Contract:~~

~~(i) Extension Due To Modification & Extension for delay due to BMC :~~

~~The price variation for the period of extension granted shall be limited to the amount payable as per the Indices. In case the indices increases or decreases, above/below the indices applicable, to the last month of the original or extended period vide clause 8(1)(a)(i) and (ii) of standard GCC~~

~~(ii) Extension Of Time For Delay Due To Contractor:~~

~~(a) The price variation for the period of extension granted shall be limited to the amount payable as per the Indices in case the indices increase, above the indices applicable, to the last month of the original completion period or the extended period vide above clause 8(1)(a)(i) and (ii) of standard GCC.~~

~~(b) The price variation shall be limited to the amount payable as per the indices, in case the indices decrease or fall below the indices applicable, to the last month of original / extended period of completion period vide above clause 8(1)(b) of standard GCC, then lower indices shall be adopted.~~

~~(iii) Extension of Time For Delay due to reasons not attributable to BMC and Contractor (Reference Cl.8(d) of Standard GCC):~~

~~The price variation for the period of extension granted shall be limited to the amount payable as per the Indices in case the indices increases or decreases, above/below the indices applicable, to the last month of the original period.~~

81. Payment: As stated in section 10: Specifications

Interim Payment :(Not Applicable)

~~i) Interim bills shall be submitted by the Contractor from time to time (but at an interval of not less than one month) for the works executed. The Engineer shall arrange to have the bill s verified by taking or causing to be taken, where necessary, the requisite measurement of work.~~

~~ii) Payment on account for amount admissible shall be made on the Engineer certifying~~

~~the sum to which the Contractor is considered entitled by way of interim payment for all the work executed, after deducting there from the amount already paid, the security deposit / retention money and such other amounts as may be deductible or recoverable in terms of the contract.~~

~~iii) On request, the contractor will be paid upto 75 percent of the value of the work carried out as an adhoc payment in the first week of next month after deducting there from recoveries on account of advances, interest, retention money, income tax etc. The balance payment due will be paid thereafter.~~

~~iv) No interim payment will be admitted until such time the Contractor have fully complied with the requirement of the Condition no.8 (g) and 8 (h) concerning submission and approval of Network Schedule for the works, as detailed in Condition 8 (h). A fixed sum shall be held in abeyance at the time of next interim payment for non-attainment of each milestone in the network and shall be released only on attainment of the said milestone.~~

~~v) An interim certificate given relating to work done or material delivered may be modified or corrected by a subsequent interim certificate or by the final certificate. No certificate of the Engineer~~

~~supporting an interim payment shall of itself be conclusive evidence that any work or materials to which it relates is / are in accordance with the contract.~~

82 Banning/De-Registration of Agencies of Construction works in BMC

The regulations regarding Demotion/ Suspension Banning for specific period or permanently / De-Registration shall be governed as per the respective condition in Contractor Registration Rules of BMC.

83. JOINT VENTURE (Not Applicable)

~~**In case if Joint Venture is allowed for the Project, the guidelines for JV as follows shall be incorporated in the Tender Document:**~~

~~a) Joint Venture should be allowed only when the number of identifiable different works is more than one and/or the estimated cost of tender is more than Rs.100 Crores. JV shall also be allowed for complex technical work below Rs.100 Crores with the approval of concerned AMC~~

~~b) Separate identity/name shall be given to the Joint Venture firm.~~

~~c) Number of members in a JV firm shall not be more than three in normal circumstances, if the work involves only one discipline (say Civil or Electrical). If number of members in JV is required to be more than three, then approval of concerned AMC needs to be sought.~~

~~d) A member of JV firm shall not be permitted to participate either in individual capacity or as a member of another JV firm in the same tender.~~

~~e) The tender form shall be purchased and submitted in the 'name of the JV firm or any constituent member of the JV.~~

~~f) Normally EMD shall be submitted only in the name of the JV and not in the name of constituent member. However, EMD in the name of lead partner can be accepted subject to submission of specific request letter from lead partner stating the reasons for not submitting the EMD in the name of JV and giving written confirmation from the JV partners to the effect that the EMD submitted by the lead partner may be deemed as EMD submitted by JV firm.~~

~~g) One of the members of the JV firm shall be the lead member of the JV firm who shall have a majority (at least 51%) share of interest in the JV firm. The other members shall have a share of not less than 20% each in case of JV firms with up to three members and not less than 10% each in case of JV firms with more than three members. In case of JV firm with foreign member(s), the lead member has to be an Indian firm with a minimum share of 51%.~~

~~h) A copy of Letter of Intent or Memorandum of Understanding (MoU) executed by the JV members shall be submitted by the JV firm along with the tender. The complete details of the members of the JV firm, their share and responsibility in the JV firm etc. particularly with reference to financial technical and other obligation shall be furnished in the agreement.~~

~~i) Once the tender is submitted, the agreement shall not be modified/altere d/terminated during the validity of the tender. In case the tenderer fails to observe/comply with this stipulation, the full Earnest Money Deposit (EMD) shall be forfeited. In case of successful tenderer, the validity of this agreement shall be extended till the currency of the contract expires.~~

~~j) Approval for change of constitution of JV firm shall be at the sole discretion of the BMC. The constitution of the JV firm shall not be allowed to be modified after submission of the tender bid by the JV firm except when modification becomes inevitable due to succession laws etc. and in any case the minimum eligibility criteria should not get vitiated. In any case the Lead Member should continue to be the Lead Member of the JV firm. Failure to observe this requirement would render the offer invalid.~~

~~k) Similarly, after the contract is awarded, the constitution of JV firm shall not be allowed to be altered during the currency of contract except when modification become inevitable due to succession laws etc. and in any case the minimum eligibility criteria should not get vitiated. Failure to observe this stipulation shall be deemed to be breach of contract with all consequential penal action as per contract condition.~~

~~l) On award of contract to a JV firm, a single Performance Guarantee shall be required to be submitted by the JV firm as per tender conditions. All the Guarantees like Performance Guarantee, Bank Guarantee for Mobilization advance, machinery Advance etc. shall be accepted only in the name of the JV firm and no splitting of guarantees amongst the members of the JV firm shall be permitted.~~

~~m) On issue of LOA, an agreement among the members of the JV firm (to whom the work has been awarded) has to be executed and got registered before the Registrar of the Companies under Companies Act or before the Registrar / Sub Registrar under the Registration Act, 1908. This agreement shall be submitted by the JV firm to the BMC before signing the contract agreement for the work. (This agreement format should invariably be part of the tender condition). In case the tenderer fails to observe/comply with this stipulation, the full Earnest Money Deposit (EMD) shall be forfeited and other penal actions due shall be taken against partners of the JV and the JV. This joint venture agreement shall have, inter alia, following clauses:-~~

~~**i. Joint and several liability**—The members of the JV firm to which the contract is awarded, shall be jointly and severally liable to the Employer (BMC) for execution of the project in accordance with General and Special conditions of the contract. The JV members shall also be liable jointly and severally for the loss, damages caused to the BMC during the course of execution of the contract or due to no execution of the contract or part there of.~~

~~**ii. Duration of the Joint Venture Agreement**—It shall be valid during the entire period of the contract including the period of extension if any and the maintenance period after the work is completed.~~

~~**iii. Governing Laws**—The Joint Venture Agreement shall in all respect be governed by and interpreted in accordance with Indian Laws.~~

~~**iv. Authorized Member**—Joint Venture members shall authorize one of the members on behalf of the Joint Venture firm to deal with the tender, sign the agreement or enter into contract in respect of the said tender, to receive payment, to witness joint measurement of work done, to sign~~

~~measurement books and similar such action in respect of the said tender/contract. All notices/correspondences with respect to the contract would be sent only to this authorized member of the JV firm.~~

~~No member of the Joint Venture firm shall have the right to assign or transfer the interest right or liability in the contract without the written consent of the other members and that of the employer in respect of the said tender/contract.~~

~~n. Documents to be enclosed by the JV firm along with the tender:~~

~~i. In case one or more of the members of the JV firm is/are partnership firm(s), following documents shall be submitted:~~

~~a. Notary certified copy of the Partnership Deed,~~

~~b. Consent of all the partners to enter into the Joint Venture Agreement on a stamp paper of appropriate value (in original).~~

~~c. Power of Attorney (duly registered as per prevailing law) in favor of one of the partners to sign the MOU and JV Agreement on behalf of the partners and create liability against the firm.~~

~~ii. In case one or more members is/are Proprietary Firm or HUF, the following documents shall be enclosed:~~

~~a. Affidavit on Stamp Paper of appropriate value declaring that his Concern is a Proprietary Concern and he is sole proprietor of the Concern OR he is in position of "KARTA" of Hindu Undivided Family and he has the authority, power and consent given by other partners to act on behalf of HUF.~~

~~iii. In case one or more members is/are limited companies, the following documents shall be submitted:~~

~~a. Notary certified copy of resolutions of the Directors of the Company, permitting the company to enter into a JV agreement, authorizing MD or one of the Directors or Managers of the Company to sign MOU, JV Agreement, such other documents required to be signed on behalf of the Company and enter into liability against the company and/or do any other act on behalf of the company.~~

~~b. Copy of Memorandum and articles of Association of the Company.~~

~~c. Power of Attorney (duly registered as per prevailing law) by the Company authorizing the person to do/act mentioned in the para (a) above.~~

~~d. All the members of the JV shall certify that they have not been black listed or debarred by BMC from participation in tenders/contract in the past either in their individual capacity or the JV firm or partnership firm in which they were members / partners.~~

~~e. Credentials & Qualifying criteria: Technical and financial eligibility of the JV firm shall be adjudged based on satisfactory fulfilment of the following criteria:~~

~~**Technical eligibility criteria:** In case of Work involving single discipline, the Lead member of the JV firm shall meet at least 35% requirement of technical capacity as stipulated in tender document.~~

~~OR~~

~~In case of composite works (e.g. works involving more than one distinct component such as Civil Engineering works, M&E works, Electrical works, etc. and in the case of major bridges, substructure and superstructure etc.), atleast one member should have satisfactorily completed 35% of the value of any one component of the project work so as to cover all the components of project work or any member having satisfactorily completed 35% of the value of work of each component during last seven financial years.~~

~~**In such cases, what constitutes a component in a composite work shall be clearly defined as part of the tender condition without any ambiguity.**~~

~~**Financial eligibility criteria:** The contractual payments received by the JV firm or the arithmetic sum of contractual payments received by all the members of JV firm in any one of the previous three financial years and shall be at least **100% of the estimated value** of the work as mentioned in the tender.~~

84. Compensation for delay:

If the Contractor fails to complete the works and clear the site on or before the Contract or extended date(s) / period(s) of completion, he shall, without prejudice to any other right or remedy of Municipal Corporation on account of such breach, pay as agreed compensation, amount calculated as stipulated below (or such smaller amount as may be fixed by the Engineer) on the contract value of the whole work or on the contract value of the time or group of items of work for which separate period of completion are given in the contract and of which completion is delayed for every week that the whole of the work of item or group of items of work concerned remains uncompleted, even though the contract as a whole be completed by the contract or the extended date of completion. For this purpose the term 'Contract Value' shall be the value of the work at Contract Rates as ordered including the value of all deviations ordered:

- Completion period for projects (originally stipulated or as extended) not exceeding 6 months: **to the extent of maximum 1 percent per week.**
- Completion period for projects (originally stipulated or as extended) exceeding 6 months and not exceeding 2 years: **to the extent of maximum ½ percent per week.**
- Completion period for projects (originally stipulated or as extended) exceeding 2 years :**to the extent of maximum ¼ percent per week.** When the delay is not a full week or in multiple of a week but involves a fraction of a week the compensation payable for that fraction shall be proportional to the number of days involved.

Provided always that the total amount of compensation for delay to be paid this condition shall not exceed the undernoted percentage of the Contract Value of the item or group of items of work for which a separate period of completion is given.

- i) Completion period (as originally stipulated or as extended) not exceeding 6 months: **10 percent.**
- ii) Completion period (as originally stipulated or as extended) exceeding 6 months and not exceeding 2 years: **7½ percent.**
- iii) Completion period (as originally stipulated or as extended) exceeding 2 years: **5 percent.**

The amount of compensation may be adjusted set off against any sum payable to the contractor under this or any other contract with the Municipal Corporation.

85. Action and Compensation Payable In Case Of Bad Work And Not Done As Per Specifications

All works under or in course of execution or executed in pursuance of the contract, shall at all times be open and accessible to the inspection and supervision of the Engineer-in-charge, his authorized subordinates in charge of the work and all the superior officers, officer of the Vigilance Department of the BMC or any organization engaged by the BMC for Quality Assurance and the contractor shall, at all times, during the usual working hours and at all other times at which reasonable notice of the visit of such officers has been given to the contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing, present for that purpose. Orders given to the Contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.

If it shall appear to the Engineer-in-charge or his authorized subordinates in-charge of the work or to the officer of Vigilance Department, that any work has been executed with unsound, imperfect or unskillful workmanship or with materials of any inferior description, or that any materials or articles provided by him for the execution of the work are unsound or of a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor shall, on demand in writing which shall be made within twelve months of the completion of the work from the Engineer-in-Charge specifying the work, materials or articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or articles at his own charge and cost. In the event of the failing to do so within a period specified by the Engineer-in-Charge in his demand aforesaid, then the contractor shall be liable to pay compensation at the same rate as under clause 8.e. of the general condition of contract in section 9 of tender document (for Compensation for delay) for this default. In such case the Engineer-in Charge may not accept the item of work at the rates applicable under the contract but may accept such items at reduced rates as the Engineer in charge may consider reasonable during the preparation of on account bills or final bill if the item is so acceptable without detriment to the safety and utility of the item and the structure or he may reject the work outright without any payment and/or get it and other connected and incidental items rectified, or removed and re-executed at the risk and cost of the contractor. Decision of the Engineer-in-Charge to be conveyed in writing in respect of the same will be final and binding on the contractor.

If the penalisation amount exceeds maximum limit with respect to Clause 8.e of Standard General Conditions of Contract, then a show cause notice shall necessarily be issued to the contract as to why the contract should not be terminated.

86. Contractors remain liable to pay compensation:

In any case in which any of the powers conferred upon the Engineer In-charge by the **relevant clauses** in documents that form a part of contract as exercised or is exercisable in the event of any future case of default by the Contractor, he is declared liable to pay compensation amounting to the whole of his security deposit. The liability of the Contractor for past and future compensation shall remain unaffected.

In the event of the Executive Engineer taking action against these **relevant clauses**, he may, if he so desires, take possession of all or any tools and plant, materials and stores in or upon the work of site thereof or belonging to the Contractor or procured by him and intended to be used for the execution of the work or any part thereof paying or allowing for the same in account at the contract rates, or in the case of contract rates not being applicable at current market rates to be certified by the Executive Engineer, may after giving notice in writing to the Contractor or his staff of the work or other authorized agent require him to remove such tools and plants, materials or stores from the premises within a time to be specified in such notice and in the event of the Contractor failing to comply with any such requisition, the Executive Engineer may remove them at the contractors expense or sell them by auction or private sell on account of the Contractor at his risk in all respects and certificate of the Executive Engineer as to the expense of any such removal and the amount of the proceeds an expense of any such sell be final and conclusive against the Contractor.

87. No Claim To Any Payment Or Compensation Or Alteration In Or Restriction Of Work

(a) If at any time after the execution of contract documents, the Engineer shall for any reason whatsoever, desires that the whole or any part of the works specified in the Tender should be suspended for any period or that the whole or part of the work should not be carried out, at all, he shall give to the Contractor a Notice in writing of such desire and upon the receipt of such notice, the Contractor shall forthwith suspend or stop the work wholly or in part as required after having due regard to the appropriate stage at which the work should be stopped or suspended so as not to cause any damage or injury the work already done or endanger the safety thereof, provided that the decision of the Engineer as to the stage at which the work or any part of it could be or could have been safely stopped or suspended shall be final and conclusive against the contractor.

The Contractor shall have no claim to any payment or compensation whatsoever by reason of or in pursuance of any notice as aforesaid, on account of any suspension, stoppage or curtailment except to the extent specified hereinafter.

(b) Where the total suspension of Work Order as aforesaid continued for a continuous period exceeding 90 days the contractor shall be at liberty to withdraw from the contractual obligations under the contract so far as it pertains to the unexecuted part of the work by giving 10 days prior notice in writing to the Engineer within 30 days of the expiry of the said period of 90 days, of such intention and requiring the Engineering to record the final measurement of the work already done

and to pay final bill. Upon giving such Notice, the Contractor shall be deemed to have been discharged from his obligations to complete the remaining unexecuted work under his contract. On receipt of such notice the Engineer shall proceed to complete the measurement and make such payment as may be finally due to the contractor within a period of 90 days from the receipt of such Notice in respect of the work already done by the contractor. Such payment shall not in any manner prejudice the right of the contractor to any further compensation under the remaining provisions of this clause.

(c) Where the Engineer required to Contractor to suspend the work for a period in excess of 30 days at any time or 60 days in the aggregate, the Contractor shall be entitled to apply to the Engineer within 30 days of the resumption of the work after such suspension for payment of compensation to the extent of pecuniary loss suffered by him in respect of working machinery remained ideal on the site of on the account of his having an to pay the salary of wages and labour engaged by him during the said period of suspension provided always that the contractor shall not be entitled to any claim in respect of any such working machinery, salary or wages for the first 30 days whether consecutive or in the aggregate or such suspension or in respect of any such suspension whatsoever occasion by unsatisfactory work or any other default on his part, the decision of the Engineer in this regard shall be final and conclusive against the contractor.

88. Contractor to supply plant, ladder, scaffolding, etc and is liable for damages arising from non provision of lights, fencing, etc.

The Contractor shall supply at his own cost all material, plant, tools, appliances, implements, ladders, cordage, tackle scaffolding and temporary works requisite or proper for the proper execution of the work, whether, in the original altered or substituted form and whether included in the specification of other documents forming part of the contract or referred to in these conditions or not and which may be necessary for the purpose of satisfying or complying with the requirements of the Eng-In-Charge as to any matter as to which under these conditions is entitled to be satisfied, or which is entitled to require together with the carriage therefore to and from the work.

The Contractor shall also supply without charge, the requisite number of person with the means and materials necessary for the purpose of setting out works and counting, weighing and assisting in the measurements of examination at any time and from time to time of the work or materials, failing which the same may be provided by the Engineer In-charge at the expense of the contractor and the expenses may be deducted from any money due to the contractor under the contract or from his security deposit or the proceeds of sale thereof, or offers sufficient portion thereof.

The contractor shall provide all necessary fencing and lights required to protect the public from accident and shall also be bound to bear the expenses of defence of every suit, action or other legal proceedings, that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and cost which may be awarded in any such suit action or proceedings to any such person or which may with the consent of the contractor be paid for compromising any claim by any such person.

89. Prevention of Fire:The contractor shall not set fire to any standing jungle, trees, brushwood or grass without a written permit from the Engineer In-charge. When such permit is given, and also in all cases when destroying cut or dug up trees brushwood, grass, etc., by fire, the contractor shall

take necessary measure to prevent such fire spreading to or otherwise damaging surrounding property. The Contractor shall make his own arrangements for drinking water for the labour employed by him.

90. Compensation for all damages done intentionally or unintentionally by contractor's labour whether in or beyond the limits of BMC property including any damage caused by spreading the fire shall be estimated by the Engineer In-charge or such other officer as he may appoint and the estimate of the Engineer in-charge to the decision of the Dy. Chief Engineer on appeal shall be final and the contractor shall be bound to pay the amount of the assessed compensation on demand failing which the same will be recovered from the Contractor as damages or deducted by the Engineer In-charge from any sums that may be due or become due from BMC to contractor under this Contract or otherwise. Contractor shall bear the expenses of defending any action or other legal proceedings that may be brought to prevent the spread of fire and he shall pay any damages and costs that may be awarded by the Court in consequence.

91. In the case of Tender by partners, any change in the constitution of the firm shall be forthwith, notified by the contractor through the Engineer In-charge for his information.

92. Action where no specifications:

In the case of any class of work for which there is no such specifications, such works shall be carried out in accordance with the specifications and in the event of there being no such specifications, then in such case, the work shall be carried out in all respects in accordance with all instructions and requirements of the Engineer In-charge.

93. Safety and medical help:

(i) The Contractor shall be responsible for and shall pay the expenses of providing medical help to any workmen who may suffer a bodily injury as a result of an accident. If such expenses are incurred by BMC, the same shall be recoverable from the contractor forthwith and be included without prejudice to any other remedy of BMC from any amount due or that may become due to the Contractor.

(ii) The contractor shall provide necessary personal safety equipment and first-aid box for the use of persons employed on the site and shall maintain the same in condition suitable for immediate use at any time.

(iii) The workers shall be required to use the safety equipments so provided by the contractor and the contractor shall take adequate steps to ensure the proper use of equipments by those concerned.

(iv) When the work is carried on in proximity to any place where there is risk or drawing all necessary equipments shall be provided and kept ready for use and all necessary steps shall be taken for the prompt rescue of any person in danger.

94. No compensation shall be allowed for any delay caused in the starting of the work on account of acquisition of land or in the case of clearance of works, on account of ant delay in according to sanction of estimates.

95. Anti-malaria and other health measures: Anti-Malaria and other health measures shall be taken as directed by the Executive Health Officer of BMC. Contractor shall see that mosquitogenic conditions are created so as to keep vector population to minimum level. Contractor shall carry out anti-malaria measures in the area as per the guidelines issued by the Executive Health Officer of BMC from time to time.

In case of default, in carrying out prescribed anti-malaria measures resulting in increase in malaria incidence, contractor shall be liable to pay BMC on anti-malaria measures to control the situation in addition to fine.

96. Grievance Redressal Committee (GRC)

1. If a Bidder is not satisfied with the decision of responsiveness/ non responsiveness in Packets 'A', 'B' or 'C' by the concerned HOD, he may appeal to D.M.C. (C.P.D.) by paying fee of Rs. 25,000/-.

2. D.M.C. (C.P.D.) will assign the work of co-ordination of various activities and administration work of G.C.R. to nominated Registrar - shri. Uday B. Mande.

3. The Committee for hearing grievances and passing orders will be constituted as follows:

(a) The Committee will comprise of D.M.C. / Director / Jt.M.C. of tender inviting department and D.M.C. / Director / Jt.M.C. of the department for which tender is being invited.

For example, if tender is invited by C.P.D. dept. for K.E.M. Hospital then the Committee will be of DMC (CPD) and DMC (PH).

(b) In case the tender inviting department and department for which tender is being invited are same then the concerned D.M.C. / Director / Jt.M.C. of same department and DMC (CPD) will be the members of the Committee.

For example, if tender is invited by Dean (KEM) for KEM Hospital then the Committee will be DMC (PH) and DMC (CPD).

In tabular format:

Tender inviting Department	Work belonging Department
DMC (CPD) or DMC / Director / Jt. M.C. of concerned Department.	Concerned DMC / Director / Jt.M.C.

4. In case the work is pertaining to various departments then concerned DMC /Director / Jt. M.C. having major contribution of work will be one of the members of the Committee.

5. The Committee will hear the grievances of bidder within 30 days on receipts of bidder's application and will pass an order within 45 days.

6. If Bidder is not satisfied with the decision of the above Committee. he may appeal to the concerned Addl. Municipal Commissioner of tender Inviting Department. The Addl. Municipal Commissioner will hear the case within 45 days from the date of receipt of application for second appeal from the bidder and will pass the order within 60 days.

SECTION 10
SPECIFICATIONS

SPECIFICATIONS

GENERAL:

1. The tenderer shall visit the site at Pise before submitting the tender documents to verify and to be conversant with the scope of work.
2. The technical specifications for the work are prepared with care with a view not to create any additional item/work. However, all the items and works which are required for satisfactory completion and guaranteed performance of the system/projects are deemed to be included in the offer and no extra cost will be paid by BMC.
3. The tenderer shall go through the specifications & nature of work properly, get clear all doubts, and queries with BMC engineers before submitting the tender.
4. The contractor shall extend full co-operation and interaction with the other agencies at site, if involved. The contractor shall co-operate with the municipal staff and other agencies working at installations.
5. The contractor must have facilities to undertake this job including adequate plant and machinery. The contractor shall have their own arrangement for welding equipments, gas-cutting equipments, grinders etc.
6. The successful contractor shall take utmost care not to cause any nuisance due to noise, welding, operations etc. All the proper precautions shall be taken in this respect.
7. All legal proceedings in respect of any claim, dispute of difference shall be borne by successful tenderer.
8. The contractor shall take all the necessary precautionary & safety measures while carrying out the work.
9. The contractor shall be held responsible for any damage to the human being / machinery items, tools etc. during the execution of work.
10. Electricity and water if required for installation purpose at site, will be available free of cost.
11. The work shall be carried out with good workmanship following standard engineering practice.

12. The contractor shall provide identity card to all the workforce at site. The contractor shall depute the workmen of best knowledge for carrying out the work.
13. Any other work not included but required for completion of the subject work shall be carried out at no extra cost to BMC.
14. The contractor shall obtain work permit before starting the work from BMC Site Engineer.
15. The contractor shall use their own tools, equipments, vehicles, consumables, safety equipments and their own manpower.
16. **The old removed material/ equipments/cable or any other material other than buyback to be returned to BMC.**
17. Payment will be made after successful completion of work within 30 days after receipt of correct bill as per contract terms and conditions.
18. Tenderer shall submit maintenance guarantee in prescribed format on Rs 100 stamp paper.

TECHNICAL SPECIFICATIONS & SCOPE OF WORK

TRANSFORMER

Scope:

This section covers the design, manufacture, assembly, testing at manufacturer's work, supply and delivery include loading, transportation & unloading at site, installation, testing at site and commissioning of the 10 MVA, 100/3.6 kV Power Transformer (01 No.) at 100 KV Substation, Pise as per specifications and site conditions, complete with all accessories required for satisfactory and trouble free operation of the equipment in the steps mentioned hereunder:

- The successful tenderer has to submit all drawings and design details for approval within 15 days after receipt of Purchase Order.
- The successful tenderer has to supply New 10 MVA Power Transformer (01 No.) with all the accessories at site.
- Dismantling and removing of the existing damaged 7.5 MVA Transformer with all its accessories is in your scope of work.
- Installation, testing and commissioning of 100 kV/3.6 kV, 10 MVA Power Transformer with OLTC, NGR, RTCC panel as per schedule of quantity and technical specification at site.

- After successful completion of New 10 MVA Transformer, transformer will be kept charged and taken on load as per manufacturers instruction.
- The successful tenderer has to complete the work as per following schedule:

Sr. No.	Work Description	Work Completion Period
1.	Submission of drawings and design details of 10 MVA Power Transformer as per technical specification	08 Days
2.	Approval of drawings and design details of 10 MVA Power Transformer	07 Days
3.	Manufacture & supply of 10 MVA Power Transformer with all the accessories at site Pise	04 Months
4.	Dismantling & removal of damaged 7.5 MVA Transformer	10 Days
5.	Installation, testing & commissioning of New 10 MVA Transformer	20 Days
6.	Trial run of newly installed Transformer on no load and load condition	15 Days
7.	Total work completion period	Six Months

Standards:

The latest edition of the following standards shall confirm for 10 MVA power transformer, transformer oil, accessories & fittings etc.

Power Transformer	IS 2026
Transformer Oil	IS 335
Bushings	IS 2099 & IS 3347
On Load Tap Changer	IS 8468
Fitting & accessories for Power Transformer	IS 3639
Guide for loading of oil immersed transformer	IS 6600

Equipment meeting the requirements of any other authoritative standards which ensures a quality equal to or better than that as per the standards mentioned above shall also be acceptable. Where the equipment conforms to any other standards, salient points of difference between the standards adopted and the specified standards shall be clearly brought out in tender.

Technical Specifications of 10 MVA Power Transformer

1.	Make	CG Power, Siemens, Bharat Bijlee, BHEL, Kirloskar Electric, Alstom, ABB
2.	Type	Core type
3.	No. of phases	3
4.	Frequency	50 Hz
5.	Rated kVA	10000 kVA (10 MVA)
6.	Rated Voltage H.V.	100000V (100 kV)
7.	Rated Voltage L.V.	3600V (3.6 kV)
8.	Connection of H.V. winding	Delta
9.	Connection of L.V. winding	Star
10.	Vector Group	Dyn11
11.	Type of cooling	ONAN
12.	Taping on	H.V. Winding
13.	Type of tap changer	On load tap changer
14.	No. of steps of tap changer	21
15.	Tap range	-15 % to + 10 % (85kV to 110kV)
16.	% Impedance	As per IS 2026 (Latest Edition)
17.	Painting	Light Admiralty Grey
18.	IS	Confirming to IS 2026 (Latest Edition)

Technical specifications of NGR

1.	Rated Resistance	1.3 ohms
2.	Rated Voltage	$3.3/\sqrt{3}$ KV
3.	Rated Current	1600 Amp.
4.	Time Rating	10 sec.
5.	Temp. Rise	375 ⁰ C above 50 ⁰ ambient
6.	Application	Neutral Grounding

Construction Details:

The feature & construction details of power transformer shall be in accordance with the requirement stated here under.

1. Transformer Tank:

- The tank shall be made from good commercial grade steel & shall be welded construction. The structural steel material used for fabrication of tank shall be as per IS: 2062 (Latest Edition).
- All joints shall be hot oil tight & no bulging shall take place while in service. All the oil tight joints shall be made with suitable flanges, treated cork or other approved type of packing.
- The tank of transformer shall be complete with all accessories and shall be designed so as to allow the complete transformer tank filled with oil to be lifted by crane or jacks, transported by road, rail or water without over straining any joint and without causing subsequent leakage of oil.
- The tank shall be so designed that the core and winding can be lifted freely from the case with as little dismantling as possible and also shall be designed to withstand mechanical shock during transportation and vacuum filling of oil.
- The tank cover shall be of adequate strength, and shall not distort when lifted. Inspection openings shall be provided as necessary to give easy access to bushings, for changing ratio or winding connections, or testing the earth connections at the link board. Each inspection opening shall be of suitable size for the purpose for which it is provided and at least two openings one at each end of the tank shall be provided.

2. Transformer Core:

- The core shall be bolt less & built of non-ageing prime grade CRGO laminations having high permeability and low hysteresis loss and with hot oil proof insulation.
- The core material shall be prime CRGO, shall be procured directly from manufacturer or through accredited marketing organization of reputation. It shall be properly clamped together to the frame & bonded by application of araldite tightly to prevent undue vibration or noise.
- The complete design of core must ensure permanency of the core losses with continuous working of the transformer. Core-clamping bolts, if used, shall be effectively insulated.
- Maximum flux density at normal voltage and frequency shall not exceed 1.6 tesla. The core shall be provided with lugs suitable for lifting it & coil assembly shall be so fitted in the tank that shifting will not occur during transport and short circuits.
- The clamping structure shall be so constructed that eddy currents will be minimum.

- The core and coil assembly shall be so fixed in the tank that shifting will not occur and cause any damage when the transformer is moved shifted, or during a short circuit.

3. Windings:

- All windings shall be made of electrolytic high conductivity copper, shall be fully insulated as defined in IS:2026 (Latest Edition). All neutral points shall be insulated for the voltage specified in IS:2026 (Latest Edition).
- The arrangement of windings must be such that there is good electrical and magnetic balance under all loading and short circuit conditions. Oil ducts shall be provided to ensure uniform temperature gradients and absence of hot spots.
- The general design and construction of the transformer and the bracing of the windings shall be such that no mechanical movement of the coil is possible with dead short circuit on either side.
- The material used in the insulation and assembly windings shall be insoluble, non crystallite and chemically inactive in the hot transformer oil and shall not soften or otherwise, be affected under the operating conditions.
- Special attention shall be given for the provision of adequate insulation and clearance between HV and LV windings. All clearance of winding and live parts must be adequate, for the maximum voltage of operation.
- All threaded connections shall be provided with locking facilities. All leads from the winding shall be duly brazed for proper contact to the terminal board and bushings shall be rigidly supported to prevent injury from vibration.

4. Insulation:

The dielectric strength of the winding, insulation and the bushings shall conform to the values given in IS:2026 (Part III) or its latest amendment if any.

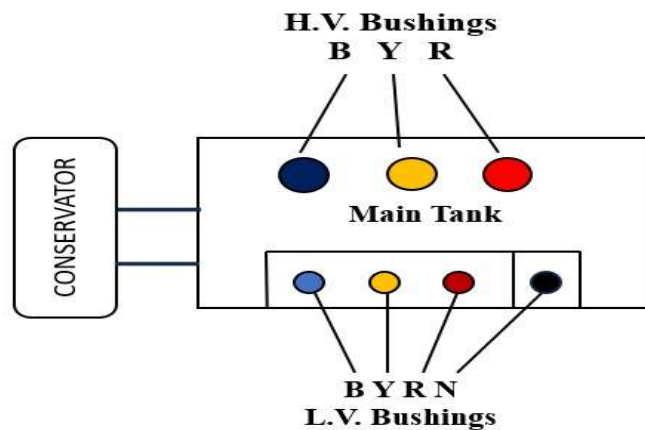

5. Terminal Arrangement:

1. Bushing:

- All main winding and neutral leads for 100/3.6 kV Power Transformer shall be brought out through outdoor type bushings. The electrical characteristics of bushings shall be in accordance with IS-3347 and IS-2099. The bushing shall be rated for highest voltage and current rating of the respective windings and also shall be suitable for heavily polluted atmosphere.

- The bushings shall have higher factor of safety against leakage to ground and shall be so located as to provide adequate electrical clearances between bushings and between the bushings and ground parts after fixing of terminal connectors. The spacing between the bushings shall be adequate to utilize full flashover strength preventing flashover between the phases or between phases and ground parts under all conditions of operation. From blisters
- All porcelain used in bushings shall be of the wet process homogeneous impervious to moisture and free from cavities or other flaws and throughout vitrified and smoothly glazed. The glazing shall be of the uniform colour and free from blisters, burrs and other defects.
- Clamp and fittings shall be hot dip galvanized steel.

2.Terminal Arrangement: The terminal arrangement should be as under

- All bushing terminals and the gap setting shall be fixed with reference to the impulse strength of the windings.

6.Fitting and Accessories:

- Transformer shall be provided with all necessary fittings and accessories which are required for 10MVA Power Transformer as per IS 3636 and IS 2026:
 - a) Main conservator shall have air cell type constant oil preservation system to prevent oxidation and contamination of oil due to contact with moisture. Conservator for main tank shall fitted with oil filling flange and cap, isolating valve, drain valve, magnetic oil level gauge with low oil level alarm potential free contacts. Conservator

shall be as per arrangement provided in terminal arrangement as above. The conservator shall be provided with separate compartment for OLTC. No separate conservator tank shall be provided for OLTC.

- b) Prismatic oil level gauge shall also be provided on conservator tank. The background shall be so painted that the oil level can be seen from ground level also. The three positions of oil level shall be indicated viz.
 - i) Minimum ii) Normal iii) Maximum
- c) Conservator vessel shall be fitted with a glass container type high quality breather in which silica gel is dehydrating agent and so designed as
 - i) The passage of air through the silica gel.
 - ii) The external atmosphere is not continuously in contact with the silica gel.
 - iii) The moisture absorption indicated by a change in colour of the tinted crystals can be easily observed from the distance.
 - iv) Breather shall be mounted at proper height from the ground level and shall be connected to the air cell of the conservator through pipe for the purpose of breathing during contraction or expansion of the air cell.
- d) The oil connection from the transformer tank to the conservator vessel shall be arranged at a raising angle of 3 to 9 degrees to the horizontal up to the Buchholz Relay and shall consist of pipe with inside diameter 80 mm as per capacity of the Transformer and as per IS:3639. The transformer shall be provided with gas and oil actuated relay (Buchholz relay) equipment conforming to I.S.3637 double float type with one set of alarm contacts, one set of trip contacts and a testing pet cock. The contacts shall be wired with a P.V.C. armored cable. The Buchholz relay will have suitable valves on its both side so as to facilitate its testing at site as well as cut off oil supply to the transformer.
- e) Pressure relief device shall be provided of sufficient size for rapid release of any pressure that may be generated within the tank, and which might result in damage to the equipment. The device shall operate at a static pressure of less than the hydraulic test pressure for transformer tank. Means shall be provided to prevent ingress of rain. It shall be mounted on the cover of the main tank and shall be

designed to prevent gas accumulation. Spring loaded setting type Pressure Relief Valve having suitable opening Port hole according to the capacity of the transformer should be provided. The pressure relief valve should have provision of visual indication for opening of the valve and also Contract/Micro Switch arrangement for alarm/Tripping Function.

f) Transformers shall be fitted with the following and as per I.S. specified above:

1. The filter and drain valves (gate type) as per IS specified.
2. Suitable oil sampling device shall be provided at the top and bottom of the main tank.
3. Suitable air release plugs on the main tank of the Transformer.
4. All other suitable valves opening to atmosphere shall be fitted with blank flanges.
5. The drain valve and bottom filter valve should be provided with a protective cover with nuts and bolts arrangement.

g) The Oil temperature indicator with two electrical contacts for alarm and trip purposes and with repeater for remote indication, shall be provided with anti vibration mounting. The oil temperature indicator shall be housed in the marshalling box.

h) The winding temperature indicator with two electrical contacts for alarm & trip purposes and with repeater for remote indication, shall be provided with anti vibration mounting. The winding temperature indicator shall be housed in the marshalling Box.

i) A sheet steel vermin proof, well ventilated and weather proof marshalling box of a suitable construction shall be provided for the transformer ancillary apparatus (like Winding & Oil temperature indicator, Terminal Blocks and gland plates for incoming and outgoing Cables). The box shall have domed or sloping roofs and the interior & exterior painting shall be in accordance with relevant IS. Door of the compartment shall be provided with non glass transparent type acrylic window of adequate size. Ventilation louvers shall be provided. Suitable removable cable glands plate shall be provided at the bottom of kiosk for passage of Incoming and

outgoing cable.

j) The following plates shall be fixed to the transformer tank at a suitable height so that the particulars could be read by standing at ground level:

i) A rating plate bearing the data specified in the relevant clauses of IS:2026 including figures of temperature rise of oil and winding and high voltage test values.

A diagram plate showing the internal numbering of taps, tapping switch connection of windings and also the voltages vector relationship in accordance with IS:2026 and in addition a plan view of the transformer giving the correct physical relationship of the terminals.

k) All bolts and nuts exposed to weather shall be of GI grade only.

l) Any other fitting and accessories not covered here in and are useful or necessary for efficient operation of transformer shall be provided by the successful tenderer.

(B) Cooling Arrangement:

- Transformers covered by this specification shall have '**ONAN**' cooling. The cooling shall be effected by pressed steel radiators conforming to IEEMA. The radiator fins provided shall have sufficient surface to limit temperature rise to values specified in IS:2026.
- The radiator fins shall be seamless, made of mild steel having as minimum wall thickness and a clean bright internal surface free from dust and scale. They shall be suitably braced to protect them from mechanical shocks, normally met in transportation and to damp the modes of vibration transmitted by the active part of the transformer in service.
- Oil leak proof butterfly valves (positive operated) shall be provided to facilitate taking out any of the radiators without disturbing the transformer. Necessary gaskets in required nos. for fixing radiators and butterfly valve operating keys shall be provided.
- Radiator fixing bands in top & bottom of radiators to be provided to minimize the vibration of the same.

- The space between the bottom of tank and mounting rail shall be maintained, for free air circulation.
- The insulating oil for transformer shall conform to IS: 335. The quantity of oil for transformer (including accessories) and OLTC should be indicated separately in the rating plate.

(C) On Load Tap Changer:

- On Load Tap Changer (OLTC) shall be provided as per I.S. 8468 specified and shall be designed suitable for local manual as well as local electrical operation and Remote electrical operation.
- **The tap changer shall be of 21 taps instead of existing 17 taps capable of permitting parallel operation with other 7.5 MVA transformer.**
- The on load tap changer shall include the following:
 - (a) An oil immersed tap selector and arcing switch or arc suppressing tap selector, provided with reactor or resistor for reduction of make and break arcing voltages and short circuits.
 - (b) Motor driven mechanism.
 - (c) Control and protection devices.
 - (d) Local/Remote tap changer position indicator.
 - (e) Manual/Electrical operating device.
 - (f) **Voltage tapping range on H.V. side will be(-15%)to(+10%).**
- The on-load tap changer shall be designed so that the contacts do not interrupt arc within the main tank of the transformer. The tap selector and arcing switch or arc suppressing tap selector switch shall be located in one or more oil filled compartments. The compartment shall be provided with oil surge relay. Those compartments shall be designed so as to prevent the oil in tap selector compartments from mixing with the oil in the transformer tank.
- Limit switches may be connected in the control circuit of the operating motor provided that a mechanical declutching mechanism is incorporated.
- A suitable pressure relieving arrangement should be provided to take care of sudden pressure rise in the compartment. But this should, in no way, affect the performance of the Oil Surge relay provided for this compartment. Oil surge relay with trip float arrangement shall be provided for OLTC compartment.

- The manual operating device shall be so located on the transformer that it can be operated by a man standing at the level of the transformer track. It shall be strong and robust in construction.
- The control scheme for the tap changer shall be provided for independent control of the tap changers when the transformers are in independent service. In addition, provision shall be made so that under parallel operation the tap changer will give alarm and visual indication for becoming out of step. Visual indication during the operation of motor shall also be incorporated. The tap change control must ensure step by step operation under all operating conditions.
- The contactors and associated gear for the tap change driving motors shall be housed in a local kiosk mounted on the transformer. The motors shall be suitable for operation with 3-phase 400 volts, 50 cycle external power supply.

(D) Remote Tap Changer Control Panel:

- The successful tenderer shall furnish, in addition to the equipment above, the following accessories mounted on a separate Remote Tap Changer Control(RTCC) panel with automatic voltage regulator & necessary cables to be installed in **Pumping Station Control Room for remote operation.**
- Raise and Lower Push Button Switch.
- Remote tap position indicator and other required devices. One chart showing the voltage corresponding to tap position indicator shall be engraved on a metal sheet and the same shall be fixed near the tap position indicator on the RTCC (panel).
- An indication lamp showing tap changing in a progress.
- A four position selector switch having; master, follower, independent and off position.
- Name plate of each component.
- Cubicle lamp actuated by door, switch, space heater power sockets etc. shall be provided inside RTCC panel.
- other accessories which are required but not covered here in for complete operation of tap changer.
- **An under voltage relay shall be incorporated to monitor the 110 Volt AC control circuit voltage circuit supply. Similarly audible and visual indication shall be provided in RTCC panel.**

(E) Painting:

- Painting of transformers and all its accessories shall be painted as per relevant IS/IEC

(F) Noise Level:

- Noise level of the new power transformers shall be as per the guidelines of the NEMA.

(G) Transformer Losses:

- The transformers are to be designed with maximum permissible losses as indicated below:

- a. No Load Losses at ratedVoltage:10KW

- b. FullLoadLossesatratedVoltage:57 KW

- These losses are maximum, without any positive tolerance. The offered transformers exceeding this limit shall not be accepted.

(H) Miscellaneous Work:

(i) Control cable and Power cables:-

- The successful tenderer shall replace all the control and power cables with new control and power cables and also design terminal boxes, cable terminations suitable for New 10 MVA Transformer.

(ii) Modifications:-

- All necessary modifications i.e. Civil, Mechanical and Electrical works as necessary shall be carried out in the new transformer.
- The modification work shall be made in such a manner that same can be changed to existing condition easily without major work.

(iii) Protection and Interlock:-

- **All existing protection and interlocks shall have to be used and maintained.**

(iv) Inspection and testing at manufacturer's works:-

- To arrange pre-dispatch inspection with necessary tests as per relevant I.S. of the transformer before dispatch.

- **Inspection: The Contractors shall offer the Transformers for visual inspection, dimensional verification & necessary tests at manufacturer's works within India for 3 BMC Engineers and shall give all the routine tests as per relevant I.S. The contractors shall submit quality assurance plan for inspection & testing from the manufacturer. During inspection, the material test reports & factory test reports shall be submitted. The necessary expenses towards, to &fro journey and lodging & boarding of 3 BMC engineers shall be borne by BMC. The duration for this inspection**

is 4 days including to &fro journey.

- The manufacturer of Power Transformer shall have in plant impulse test & VPD(Vapor Phase drying) oven facility for 100kV/3.6kV 10MVA or above capacity Transformers.

(v) Approval of Electrical Inspector:-

- The successful tenderer shall have to submit modified copy of electrical drawing and to obtain necessary approval of Electrical Inspector for the said work and submit the same in this office, well in advance before starting work. The necessary fees etc. of the Electrical Inspector shall have to be borne by the successful tenderer.

(3) Installation of new 10 MVA transformer in place of existing 7.5 MVA transformer:

- (i) Remove existing transformer and install new 10 MVA transformer exactly on the same place of existing 7.5 MVA transformer without major modification in the switchyard.
- (ii) Connection of cable:-
 - Replace existing control and power cables with new cables as per drawing.
 - All internal wiring shall be securely supported neatly arranged, readily accessible and connected to equipment terminals and terminal blocks.
 - Engraved code identification plastic ferrules marked to correspond with schematic diagrams shall be fitted at both ends of wires. Ferrules shall fit tightly on wires and shall not fall off when the wire is disconnected from terminal block.
- (iii) Connection of Bus-bar:-To connect 100 KV Bus-bars to the Bushing of the transformer with proper alignment.
- (iv) Relay setting Relays provided at sub-station and Pumping station are to be set as per rating of the transformer.

(4) Testing and commissioning of new 10 MVA transformer:

(i) Testing:- The successful bidder shall carry out all necessary Routine test and tests during manufacture as per the provision of I.S.2026 of the transformer.

Routine Test:

- a. Measurement of winding resistance, Measurement of turns ratio for all sets windings on each tap

- b. Polarity and phase vector relationship.
 - c. Measurement of no load loss and no load current.
 - d. Measurement of impedance voltage and short circuit impedance test at normal, maximum and minimum tap
 - e. Measurement of insulation resistance between winding and between windings and earth.
 - f. Measurement of load loss.
 - g. Induced over voltage withstand test.
 - h. Separate source voltage withstand test.
 - i. Magnetic balance test.
 - j. Measurement BDV, Tan Delta, Resistivity of oil before and after completion of tests.
- b. Oil leakage test of transformer tanks at a pressure equals to the normal pressure or as per relevant IS.

Special Test:

- i) Dielectric Test
- ii) Measurement of zero sequence impedance test
- iii) Measurement of lightning impulse test on HV Terminals of HV.
- iv) Measurement of the harmonics of the no load current.

All above mentioned tests of power transformer shall be carried out in the presence of M.C.G.M Engineers.

- The successful bidder shall give necessary pre-commissioning checks and tests at site as per relevant I.S.
- The successful bidder shall commission new 10MVA transformer and submit contingency report after successful testing of the transformer as per I.S.2026.

(ii) **Submission:-**

The successful bidder shall submit following documents in triplicate.

- (i) Copy of permission of electrical inspector before starting installation work at site.
- (ii) Drawing of the 10MVA transformers.
- (iii) Test report of the transformers.
- (iv) Transformer oil analysis reports.

- (v) Report of pre-dispatch inspection.
- (vi) Report of site inspection and testing.
- (vii) Efficiency test report.
- (viii) Load loss report.
- (ix) Modified electrical drawings of switch yard. The electrical drawing of the equipment and related panel of Pumping Station.

(5) General Instructions

1. The bidder shall visit the site and get acquainted with the exact quantum of work involved and site conditions etc. before submitting the tender. The bidder may visit the site with prior intimation to A.E. (Sub- Station) Pise telephone No.9029165852. No subsequent claim, what-so-ever, will be entertained later arising out of ignorance on the part of the bidder under any circumstances.
2. The tenderers shall note that the removal of old transformer and installation of new transformer is to be carried out in the live 100 KV switchyard. Hence, utmost care shall have to be taken by the successful bidder during the removal of old transformer, installation and commissioning work of new one.
3. The successful bidder shall have to arrange skilled / unskilled labour, transportation, lifting crane, tools, tackles, machinery, etc. for the work of removal of existing transformers and installation and commissioning of new transformers.
4. The successful bidder shall take care of all statutory requirements, rules and regulations etc. required during this work such as factory act, Indian electricity Act & rules, Labour act, workmen compensation Act etc.
5. The successful bidder shall submit action plan and bar chart well in advance for the approval before starting the work.
6. The successful bidder shall discuss with the BMC officers before starting the work to get the clarification with regards the nature / way of work to be carried out.
7. The successful bidder shall get necessary permit for his men and vehicle, if any, prior to commencement of work.
8. The successful bidder shall take clearance of BMC at every stage of work and then proceed.

9. The successful bidder shall take care of all safety measures for his work men and materials as the work to be carried out within live switchyard.
10. The successful bidder shall take permission from A.E. (Sub-Station)Pise before taking up daily job.
11. The successful tenderer shall take photographs before, during and after completion of the work and maintain the photographic records of all the items executed.
12. **The successful tenderer shall give undertaking from the manufacturer on Rs.100/-stamp paper to supply the spares for the new transformer for the next 10 years from the date of supply / commissioning or completion of the work.**
13. The successful bidder shall clear the site in all respects after completion of the work.
14. The successful bidder shall be held responsible for any damages of materials/equipments or to the Municipal property or if any accident occurs.
15. BMC will not be responsible for such type of incident. The same shall be rectified by the bidder at his own cost.
16. The successful bidder shall clear the site in all respects after completion of the work.
17. The successful tenderer shall take photographs before, during and after completion of the work and maintain the photographic records of all the items executed.
18. The Tenderer shall upload the copy of registration certificates under E.P.F.M.P. Act 1952 and under E.S.I.C. Act. 1948. If the tenderer is having less than 20 workers/ Persons on their establishment then the tenderer should submit affidavit on Rs.100/- stamp paper to that effect.
19. The tenderer shall have to upload AFFIDAVIT FOR BEST PRICE on Rs.500 stamp paper alongwith tender documents.
20. **The successful tenderer shall give undertaking cum Indemnity bond on Rs. 500/- stamp paper to communicate if its Firm comes under any penal action such as Demotion, Suspension, Blacklisting, De- registration etc. by any Government, Semi Government and Government Under-takings etc.**
21. Deviations from specifications, if any, shall be clearly brought out by the bidderbefore / while submitting the offer. No subsequent claim, what-so- ever, will be entertained later under any circumstances.

22. Any work and material which is not mentioned in the scope of work and required for satisfactory completion of this work is to be carried out by the contractor at no extra cost to BMC.

Technical Specifications for NGR

Sr. No.	Neutral grounding Resistor	
1	Resistance	1.3 ohm
2	Current	1600A
3	Voltage	3.3 KV
4	Temp Rise	375°C above 50°C ambient
5	Application	Neutral Grounding

Latest Fire Protection System:

The tenderer shall supply latest fire protection system as per relevant IS

Supply, Installation, Testing & commissioning of latest fire protection system is in scope of tenderer. The tenderer shall submit specifications, drawing of the fire protection system as per the relevant IS & get approval from BMC Engineer before issuing purchase order to the manufacturer. The tenderer shall give maintenance guarantee up to DLP period (3 years) in prescribed format on Rs 100 stamp paper.

Specifications of Busbar

- Make: Reputed Make
- Size: 2.5 Inch IPS
- Outer diameter: 73.03 mm ± 0.6 mm
- Thickness: 5.6 mm ± 1.12 mm
- Continuous current rating: 2000Amps.
- Short time current rating: 30kA for 1 sec.

BRIHANMUMBAI MUNICIPAL CORPORATION

Subject: Replacement of 7.5 MVA Damaged Transformer by New 10 MVA Transformer with Allied Electrical work at 100 KV Substation, Pise.

DATA SHEET FOR 10 MVA TRANSFORMER			
Sr.No.	Particulars	BMC Requirement	Offered by Tenderer
1	Capacity	10MVA / Outdoor type	
2	Type	Core	
3	Type of Cooling	ONAN	
4	Reference standards	IS:2026	
5	Rated Voltage	100KV/3.6KV	
6	Vector group	DYN11	
7	Method of connection	Delta Star	
8	HV Current	52.5Ato67.9A (from 1 to 21 Tap)	
9	LV Current	1603.8Amps	
10	Tap changer (Reputed make)	On load tap changer with 21 Taps	
11	Voltage variation of tap changer	85 KV to110KV (-15%to +10%)	
12	HV terminal	All main winding and neutral leads for 100/3.6 KV Power transformers shall be brought out through outdoor type bushings. The electrical characteristics of bushing shall be in accordance with IS-3347 and IS-2099. The bushing shall be rated for highest voltage and current rating of the respective windings and also shall be suitable for heavily polluted atmosphere.	
13	LV terminals	Cable box shall be with disconnecting chamber and terminal shall be suitable for cable.	
14	RTCC Panels	Tap Position Indicator, Auto/Manual Switch, Low/Raise switch, Automatic Voltage regulator Relay, Digital Voltmeter	
15	Make	CG Power, Siemens, Bharat Bijlee, BHEL, Kirloskar Electric, Alstom, ABB

Specifications for Current Transformer

1. Current transformer shall be hermetically sealed to prevent climatic breathing and entering of air and moisture. For compensation of variation in volume of oil due to temperature variation, stainless steel bellows shall be mandatorily provided on CTs.
2. Secondary core shall be housed in metallic housing (Rigid Shell) to ensure uniform electric field distribution & to protect the secondary core from high voltage surges.
3. The design & construction of current transformer shall be Internal Arc Proof to increase the safety and to protect nearby equipments from getting damaged. Pressure relief device i.e. suitably designed stainless steel bellows shall be used which will act as oil volume compensating device during normal service and will act as a pressure releasing device during an internal fault. In case of an internal arc fault in CT, the porcelain insulator & other metal parts like tank, base & hardware should not get shattered or disengage (i.e. CT should be free in standing condition).
4. The design & construction of current transformer shall be sufficient to withstand the thermal and mechanical stresses resulting from the specified short time current & its duration. The offered current transformer shall not exceed the Short Circuit Ampere Turn (SCAT) value as validated by short circuit type test on current transformer.
5. Oil impregnated paper shall be used for insulation. No substandard quality of paper/material shall be used for the insulation of current transformer.
6. Current transformer shall be provided with suitable test tap for measurement of Capacitance and Tan delta. Provision shall be made for solid and secured earthing of test tap connection, when not in use.
7. Secondary leads shall be brought out in secondary box which should be independent from base. Separate undrilled removable gland plate shall be provided on bottom of secondary box for external cable termination arrangement on site.
8. Manufacturer should have in-house NABL accredited laboratory to conduct routine tests as per latest standards of IS 16227 & IEC 61869 (Part 1 & 2).

Other Details

1. Earthing terminals: Earthing terminals shall be provided on eachsides of the tank for connecting 65 mm x 10 mm M.S. strip.

2. Oil level indicator: Shall be provided.
3. Filling and drain plugs: Shall be provided.
4. Facility for lifting bushing and tank: Shall be provided.
5. Insulating oil: Shall be provided in proper quantity.

Scope of Work for Current Transformer

1. Successful tenderer shall supply Current Transformers as per IS 16227 (Part 1 & 2) & IEC 61869 (Part 1 & 2).
2. Successful tenderer shall furnish the technical details and drawings of the CTs to be supplied for approval of BMC Engineers before supply.
3. Successful tenderer shall note that timely delivery of the material as per requirement will form the essence of the contract.
4. **Inspection: The successful tenderer shall offer the Current Transformers for inspection by three BMC Engineers at manufacturers works and shall give all the routine test as per relevant I.S. The necessary expenses toward to &fro journey & lodging & boarding of 3 BMC Engineers shall be borne by BMC.**
5. Authorized representative must submit his authorization documents along with the tender.
6. Base plate/ platform supplied by the contractor shall be properly galvanized. All type of terminal connectors (Bus Bar Clamps) suitable for new CTs shall also be supplied by the successful tenderer. All hardware shall be of stainless steel (SS-304 type).
7. Successful tenderer shall carry out the work of Installation, testing & commissioning of CTs in presence of BMC Engineers.
8. Work of Installation, Testing and commissioning at site:-
 - a) Existing Current Transformers shall be carefully dismantled from

supporting structure without causing damage to Current Transformer or bushing.

- b) Suitable lifting arrangement shall be provided at site by successful Tenderer.
- c) The new Current Transformers to be installed shall be suitably tested at site as per manufacturer's recommendations before installation. The necessary testing equipments, meters etc. shall be arranged at site by the contractors.
- d) Before installation all the material shall be got approved from BMC Engineers.
- e) Necessary instructions given in manufacturers instructions manual for shipment, unloading, mounting etc. should be followed.
- f) Primary termination should be done with a terminal connector (Bus bar clamp) suitable for the Current Transformer terminal and existing Bus bar.
- g) Necessary pre-commissioning tests shall be carried out on Current Transformer after erection and before taking into service, as per instructions given in manufacturer's manual. The necessary testing equipments, meters etc. shall be arranged at site by the contractors.
- h) For unpacking, handling and mounting of Current Transformer cotton or nylon slings only to be used or as instructed in the manual.
- i) Secondary connection shall be made in consultation with BMC Engineers.
- j) Any material or work not mentioned herein but necessary for successful completion of the work shall be supplied or carried out by the contractor at no extra cost to BMC.

9. The successful tenderer shall provide maintenance guarantee at least for 3 years after successful completion of work in prescribed format on Rs.100/- stamp paper.

TECHNICAL SPECIFICATION OF 3 CORE 3.3 KV 400 SQ MM ALUMINIUM CABLE

- (1) **Supply of 3C, 3.3 KV, 400 sq.mm. Aluminium conductor, UE grade, G.I.Armoured XLPE cable**
- a) 3C, 3.3 KV, 400 sq.mm. Aluminium conductor, UE grade, G.I. armoured XLPE cable shall be used for connecting Transformer secondary to 3.3 kV circuit breaker at Pumping Station
 - b) Cable shall be capable of withstand satisfactorily without damage during the transportation to site, installation at site and operation under normal and short circuit conditions of the various system to which the respective cables are connected and when operated under the climatic conditions prevailing at the site as indicated in these specifications.
 - c) Cables shall be capable of giving satisfactory performance when laid in trays, trenches, conduit and ducts and when directly buried in the ground.
 - d) Cable shall be capable of operating satisfactorily under a power supply system voltage variation of $\pm 10\%$ and frequency variation of $\pm 2\%$.
 - e) Cable shall have heat and moisture resistance properties.
 - f) Cable shall be of reputed make.
 - g) Cable shall be laid in following conditions :-
 - i. In air - Ambient temperature of 40°C
 - ii. In ground – Ground temperature of 30°C
 - iii. In conduits – Space factor not more than 60°C .
 - iv. Depth of laying in ground – 900mm
 - h) The maximum conductor temperature for operation under normal rated current carrying conditions and under short circuit condition shall be as per relevant IS.
 - i) Cable shall be XLPE insulated and shall confirm to relevant IS specifications.
 - j) The contractor should verify the length of 3.3 KV cable required before procuring the cable. No joint shall be permitted.
 - k) The tenderer must visit Pise substation for exact measurement of cable before participating in the tender. Any discrepancy in length of cable, the tenderer has to supply it to BMC at no extra cost.
 - l) **Inspection: The successful tenderer shall offer for inspection & testing of cable as per relevant IS by three BMC Engineers at manufacturers works and shall give all the routine test as per relevant I.S. The necessary expenses toward to**

&fro journey & lodging & boarding of 3 BMC Engineers shall be borne by BMC.

(2) Laying of cable in the existing cable trays and trenches and underground trenches

3 C, 3.3 KV, 400 sq.mm., Al. conductor, UE grade, GI armour, XLPE cable shall have to lay from Transformer secondary to 3.3 kV circuit breaker at Pumping through existing cable tray, trenches and concrete pipes. Identification tag shall be provided on each end cable with non corrosive wire. IS codes shall be followed for bends and turns in cables while laying cable to avoid knicks & sharp bends.

(3) Termination :-

The termination of 3C, 3.3 KV, 400 sq.mm. Al. conductor, UE grade XLPE cable shall have to carry out at both ends i.e. Transformer secondary box & 3.3 kV Circuit Breaker at Pumping Station. (Six termination at secondary box , six terminations at 3.3 kV breaker & two termination for transformer neutral to NGR. Total 14 terminations) The termination gland shall be of double compression type of the coated brass. The highly trained person shall carry out the termination in the approved manner preferably as per the existing arrangement. If any civil work is required in the existing civil structure for cable entry, it shall be carried out by the contractor. The lug shall be of suitable rating & proper crimped and hard wares shall be of chromium plates steel of suitable grade.

(4) Testing & commissioning of power cable :-

Before laying of cable following test shall have carry out on the cable.

- i) Continuity of conductor.
- ii) Insulation resistance between conductor & earth.
- iii) Insulation resistance between conductors.

After completion of laying & termination work following pre commissioning test shall have carry out

- i) HV test
- ii) Absence of cross phasing.
- iii) Firmness of termination.
- iv) Continuity test of conductor.
- v) Insulation resistance between conductor & earth.

vi) Insulation resistance between conductors.

- Any other work / activity / supply of material, not mentioned above but necessary for successful completion of the complete work is in scope of work of the tenderer.

Control Cables

The successful tenderer has to supply 2.5 Sq. mm. Copper armour cables of reputed make.

1. 5 core cable 1200 mtr (approx)
 2. 10 core cable 250 mtr (approx)
 3. 14 core cable 400 mtr (approx)
- m) The tenderer must visit Pise substation to take exact measurement of control cables before participating in the tender. Any discrepancy in length of cable, the tenderer has to supply it to BMC at no extra cost.

Scope of work

Laying of control cables through available trenches without damage to other cables is the responsibility of the tenderer. Copper lugs has to be used for connection of control cables with ferrule number as per relevant IS for identification of cable core. Cable identification tag printed / embossed with cable no. at both ends must be provided.

Control cable connections

- From Power Transformer to Substation Relay / control panel.
- From Power Transformer to RTCC panel at Pumping Station.
- From Control / Relay panel to SF6 Circuit Breaker.
- From Control / Relay panel to 3.3 kV Circuit breaker at Pumping Station.
- From Control / Relay panel to control panel at Pumping Station.
- From Transformer CT to Control / Relay panel.
- From Transformer CT to Zone protection marshalling box,
- From control panel to Isolator
- From 110 V battery Charger to Relay Panel.

Any other connection / work not mentioned above but necessary for successful completion of work is in the scope of the tenderer.

SUPPLY OF TRANSFORMER OIL

- The successful tenderer shall supply transformer oil 10 drums each drum containing 209 ltr. i.e total 2090 ltr as per IS 335 latest
- The tenderer must submit factory test certificate with supply of oil
- The tenderer shall supply reputed make transformer oil as per IS 335 latest.

Technical Specifications for Lightning Arrestor

Sr. No.	Description	BMC Requirement
1.	Make	CGL/Oblum/ /Elpro
2.	Highest System Voltage	123 KV rms
3.	System BIL	550 KV peak
4.	Arrester rated voltage	96 KV rms
5.	Max continuous operating voltage	81 KV rms
6.	High current impulse withstand 4/10 MS	100 KAP
7.	Reference Current	5 mA
8.	Leakage Current at COV	
a)	Resistive	0.4 mA
b)	Capacitive	1.5 mA
9.	Max Residual Voltage at lightning impulse at 8/20 Vs	
a)	at 5 KAP	265 KVP
b)	at 10 KAP	272 KVP
c)	at 20 KAP	300 KVP
10.	Max residual voltage at switching impulse (30/60 μ s) at 1000A peak.	240 KVP
11.	Max residual voltage at sleep front impulse (1/20 us) at 10 KA peak	310 KVP
12.	Temporary over voltage capacity at	
a)	0.1 sec	150 KVP
b)	1.0 sec	142 KVP
c)	10.0 sec	136 KVP
d)	100.0 sec	129 KVP
13.	Insulation level of arrester housing	
a)	Lighting impulse withstand voltage dry	550 KVP
b)	AC withstand voltage	230 KV rms
14.	Minimum creepage distance	3075 mm
15.	Approx. total height (without IB)	Not more than 1500 mm
16.	Approx. weight	85 Kgs.

Scope of Work & Special Instructions

1. Tenderer shall go through the specifications properly, get cleared all the doubts and queries with BMC Engineers before submitting the tender.
2. The Contractor shall supply Lightning Arrestors as per IS.
3. The Contractor shall furnish the technical details and drawings of the Lightning Arrestors to be supplied for approval of BMC Engineers before supply.
4. The Contractor shall note that timely delivery of the material as per requirement will form the essence of the contract.

DATA SHEET FOR LIGHTNING ARRESTOR

Note: Tenderer shall take print out of this Data Sheet, fill in, sign manually, scan and **upload with packet A/B**

TECHNICAL SPECIFICATIONS OF SF6 C.B. TO BE TESTED

Sr. No. 9666C

1.	Rated Voltage	145 KV
2.	Type	120-SFM-32 Amp.
3.	Rated line charging current	50 Amps
4.	Rated lightening impulse withstand voltage	650 kvp
5.	Rated operating pressure	15 Kg/cm ²
6.	First pole to clear factor	1.5
7.	Rated duration of short circuit current	31.5 kA for 3 seconds
8.	Gas weight	9 Kg
9.	Standard IEC	56
10.	Rated frequency	50 Hz
11.	Rated normal current	3150 Amp
12.	Rated closing voltage	110V DC
13.	Rated opening voltage	110V DC
14.	Rated gas pressure	6.5 kg/cm ² (at 20°C)
15.	Rated voltage & frequency for auxiliary circuit	415V AC, 50 Hz
16.	Total weight with gas	2000 Kg
17.	Compressor air supply unit type	234 x 3 M-Y10590
18.	Rated operating sequence	0-0.35-CO-03 min-CO
19.	Year of manufacture	1997

Testing of SF6 Circuit Breaker

1. The breaker shall be tested for all necessary checks-covering stroke, wipe, over travel measurement, electrical sequence, pressure switch calibration and operational timing measurement etc.
2. Measurement of insulation resistance between incoming and outgoing terminals with breaker in open position.
3. Measurement of insulation resistance between lower terminal flange and ground and between control and ground.
4. Detailed testing checklist and measurement report shall be submitted in triplicate after satisfactory completion of the job.
5. Performing operating test, measuring closing & opening time.

H. Other activities

Any other activity not covered above but necessary to be carried out for testing of circuit breaker as per manufacturer's instruction manual at no extra cost to BMC shall also be carried out by contractor

SECTION 11
FRAUD
AND
CORRUPT
PRACTICES

FRAUD AND CORRUPT PRACTICES

□ The Applicants and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process.

□ Without prejudice to the rights of the Authority under relevant Clause hereinabove, if an Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice during the Bidding Process, such Applicant shall not be eligible to participate in any tender or RFQ issued by the Authority during a period of 2 (two) years from the date such Applicant is found by the Authority to have directly or indirectly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.

□ For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

A. “corrupt practice” means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of any person connected with the Bidding Process (for avoidance of doubt, offering of employment to, or employing, or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly, with the Bidding Process or the LOA or has dealt with matters concerning the Concession Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Bidding Process); or save and except as permitted under the relevant sub clause, engaging in any manner whatsoever, whether during the Bidding Process or after the issue of the LOA or after the execution of the Concession Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the Concession Agreement, who at any time has been or is a legal, financial or technical adviser of the Authority in relation to any matter concerning the Project;

B. “fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process;

C. “coercive practice” means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any persons participation or action in the Bidding Process;

D. “undesirable practice” means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and

E. “Restrictive practice” means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

F. If the Employer/Financier determines that the Contractor has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Employer may, after giving 14 days’ notice to the Contractor, terminate the Contractor’s employment under the Contract and expel him from the Site, and the provisions of relevant Clause shall apply as if such expulsion had been made.

G. Should any employee of the Contractor be determined to have engaged in corrupt, fraudulent, collusive, coercive, or obstructive practice during the execution of the Works, then that employee shall be removed in accordance with relevant Clause.

For the purposes of this Sub-Clause:

i. “corrupt practice” is the offering, giving, receiving to soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

ii. “another party” refers to a public official acting in relation to the procurement process or contract execution. In this context, “public official” includes Financier staff and employees of other organizations taking or reviewing procurement decisions.

iii. “fraudulent practice” is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

iv. “collusive practice” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

v. “coercive practice” is impairing or harming, or threatening to impair or harm,

directly or indirectly, any party or the property of the party to influence improperly the actions of a party;

vi. “obstructive practice” is deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede the Financier investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation;

or acts intended to materially impede the exercise of the Financer’s inspection and audit rights provided.

vii. acts intended to materially impede the exercise of the Financer’s inspection and audit rights provided

viii. “party” refers to a public official; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.

ix. ”parties” refers to participants in the procurement process (including public officials) attempting to establish bid prices at artificial, noncompetitive levels.

x. a “party” refers to a participant in the procurement process or contract execution.

SECTION 12
PRE BID MEETING

PREBID MEETING

Pre-bid meeting of the interested parties shall be convened at the designated date, time and place. A maximum of three representatives of each Applicant shall be allowed to participate on production of authority letter from the Applicant.

During the course of Pre-bid meeting, the Applicants will be free to seek clarifications and make suggestions for consideration of the Authority. The Authority shall Endeavour to provide clarifications and such further information as it may, in its sole discretion, consider appropriate for facilitating a fair, transparent and competitive Bidding Process.

SECTION 13

List of Approved Banks

List of approved banks

- The following banks with their Branches in Brihanmumbai from Churchgate to Virar & from CST to Kalyan have been approved only for the purpose of accepting Banker's guarantee from 1994-95 onwards until further instructions.
- The Banker's guarantee issued by branches of approved Banks beyond Kalyan and Virar can be accepted only if the said Banker's Guarantee is countersigned by the Manager of a Branch of the same bank within the Mumbai city limits, categorically endorsing thereon that the said Banker's Guarantee is binding on the endorsing Branch of the Bank within Mumbai limits and is liable to be enforced against the said Branch of the Bank in case of default by the bidder / supplier furnishing the Banker's Guarantee.

SECTION -14
APPENDIX

FORM OF TENDER

To,

The Municipal Commissioner for Brihanmumbai

Sir,

I/ We have read and examined the following documents relating to,

- i. Notice inviting tender.
- ii. Directions to tenderers (General and special)
- iii. General condition of contract for Civil Works of the Brihanmumbai Municipal Corporation as amended up to date.
- iv. Relevant drawings
- v. Specifications.
- vi. Special directions
- vii. Annexure A and B.
- viii. Bill of Quantities and Rates.

1A. I/We _____

(full name in capital letters, starting with surname), the Proprietor/ Managing Partner/ Managing Director/ Holder of the Business, for the establishment / firm / registered company, named herein below, do hereby offer to

.....
.....
.....
.....
.....

Referred to in the specifications and schedule to the accompanying form of contract of the rates entered in the schedule of rates sent herewith and signed by me/ us” (strike out the portions which are not applicable).

1B. I/We do hereby state and declare that I/We, whose names are given herein below in details with the addresses, have not filled in this tender under any other name or under the name of any other establishment /firm or otherwise, nor are we in any way related or concerned with the establishment /firm or any other person, who have filled in the tender for the aforesaid work.”

2. I/We hereby tender for the execution of the works referred to in the aforesaid documents, upon the terms and conditions, contained or referred to therein and in accordance with the specifications designs, drawings and other relevant details in all respects.

* At the rates entered in the aforesaid Bill of Quantities and Rates.

3. According to your requirements for payment of Earnest Money amounting to Rs. _____ /-
(Rs. _____)

I/We have deposited the amount through online payment gateways with the C.E. of the Corporation not to bear interest

4. I/We hereby request you not to enter into a contract with any other person/s for the execution of the works until notice of non/acceptance of this tender has first been communicated to me/us, and in consideration of yours agreeing to refrain from so doing I/we agree not to withdraw the offer constituted by this tender be-fore the date of communication to me/us of such notice of non/acceptance, which date shall be not later than ten days from the date of the decision of the Standing Committee or Education Committee of the Corporation, as maybe required under the Brihanmumbai Municipal Corporation Act, not to accept this tender.(Subject to the condition 5 below).

5. I/We also agree to keep this tender open for acceptance for a period of 180 days from the date fixed for opening the same and not to make any modifications in its terms and conditions which are not acceptable to the Corporation.

6. I/We agree that the Corporation shall, without prejudice to any other right or remedy, be at liberty to forfeit the said earnest money absolutely, if.

a. I/We fail to keep the tender open as aforesaid.

b. I/We fail to execute the formal contract or make the contract deposit when called upon to do so.

c. I/we do not commence the work on or before the date specified by the En-gineer in his work order.

7. I/We hereby further agree to pay all the charges of whatsoever nature in connection with the preparation, stamping and execution of the said contract.

8. I/We further agree that, I/we shall register ourselves as ‘Employer’ with the Bom-bay Iron and Steel Labour Board’ and fulfill all the obligatory provisions of MaharashtraMathadi, Hamal and other Manual workers (Regulation of Employment and Welfare) Act 1969 and the Bombay Iron and Steel unprotected workers Scheme 1970.

9. "I/We..... have failed in the accompanying tender with full knowledge of liabilities and, therefore, we will not raise any objection or dispute in any manner relating to any action, including forfeiture of deposit and blacklisting, for giving any information, which is found to be incorrect and against the instructions and directions given in this tender.

10. "I/We further agree and undertake that in the event it is revealed subsequently after the allotment of work/contract to me/us, that any information given by me/us in this tender is false or incorrect, I/We shall compensate the Brihanmumbai Municipal Corporation for any such losses or inconvenience caused to the Corporation in any manner and will not resist any claim for such compensation on any ground whatsoever. I/we agree and undertake that I/we shall not claim in such case any amount by way of damages or compensation for cancellation of the contract given to me/us or any work assigned to me/us or is withdrawn by the Corporation,"

Address Yours faithfully,

~~Percentage to be charged as supervision charges for the work got executed through other means
.....percent.~~

~~The "Actual cost of the work" shall mean in the case of percentage rate contracts the actual cost of
the work executed at the rates as mentioned in the Contract Schedule adjusted by the Contractor's~~

~~percentage rate and cost of extra and excess, but excluding the cost on account of Water Charges and Sewerage Charges if any, payable by the contractor and also excluding cost on account of price variation claims as provided in price variation clause as amended up to date.~~

~~In case of item rate contracts the actual cost calculated for the work executed at the rates mentioned in the contract schedule for different items including cost of excess and extra items of the work excluding the cost of water charges and sewerage charges if any, payable by the contractor and excluding cost on account of price variation claims as provided in extra excess conditions as amended up to date.~~

~~In case of lump sum contract the cost of the work actually carried out as per break up and programme of the work and the schedule of payment included in the contract including cost of any excess and/or extra items, of the work, excluding the cost on account of water charges and sewerage charges and also excluding cost on account of price variation claims as provided in extra excess conditions as amended up to date.~~

Annexure- B

PRE-CONTRACT INTEGRITY PACT

The Bidder commits himself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of his bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commits himself to the following:-

1. The Bidder will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BMC, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the Contract.
2. The Bidder further undertakes that he has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the BMC or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the Contract or any other Contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the Contract or any other Contract with the Government.
3. The Bidder will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
4. The Bidder will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
5. The Bidder, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the BMC or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.
6. The Bidder shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the BMC as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The Bidder also undertakes to exercise due and adequate care lest any such information is divulged.
7. The Bidder commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.

8. The Bidder shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

9. The Bidder and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Bidding Process. Notwithstanding anything to the contrary contained herein, the Authority may reject an Application without being liable in any manner whatsoever to the Applicant if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice in the Bidding Process

For the purposes of this Clause 9, the following terms shall have the meaning herein after respectively assigned to them:

“fraudulent practice” means a misrepresentation or omission of facts or suppression of facts or disclosure of incomplete facts, in order to influence the Bidding Process;

“coercive practice” means impairing or harming or threatening to impair or harm, directly or indirectly, any person or property to influence any persons participation or action in the Bidding Process;

“undesirable practice” means (i) establishing contact with any person connected with or employed or engaged by the Authority with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Bidding Process; or (ii) having a Conflict of Interest; and “restrictive practice” means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of restricting or manipulating a full and fair competition in the Bidding Process.

(On Rs. 500/- Stamp Paper)

DECLARATION CUM INDEMNITY BOND

I, _____ of _____, do hereby declared and undertake
as under.

1. I declare that I have submitted certificates as required to Executive engineer

(Monitoring) at the time of registration of my firm/company _____ and there is no change in the contents of the certificates that are submitted at the time of registration.

2. I declare that I _____ in capacity as Manager/Director/Partners/Proprietors of _____ has not been charged with any prohibitory and /or penal action such as banning(for specific time or permanent)/de-registration or any other action under the law by any Government and/or Semi Government and/or Government undertaking.

3. I declare that I have perused and examined the tender document including addendum, condition of contract, specifications, drawings, bill of quantity etc. forming part of tender and accordingly, I submit my offer to execute the work as per tender documents at the rates quoted by me in capacity as _____ of _____.

4. I further declare that if I am allotted the work and I failed to carry out the allotted work in accordance with the terms and conditions and within the time prescribed and specified, BMC is entitled to carry out the work allotted to me by any other means at my risk and cost, at any stage of the contract.

5. I also declare that I will not claim any charge/damages/compensation for non availability of site for the contract work at any time.

6. I declare that I will positively make the arrangements of the required equipment on the day of commencement or with respect to the progress of the work in phases, as per the instructions of site in charge

Undertaking for best price

(On Rs. 500/- stamp paper duly notarized by notary with red seal and registration number)

Tender / Bid No. _____

To,

The Municipal Commissioner
For the Brihanmumbai Municipal Corporation

Sir,

“I / We(Full Name in capital letters starting with surname), the Proprietor / Managing Partner / Managing Director / Holder of the Business / Manufacturer / Authorized Dealer, for the establishment / firm / registered company , named herein below , do hereby , state and declare that I/We ----- whose names are given herein below in details with the addresses have not filled in this tender under any other name or under the name of any other establishment / firm or otherwise , nor are We in any way related or concerned with any establishment / firm or any other person , who have filled in the tender for the aforesaid work.”

“I / We do hereby further undertake that, we have offered the best prices for the subject supply / work as per the present market rates. **Further, we do here by undertake and commit that we have not offered / supplied the subject product / similar product / system or sub system in the past one year in the Maharashtra State for quantity variation up to - 50% or + 10 % at a price lower than that offered in the present bid to any other outside agencies including Govt. / Semi Govt. agencies and within the BMC also.** Further, we have filled in the accompanying tender with full knowledge of the above liabilities and therefore we will not raise any objection or dispute in any manner relating to any action, including forfeiture of deposit and blacklisting, for giving any information which is found to be incorrect and against the instructions and directions given in this behalf in this tender.

I / We further agree and undertake that in the event it is revealed subsequently after the allotment of work / contract to me / us , that any information given by me / us in this tender is false or incorrect , I / We shall compensate the Brihanmumbai Municipal Corporation for any such losses or inconvenience caused to the Corporation in any manner and will not resist any claim for such compensation on any ground whatsoever , I / We agree and undertake that I / We shall not claim in

such case any amount , by way of damages or compensation for cancellation of the contract given to me / us or any work assigned to me / us or is withdrawn by the Corporation.”

However, in case of price difference, if it is a result of differential tax structures, different dollar value of Rupee, differential logistic of transport etc. Considering this aspect, before invoking the penalty, black-listing, I/We will be given a reasonable opportunity of being heard by representing our case as to why such price variation / differential has been arisen.

In case if the explanation submitted by me / us is unsatisfactory then action including forfeiture of despite and black-listing may be taken against me/us.

ANNEXURE

GRIEVANCE REDRESSAL MECHANISM

(To be submitted with Technical Packet-B)

BMC has formed a Grievance Redressal Mechanism for redressal of bidder's grievances. Any Bidder or prospective Bidder aggrieved by any decision, action or omission of the procuring entity being contrary to the provisions of the tender or any rules or guidelines issued therein, in Packet 'A', 'B' & 'C' can make an application for review of decision of responsiveness in Packet 'A', 'B' & 'C' within a period of 7 days or any such other period, as may be specified in the Bid document.

While making such an application to procuring entity for review, aggrieved bidders or prospective bidders shall clearly specify the ground or grounds in respect of which he feels aggrieved.

Provided that after declaration of a bidder as a successful in Packet 'A' (General Requirements), an application for review may be filed only by a bidder who has participated in procurement proceedings and after declaration of successful bidder in Packet 'B' (Technical Bid), an application for review may be filed only by successful bidders of Packet 'A'. Provided further that, an application for review of the financial bid can be submitted, by the bidder whose technical bid is found to be acceptable/ responsive.

Upon receipt of such application for review, BMC may decide whether the bid process is required to be suspended pending disposal of such review. The BMC after examining the application and the documents available to him, give such reliefs, as may be considered appropriate and communicate its decision to the Applicant and if required to other bidders or prospective bidders, as the case may be.

BMC shall deal and dispose off such application as expeditiously as possible and in any case within 10 days from the date of receipt of such application or such other period as may be specified in pre-qualification document, bidder registration document or bid documents, as the case may be.

Where BMC fails to dispose off the application within the specified period or if the bidder or prospective bidder feels aggrieved by the decision of the procuring entity, such bidder or prospective bidder may file an application for redressal before the "Internal Procurement Redressal Committee" within 7 days of the expiry of the allowed time or of the date of receipt of the decision, as the case may be. Every such application for internal redressal before Redressal Committee shall be accompanied by fee of Rs.25,000/- and fee shall be paid in the form of D.D. in favour of BMC.

1st Appeal by the bidder against the decision of C.E./ HOD/ Dean can be made to concerned DMC/ Director who should decide appeal in 7 days.

If not satisfied, 2nd Appeal by the bidder can be made to concerned A.M.C. for decision.

Grievance Redressal Committee (GRC) is headed by concerned D.M.C/ Director of particular department for the first appeal/ grievances by the bidder against the decision for responsiveness / non- responsiveness in Packet 'A', Packet 'B' or Packet 'C' and if not satisfied. concerned A.M.C. will take decision as per second appeal made by the bidder.

This Grievance Redressal Committee (GRC) will be operated through DMC (CPD) office where appeals of aggrieved bidder will be received with fee of Rs. 25,000/- from aggrieved bidder. The necessary correspondence in respect of said applications to the aggrieved bidder & concerned department, issuing notices, arranging of Grievance Redressal Committee (GRC) with D.M.C. and further proceeding will be carried out through registrar appointed by BMC.

No application shall be maintainable before the redressal Committee in regard of any decision of the BMC relating to following issues:

Determination of need of procurement

The decision of whether or not to enter into negotiations.

Cancellation of a procurement process for certain reasons.

On receipt of recommendation of the Committee, It will be communicate his decision thereon to the Applicant within 10 days or such further time not exceeding 20 days, as may be considered necessary from the date of receipt of the recommendation and in case of non-acceptance of any recommendation, the reason of such non-acceptance shall also be mentioned in such communication.

Additional Municipal Commissioner and/or Grievance Redressal Committee, if found, come to the conclusion that any such complaint or review is of vexatious, frivolous or malicious nature and submitted with the intention of delaying or defeating any procurement or causing loss to the procuring entity or any other bidder, then such complainant shall be punished with fine, which may extend to Five Lac rupees or two percent of the value of the procurement, whichever is higher.

Full Signature of the tenderer
with Official Seal and Address.
